APPENDIX A

VENDOR CONTRACT AND SIGNATURE FORM

This Vendor Contract and Signature Form (“Contract”) is made as of _____, by and between _____ Krueger International, Inc. _____ and Region 4 Education Service Center (“Region 4 ESC”) for the purchase of Furniture and Installation _____ (“the products and services”).

RECITALS

WHEREAS, both parties agree and understand that the following pages will constitute the contract between the successful vendor(s) and Region 4 ESC, having its principal place of business at 7145 West Tidwell Road, Houston, TX 77092.

WHEREAS, Vendor agrees to include, in writing, any required exceptions or deviations from these terms, conditions, and specifications; and it is further understood that, if agreed to by Region 4 ESC, said exceptions or deviations will be incorporated into the final contract “Vendor Contract.”

WHEREAS, this contract consists of the provisions set forth below, including provisions of all attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any attachment, the provisions set forth below shall control.

WHEREAS, the Vendor Contract will provide that any state, county, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution (including community colleges, colleges and universities, both public and private), other government agencies or non-profit organization may purchase products and services at prices indicated in the Vendor Contract upon registering and becoming a member with TCPN; and it being further understood that Region 4 ESC shall act as the Lead Public Agency with respect to all such purchase agreements.

WHEREAS, TCPN has the administrative and legal capacity to administer purchases on behalf of Region 4 ESC under the Vendor Contract with participating public agencies and entities, as permitted by applicable law.

ARTICLE 1- GENERAL TERMS AND CONDITIONS

- 1.1 TCPN shall be afforded all of the rights, privileges and indemnifications afforded to Region 4 ESC under the Vendor Contract, and such rights, privileges and indemnifications shall accrue and apply with equal effect to TCPN, including, without limitation, Vendors obligation to provide insurance and other indemnifications to Lead Public Agency.
- 1.2 Awarded vendor shall perform all duties, responsibilities and obligations, set forth in this agreement, and required under the Vendor Contract.
- 1.3 TCPN shall perform its duties, responsibilities and obligations as administrator of purchases, set forth in this agreement, and required under the Vendor Contract.

1.4 **Purchasing procedure:**

- Purchase orders are issued by participating governmental agencies to the awarded vendor indicating on the PO “**Per TCPN Contract # R_____.**”
- Vendor delivers goods/services directly to the participating agency.
- Awarded vendor invoices the participating agency directly.
- Awarded vendor receives payment directly from the participating agency.
- Awarded vendor reports sales monthly to TCPN.

1.5 **Customer Support:** The vendor shall provide timely and accurate technical advice and sales support to Region 4 ESC staff, TCPN staff and participating agencies. The vendor shall respond to such requests within one (1) working day after receipt of the request.

ARTICLE 2- ANTICIPATED TERM OF AGREEMENT

2.1 Unless otherwise stated, all contracts are for a period of three (3) years with an option to renew annually for an additional two (2) years if agreed to by Region 4 ESC. Region 4 ESC will notify the vendor in writing if the contract is extended. Awarded vendor shall honor all administrative fees for any sales made based on the contract whether renewed or not.

2.2 Region 4 ESC shall review the contract prior to the renewal date and notify the current awarded vendor, no less than ninety (90) days of Region 4 ESC’s intent renew the contract. Upon receipt of notice, awarded vendor must notify Region 4 ESC if it elects not to renew. Awarded vendor shall honor the administrative fee for any sales incurred throughout the life of the contract on any sales made based on a Region 4 ESC contract whether awarded a renewal or not. Region 4 ESC reserves the right to exercise each two-year extension annually.

ARTICLE 3- REPRESENTATIONS AND COVENANTS

3.1. **Scope:** This contract is based on the need to provide the economic benefits of volume purchasing and reduction in administrative costs through cooperative purchasing to schools and other members. Although contractors may restrict sales to certain public units (for example, state agencies or local government units), any contract that prohibits sales from being made to public school districts may not be considered. Sales without restriction to any Members are preferred. These types of contracts are commonly referred to as being “piggybackable”.

3.2. **Compliance:** Cooperative Purchasing Agreements between TCPN and its Members have been established under state procurement law.

3.3. **Offeror’s Promise:** Offeror agrees all prices, terms, warranties, and benefits granted by Offeror to Members through this contract are comparable to or better than the equivalent terms offered by Offeror to any present customer meeting the same qualifications or requirements.

