

# Emergency Communications are Critical to the Safety of Your School

**51% of 911 calls** take place on a cell phone inside a building<sup>1</sup>

**65% of emergency responders** have experienced a communication failure inside a building<sup>2</sup>

Saving 1 minute in emergency responses would **save 10,000 lives** per year<sup>3</sup>

**Mass notification via text** is a critical emergency communications tool

## Everyone expects to be connected, everyone needs to feel safe.

A safe schools allows for:

- Anyone, with any carrier, to dial 911 from their cell phone
- First responder communications
- Mass notification texts to be received in a timely manner

## Graybar Services Make It Easy