ARTICLE 4- FORMATION OF CONTRACT

4.1. **Offeror Contract Documents:** Region 4 ESC will review proposed offeror contract documents. Vendor’s contract document shall not become part of Region 4 ESC’s contract with vendor unless and until an authorized representative of Region 4 ESC reviews and approves it.

4.2. **Form of Contract:** The form of contract for this solicitation shall be the Request for Proposal, the awarded proposal(s) and best and final offer(s), and properly issued and reviewed purchase orders referencing the requirements of the Request for Proposals. If a firm submitting an offer requires Region 4 ESC and/or Member to sign an additional agreement, a copy of the proposed agreement must be included with the proposal.

- 4.3. **Entire Agreement (Parol evidence)**: The contract, as specified above, represents the final written expression of agreement. All agreements are contained herein and no other agreements or representations that materially alter it are acceptable.
- 4.4. **Assignment of Contract**: No assignment of contract may be made without the prior written approval of Region 4 ESC. Purchase orders and payment can only be made to awarded vendor unless otherwise approved by Region 4 ESC. Awarded vendor is required to notify Region 4 ESC when any material change in operations is made that may adversely affect members (i.e. bankruptcy, change of ownership, merger, etc.).
- 4.5. **Novation**: If contractor sells or transfers all assets or the entire portion of the assets used to perform this contract, a successor in interest must guarantee to perform all obligations under this contract. Region 4 ESC reserves the right to accept or reject any new party. A simple change of name agreement will not change the contractual obligations of contractor.
- 4.6. **Contract Alterations**: No alterations to the terms of this contract shall be valid or binding unless authorized and signed by a Region 4 ESC staff member.
- 4.7. **Order of Precedence**: In the event of a conflict in the provisions of the contract as accepted by Region 4 ESC, the following order of precedence shall prevail:
- Special terms and conditions
 - General terms and conditions
 - Specifications and scope of work
 - Attachments and exhibits
 - Documents referenced or included in the solicitation
- 4.8. **Supplemental Agreements**: The entity participating in the Region 4 ESC contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor. Neither Region 4 ESC, TCPN, its agents, members and employees shall be made party to any claim for breach of such agreement.
- 4.9. **Adding authorized distributors/dealers**: Awarded vendors are prohibited from authorizing additional distributors or dealers, other than those identified at the time of submitting their proposal, to sell under their contract award without notification and prior written approval from TCPN. Awarded vendors must notify TCPN each time it wishes to add an authorized distributor or dealer. Purchase orders and payment can only be made to awarded vendor unless otherwise approved by TCPN. Pricing provided to members by added distributors or dealers must also be less than or equal to the pricing offered by the awarded contract holder, unless otherwise approved by TCPN.

ARTICLE 5- TERMINATION OF CONTRACT

- 5.1. **Cancellation for Non-Performance or Contractor Deficiency**: Region 4 ESC may terminate any contract if Members have not used the contract, or if purchase volume is determined to be low volume in any 12-month period. Region 4 ESC reserves the right to cancel the whole or any part of this contract due to failure by contractor to carry out any obligation, term or condition of the contract. Region 4 ESC may issue a written deficiency notice to contractor for acting or failing to act in any of the following:
- i. Providing material that does not meet the specifications of the contract;
 - ii. Providing work and/or material that was not awarded under the contract;
 - iii. Failing to adequately perform the services set forth in the scope of work and specifications;
 - iv. Failing to complete required work or furnish required materials within a reasonable amount of time;

- v. Failing to make progress in performance of the contract and/or giving Region 4 ESC reason to believe that contractor will not or cannot perform the requirements of the contract; and/or
- vi. Performing work or providing services under the contract prior to receiving a Region 4 ESC reviewed purchase order for such work.

Upon receipt of a written deficiency notice, contractor shall have ten (10) days to provide a satisfactory response to Region 4 ESC. Failure to adequately address all issues of concern may result in contract cancellation. Upon cancellation under this paragraph, all goods, materials, work, documents, data and reports prepared by contractor under the contract shall become the property of the Member on demand.

5.2 **Termination for Cause:** If, for any reason, the Vendor fails to fulfill its obligation in a timely manner, or if the vendor violates any of the covenants, agreements, or stipulations of this contract Region 4 ESC reserves the right to terminate the contract immediately and pursue all other applicable remedies afforded by law. Such termination shall be effective by delivery of notice, to the vendor, specifying the effective date of termination. In such event, all documents, data, studies, surveys, drawings, maps, models and reports prepared by vendor for this solicitation may become the property of the participating agency or entity. If such event does occur then vendor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.

5.3 **Delivery/Service Failures:** Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the contract to be terminated. In the event that the participating agency or entity must purchase in an open market, contractor agrees to reimburse the participating agency or entity, within a reasonable time period, for all expenses incurred.

5.4 **Force Majeure:** If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

5.5 **Standard Cancellation:** Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order. Vendor may be requested to provide additional items not already on contract at any time.

ARTICLE 6- LICENSES

6.1 **Duty to keep current license:** Vendor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the

lawful provision of services under the contract. Region 4 ESC reserves the right to stop work and/or cancel the contract of any vendor whose license(s) expire, lapse, are suspended or terminated.

- 6.2 **Survival Clause**: All applicable software license agreements, warranties or service agreements that were entered into between Vendor and Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Order Fulfiler shall survive expiration or termination of the Contract.

ARTICLE 7- DELIVERY PROVISIONS

- 7.1 **Delivery**: Vendor shall deliver said materials purchased on this contract to the Member issuing a Purchase Order. Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period the vendor must receive authorization from the purchasing agency for the delayed delivery. At this point the participating entity may cancel the order if estimated shipping time is not acceptable.
- 7.2 **Inspection & Acceptance**: If defective or incorrect material is delivered, purchasing agency may make the determination to return the material to the vendor at no cost to the purchasing agency. The vendor agrees to pay all shipping costs for the return shipment. Vendor shall be responsible for arranging the return of the defective or incorrect material.

ARTICLE 8- BILLING AND REPORTING

- 8.1 **Payments**: The entity using the contract will make payments directly to the awarded vendor. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.
- 8.2 **Invoices**: The awarded vendor shall submit invoices to the participating entity clearly stating “*Per TCPN Contract*”. The shipment tracking number or pertinent information for verification shall be made available upon request.
- 8.3 **Tax Exempt Status**: Since this is a national contract, knowing the tax laws in each state is the sole responsibility of the vendor.
- 8.4 **Reporting**: The awarded vendor shall electronically provide TCPN with a detailed monthly report showing the dollar volume of all sales under the contract for the previous month. Reports shall be sent via e-mail to TCPN offices at reporting@tcpn.org. Reports are due on the **fifteenth (15th)** day after the close of the previous month. It is the responsibility of the awarded vendor to collect and compile all sales under the contract from participating Members and submit one (1) report. The report shall include at least the following information listed below:
- Vendor Name
 - TCPN Contract Number
 - Reporting Period/Year
 - Entity Name
 - Entity Address (Including Street, City, State & Zip)
 - Entity Purchase Order Number (Individual Purchase Order Numbers)
 - Purchase Order Date
 - Gross Sale Amount
 - Administrative Fee (Based on Gross Sale Amount)

ARTICLE 9- PRICING

- 9.1 **Best price guarantee:** The awarded vendor agrees to provide pricing to Region 4 ESC and its participating entities that are the lowest pricing available and the pricing shall remain so throughout the duration of the contract. Pricing offered to Federal government buying consortiums for goods and services is exempt from this requirement. The awarded vendor, however, agrees to lower the cost of any product purchased through TCPN following a reduction in the manufacturer or publisher's direct cost.
- 9.2 **Price increase:** Should it become necessary or proper during the term of this contract to make any change in design or any alterations that will increase expense Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the contract, shall be paid without prior approval. All price increases must be supported by manufacture documentation, or a formal cost justification letter.
- Awarded vendor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC if requested.
- It is the awarded vendor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was accepted in the original contract.
- 9.3 **Additional Charges:** All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing.
- 9.4 **Price reduction and adjustment:** Price reduction may be offered at any time during contract and shall become effective upon notice of acceptance from Region 4 ESC. Special, time-limited reductions are permissible under the following conditions: 1) reduction is available to all Members equally; 2) reduction is for a specific time period, normally not less than thirty (30) days; 3) original price is not exceeded after the time-limit; and 4) Region 4 ESC has approved the new prices prior to any offer of the prices to a Member. Vendor shall offer Region 4 ESC any published price reduction during the contract period.
- 9.5 **Prevailing Wage:** It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser (Region 4 ESC or its Members). It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly.
- 9.6 **Administrative Fees:** All pricing submitted to Region 4 ESC shall include the administrative fee to be remitted to TCPN by the awarded vendor.

The awarded vendor agrees to pay administrative fees to TCPN as calculated as follows: (Sales will be calculated for fiscal year of January 1st through December 31st and reset each year)

<u>Annual Sales Through Contract</u>	<u>Administrative Fee</u>
0 - \$50,000,000	2%
\$50,000,001 - \$100,000,000	1.75%
\$100,000,001 - \$150,000,000	1.5%
\$150,000,001 - \$200,000,000	1.25%
\$200,000,001 - \$500,000,000	1%
\$500,000,001 - \$1,000,000,000	0.75%
\$1,000,000,000+	0.5%

ARTICLE 10- PRICING AUDIT

10.1 **Audit rights:** Vendor shall, at Vendor’s sole expense, maintain appropriate due diligence of all purchases made by Region 4 ESC and any entity that utilizes this Agreement. TCPN and Region 4 ESC each reserve the right to audit the accounting for a period of three (3) years from the time such purchases are made. This audit right shall survive termination of this Agreement for a period of one (1) year from the effective date of termination. In the State of New Jersey, this audit right shall survive termination of this Agreement for a period of five (5) years from the date of final payment. Such records shall be made available to the New Jersey Office of the State Comptroller upon request. Region 4 ESC shall have the authority to conduct random audits of Vendor’s pricing that is offered to eligible entities at Region 4 ESC’s sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing being offered to eligible agencies that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Vendor’s pricing at Vendor’s sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC or TCPN.

ARTICLE 11- OFFEROR PRODUCT LINE REQUIREMENTS

11.1 **Current products:** Proposals shall be for materials and equipment in current production and marketed to the general public and education/government agencies at the time the proposal is submitted.

11.2 **Discontinued products:** If a product or model is discontinued by the manufacturer, vendor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.

11.3 **New products/Services:** New products and/or services that meet the scope of work may be added to the contract. Pricing shall be equivalent to the percentage discount for other products. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

- 11.4 **Options:** Optional equipment for products under contract may be added to the contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.
- 11.5 **Product line:** Offerors with a published catalog may submit the entire catalog. Region 4 ESC reserves the right to select products within the catalog for award without having to award all contents. Region 4 ESC may reject any addition of equipment options without cause.
- 11.6 **Warranty conditions:** All supplies, equipment and services shall include manufacturer's minimum standard warranty and one (1) year labor warranty unless otherwise agreed to in writing.
- 11.7 **Buy American requirement:** (for New Jersey and all other applicable States) Vendors may only use unmanufactured construction material mined or produced in the United States, as required by the Buy American Act. Where trade agreements apply, to the extent permitted by applicable law, then unmanufactured construction material mined or produced in a designated country may also be used. Vendors are required to check state specific requirements to ensure compliance with this requirement.

ARTICLE 12- SITE REQUIREMENTS

- 12.1 **Cleanup:** Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by Member. Upon completion of the work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.
- 12.2 **Preparation:** Vendor shall not begin a project for which Member has not prepared the site, unless vendor does the preparation work at no cost, or until Member includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.
- 12.3 **Registered sex offender restrictions:** For work to be performed at schools, vendor agrees that no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at the Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.
- 12.4 **Safety measures:** Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by its operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.
- 12.5 **Smoking:** Persons working under the contract shall adhere to local smoking policies. Smoking will only be permitted in posted areas or off premises.
- 12.6 **Stored materials:** Upon prior written agreement between the vendor and Member, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to Member prior to payment. Such materials must be stored and protected in a secure location, and be insured for their full value by the vendor against loss and damage. Vendor agrees to provide proof of coverage and/or addition of Member as an additional insured upon Member's request. Additionally, if stored offsite, the materials must also be clearly identified as property of buying Member and be separated from other materials. Member must be allowed reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary.

Until final acceptance by the Member, it shall be the Vendor's responsibility to protect all materials and equipment. The Vendor warrants and guarantees that title for all work, materials and equipment shall pass to the Member upon final acceptance.

ARTICLE 13- MISCELLANEOUS

- 13.1 **Funding Out Clause:** Any/all contracts exceeding one (1) year shall include a standard “funding out” clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:

“Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract.”

- 13.2 **Disclosures:** Offeror affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.

Include a complete description of any and all relationships that might be considered a conflict of interest in doing business with participants in TCPN.

The Offeror affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

- 13.3 **Indemnity:** The awarded vendor shall protect, indemnify, and hold harmless both Region 4 ESC and TCPN and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract, including any supplemental agreements with members. Any litigation involving either Region 4 ESC or TCPN, its administrators and employees and agents will be in Harris County, Texas. Any litigation involving TCPN members shall be in the jurisdiction of the participating agency.

- 13.4 **Franchise Tax:** The Offeror hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.

- 13.5 **Marketing:** Awarded vendor agrees to allow Region 4 ESC to use their name and logo within website, marketing materials and advertisement. Any use of Region 4 ESC name and logo or any form of publicity, inclusive of press releases, regarding this contract by awarded vendor must have prior approval from Region 4 ESC.

- 13.6 **Certificates of Insurance:** Certificates of insurance shall be delivered to the Region 4 ESC participant prior to commencement of work. The insurance company shall be licensed in the applicable state in which work is being conducted. The awarded vendor shall give the participating entity a minimum of ten (10) days notice prior to any modifications or cancellation of policies. The awarded vendor shall require all subcontractors performing any work to maintain coverage as specified.

- 13.7 **Legal Obligations:** It is the Offeror’s responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulation must be followed even if not specifically identified herein.

- 13.8 **Open Records Policy:** Because Region 4 ESC contracts are awarded by a governmental entity, responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are

exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledgement and Acceptance to Region 4 ESC's Open Record Policy" form found at the beginning of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. Offeror are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

After completion of award, these documents will be available for public inspection.

Appendix B:

PRODUCT / SERVICES SPECIFICATIONS

It is the intention of Region 4 ESC to establish an annual contract with highly qualified Vendor(s) for **Furniture and Installation** on a national basis. Vendor(s) shall, at the request of Region 4 ESC and/or TCPN members, provide these covered products and associated services under the terms of this RFP and the CONTRACT TERMS AND CONDITIONS.

The scope of this RFP shall include but not limited to the following categories. Respondents do not have to offer every category in order to be considered for award.

- Category A – Audio/Visual Furniture
- Category B – Cafeteria
- Category C – Casegoods
- Category D – Classroom & Library
- Category E - Dormitory
- Category F – Ergonomic Solutions
- Category G – Filing Storage
- Category H – Lounge/Reception
- Category I – Related Products and Support Services
- Category J – Science Lab
- Category K – Seating / Chairs
- Category L – Tables/Meeting Conference Room
- Category M – Technology Support Furniture
- Category N - Workstation

Respondents are strongly encouraged to submit their entire catalogue and turn-key solutions within the scope of this RFP. Region 4 ESC reserves the right to reject parts of offerings that it deems to fall outside the scope of the RFP.

Respondents shall be able to offer Region 4 and TCPN members the best options available to meet their needs and shall be familiar with the resources available to provide the product/services at the best possible cost.

Unless otherwise specified, any manufacturers' names, trade names, brand names, information or catalogue numbers listed in a specification are descriptive, not restrictive. With the Customer's prior approval, the Vendor(s) may provide any product that meets or exceeds the applicable specifications. The Vendor(s) shall demonstrate comparability to the Customer's satisfaction. The Customer will decide at their sole discretion whether a product is acceptable as an equivalent.

The Respondent warrants that all products under this Contract shall be covered by the industry standard or better warranty. All products and equipment should carry a minimum industry standard manufacturer's warranty that includes materials and labor. The Respondent has the primary responsibility to submit product specific warranty as required and accepted by industry standards.

Respondents shall provide a clear and detailed description of shipping and delivery terms if different than that described in Article 7; 7.1

Dealers/Resellers

If Respondent is a dealer or re-seller a Manufacturer's Dealer Certificate (Exhibit A) verifying their authorization to offer product line must be included in their response. Failure to include may result in a non-award.

Manufacturers

A complete list of authorized dealers/resellers must be included in your proposal. Failure to include may result in a non-award. It shall be the responsibility of the manufacturer to ensure this list is current and to advise Region 4/TCPN of any additions and/or deletions to this list.

**Please find the enclosed Dealer listing in the electronic submittal of the response, to large for binder.

Product/Price Updates

New products/services may be added during the term of the contract upon written request providing it is within the original scope of this RFP. All requests are subject to review and approval by Region 4 ESC and/or TCPN. At no time is the Supplier allowed to unilaterally change products or pricing.

Successful bidder shall be responsible for notifying TCPN of all obsolete and discontinued products in writing and in a timely manner.

Returns

The vendor will honor all standard return policies. No restocking fees may be charged to Region 4 or TCPN members if an item is returned due to damage, incorrect product shipped or Vendor customer service order entry error. Restocking fees for all other reasons shall be capped at 10% of the value of the items that require restocking.

Appendix C:

PRICING

Electronic Price Lists

- Respondents shall offer a percent discount of catalog or list pricing. Proposer will be responsible for providing and maintaining current “pricing with TCPN both in their proposal and throughout the term of any Contract resulting from this RFP.
- Respondents are encouraged to offer additional discounts for one time delivery of large single orders to Region 4 ESC and TCPN members. Region 4 ESC intends and TCPN members should seek, to negotiate additional price concessions based on quantity purchases of any products offered under the Contract. TCPN members shall document their files accordingly.
- In addition, awarded Vendor(s) may conduct sales promotions involving price reductions for a specified lesser period. Vendor(s) shall submit to Region 4 ESC documentation identifying the proposed (1) starting and ending dates of the promotion, (2) products involved, and (3) promotional prices compared to then-authorized prices. Promotional prices shall be available to Region 4 ESC and all TCPN members. Upon approval, the Vendor shall provide conspicuous notice of the promotion.
- Respondents must submit products, services, warranties, etc. in price list.
- Prices listed will be used to establish the extent of a manufacturer’s product lines, services, warranties, etc. that are available from a particular offeror and the pricing per item.
- Shipping and/or installation charges shall be clearly identified. This includes same day delivery and minimum order amounts for free delivery
- Prices listed will be used to establish the extent of a manufacturer’s product lines, services, warranties, etc. that are available from a particular offeror and the pricing per item.
- Electronic price lists must contain manufacturer part #, vendor part # (*if different from manufacturer part #*); description ; manufacturers list price and net price to Region 4 ESC (including freight)
- Media submitted for price list must include the respondents’ company name, name of the solicitation, and date on CD, DVD or Flash Drive (i.e. Pin or Jump Drives).
- ***Please submit price lists and/or catalogs in excel or delimited format only.***

Not to Exceed Pricing

- All pricing submitted shall be “ceiling” or “not-to-exceed” pricing. Region 4 ESC requests pricing be submitted as not to exceed for any participating entity
- Unlike fixed pricing the awarded vendor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted for solicitation.
- Vendor must allow for lower pricing to be available for similar product and service purchases.

Appendix C: Pricing/Discount Model

KI's pricing/discount model offers a full service experience for Region 4 ESC members. Apply the discount to your projects list price and the member receives the product, drop ship/tailgate or delivered and installed. Region 4 ESC members are able to order product through an approved dealer or direct from KI for the same price.

The discounts offered below will be based on the total list price amount of each single order with the applicable discount for each product taken from the appropriate tier column. For the purpose of determining tiers, Order Volume at List Price applies to Product and installation, but does not include costs for design and project management. Tier 5 discounts are a minimum; pricing at this tier may be negotiated at time of quote.

Pricing includes delivery from Supplier's factory to the receiving dock of Member's designated location.

Discounts off of list price will be taken from Supplier's current published price lists.

GENERAL TERMS & CONDITIONS ACCEPTANCE FORM

Signature on Vendor Contract Signature form certifies complete acceptance of the General Terms and Conditions in this solicitation, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the General Terms and Conditions:

- We take no exceptions/deviations to the general terms and conditions

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

- We take the following exceptions/deviations to the general terms and conditions. All exceptions/deviations must be clearly explained. Reference the corresponding general terms and conditions that you are taking exceptions/deviations to. Clearly state if you are adding additional terms and conditions to the general terms and conditions. Provide details on your exceptions/deviations below:

(Note: Unacceptable exceptions shall remove your proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions/deviations and the decision shall be final.)

Article 7 - Delivery Provisions

7.1 Delivery: Vendor shall deliver said materials purchased on this contract to the Member issuing a Purchase Order. ~~Conforming product shall be shipped within 7 days of receipt of Purchase Order. If delivery is not or cannot be made within this time period the vendor must receive authorization from the purchasing agency for the delayed delivery.~~ **KI will adhere to standard product lead-times. Purchasing Agency will be notified of product lead-times at time of quote.** At this point the participating entity may cancel the order if estimated shipping time is not acceptable.

Vendor Orientation

Respondent companies must commit to attending a vendor orientation meeting at TCPN's offices should they be awarded a contract with Region 4 ESC through this RFP. Vendor orientation meetings are meant to establish a good relationship with awarded vendors and help to ensure compliance and effective administration over the life of the contract.

Respondents should indicate below what date they would like to have their vendor orientation and who the participants will be. TCPN highly recommends that the individuals who will handle contract management, reporting and accounting, and marketing all come to the vendor orientation.

Vendor orientations for this RFP will be held between **March 9, 2015** and **April 23, 2015**.

If awarded, our company will plan to attend vendor orientation on 2 .

Potential attendees will include:

Mark Waldecker

KRUEGER INTERNATIONAL, INC. ("KI")

SMALL BUSINESS SUBCONTRACTING PLAN

I. IDENTIFICATION DATA:

Company Name: Krueger International, Inc. ("KI")

Address: 1330 Bellevue Street, P.O. Box 8100, Green Bay, WI 54308-8100

Date Prepared: December 20, 2013

Description of Supplies/Services: FSC Class 71 – Furniture (Group Names: Office Furniture, Household & Quarters Furniture, and Special Use Furniture)

Contract Number(s): #GS-28F-0033P (Schedule 71)

Commercial Plan Period: January 1, 2014 thru December 31, 2014

Estimated annual sales (Company-wide): \$320,305,000

II. TYPE OF PLAN:

Commercial Plan: Covers the offeror's fiscal year and applies to the entire production of commercial items sold by Krueger International, Inc. ("KI"). (Note that this type of plan shall relate to the offeror's planned subcontracting generally, for both commercial and government business, rather than solely to the government contract.) Per FAR 19.704(d), this is the preferred type of plan for contractors furnishing commercial items. Once a contractor's commercial plan has been approved, the Government shall not require another subcontracting plan from the same contractor while the plan remains in effect, as long as the product or service being provided by the contractor continues to meet the definition of a commercial item. The contractor shall— (1) Submit the commercial plan to either the first contracting officer awarding a contract subject to the plan during the contractor's fiscal year, or, if the contractor has ongoing contracts with commercial plans, to the contracting officer responsible for the contract with the latest completion date. The contracting officer shall negotiate the commercial plan for the Government. The approved commercial plan shall remain in effect during the contractor's fiscal year for all Government contracts in effect during that period; (2) Submit a new commercial plan, 30 working days before the end of the Contractor's fiscal year, to the contracting officer responsible for the uncompleted Government contract with the latest completion date. The contractor must provide to each contracting officer responsible for an ongoing contract subject to the plan, the identity of the contracting officer that will be negotiating the new plan; (3) When the new commercial plan is approved, provide a copy of the approved plan to each contracting officer responsible for an ongoing contract that is subject to the plan; and (4) Comply with the reporting requirements stated in FAR 19.704(a)(10) by submitting one SSR in eSRS, for all contracts covered by its commercial plan. This report will be acknowledged or rejected in eSRS by the contracting officer who approved the plan. The report shall be submitted within 30 days after the end of the Government's fiscal year.

III. GOALS:

The General Services Administration subcontracting goals for FY 12 are currently:

Small business (SB)	30%
Small disadvantaged business (SDB)	5%
Women-owned small business (WOSB)	5%
HUBZone small business (HUBZone)	3%
Veteran-owned small business (VOSB)	3%
Service-disabled veteran-owned small business (SDVOSB)	3%

A. KI provides the following separate dollar and percentage goals, which are a percentage of the total subcontracting dollars for each business category:

1. Estimated **TOTAL dollars planned to be subcontracted**; i.e. to all types of business concerns:

Annual Commercial Expenditures: \$232,073,450 = 100% subcontracted

2. Planned subcontracting to **large** business concerns (those classified as other than small):

Annual Commercial Expenditures: \$104,433,053 = 45 % of Total

3. Planned subcontracting to **all small** business concerns SB (including Alaskan Native Corporations (ANCs) and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB small business concerns:

Annual Commercial Expenditures: \$127,640,398 = 55 % of Total

4. Planned subcontracting to **small disadvantaged** business concerns (including ANCs and Indian tribes):

Annual Commercial Expenditures: \$10,443,305 = 4.5 % of Total

5. Planned subcontracting to **women-owned small** business concerns:

Annual Commercial Expenditures: \$13,924,407 = 6 % of Total

6. Planned subcontracting to **HUBZone small** business concerns:

Annual Commercial Expenditures: \$464,170 = .2 % of Total

7. Planned subcontracting to **veteran-owned small** business concerns (which includes service-disabled veteran-owned small business concerns):

Annual Commercial Expenditures: \$5,801,836 = 2.5 % of Total

8. Planned subcontracting to **service-disabled veteran-owned small** business concerns (subset of VOSB above and cannot be higher than #7 above):

Annual Commercial Expenditures: \$696,220 = .3 % of Total

B. The principal types of supplies and/or services that KI anticipates to be subcontracted and the identification of the type of business concern planned are as follows:

Business Category or Size

Supplies/Services	Large	Small	VOSB	SDVOSB	HUBZone	SDB	WOSB
Coiled Steel Products, including steel tubing, table bases, chair legs and bases, table legs and aprons, chair seat backs, work surface support legs.	X	X

C. KI used the following method to develop the subcontracting goals:

The full gamut of products and services as defined by the North American Industrial Classification System (NAICS) and authorized by the Regulatory and Statistical Analysis Division, Office of Information and Regulatory Affairs, Office of Management and Budget were used to develop the small, small disadvantaged, women-owned small business, HUBZone small business, veteran-owned small business and service-disabled veteran-owned small business concerns subcontracting goals. We also based our goals on previous year's purchasing records and information and on previously approved subcontracting plans as well as direction from our administrative contracting officer.

D. KI identifies potential subcontractors using the following source lists and organizations:

We require that all suppliers complete a vendor registration and information form. We enter this information into our computer database, which enables us to analyze our purchases and which types of business concerns are involved as we purchase our goods and supplies for the manufacture of our products. We located potential suppliers through mass mailing lists of prime contractors, through lists of subcontractors published by State organizations, through business guides and trade journals, through industry trade shows, meetings, seminars, buyers and suppliers shows, through solicitations, request for quotations and invitations to bid and by requesting sources from the Small Business Administration's Dynamic Small Business Search database (http://dsbs.sba.gov/dsbs/dsp_dsbs.cfm).

E. Indirect and overhead costs HAVE BEEN (or) HAVE NOT BEEN included in the dollar and percentage subcontracting goals stated above.

IV. PROGRAM ADMINISTRATOR:

Name: Mr. Greg Kyles
Title/Position: Manager of Strategic Sourcing
Address: 1330 Bellevue Street, P.O. Box 8100
City/State/Zip Code: Green Bay, Wisconsin 54308
Telephone number: 920 / 468-8100
Fax number: 920 / 468-2726
Email Address: greg.kyles@ki.com
Alternate POC with contact information: Ms. Ginny LeMere, Sr. Buyer
Address/Telephone/Email: Same address/phone/fax as above, email: ginnie.lemere@ki.com

Duties: The Program Administrator shall have general overall responsibility for the Contractors subcontracting program; i.e., developing, preparing, and executing subcontracting plans and monitoring performance relative to this particular plan. Such duties [found in FAR 52.219-9(e)] may include, but are not limited to, the following:

1. Assist SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's lists of potential SB, VOSB, SDVOSB, HUBZone, SDB and WOSB subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.
2. Provide adequate and timely consideration of the potentialities of SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns in all "make-or-buy" decisions.
3. Counsel and discuss subcontracting opportunities with representatives of SB, VOSB, SDVOSB, HUBZone, SDB and WOSB firms.
4. Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by accessing the Dynamic Small Business Search database http://dsbs.sba.gov/dsbs/search/dsp_dsbs.cfm or by contacting SBA.
5. Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, HUBzone small, small disadvantaged, women-owned small, veteran-owned small, or service-disabled veteran-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the contractor's subcontracting plan. HUBzone small business concerns shall provide a copy of their Small Business Administration (SBA) certification.

Each SB, HUBZone, SDB, WOSB, VOSB, and SDVOSB concern on record as a potential subcontractor shall complete a self-certification form stating their business size. A penalties clause for falsifying information will also be on the form according to the legal statute 15 U.S.C. 645(d). Note, the following notice will read near the business owner's signature. "NOTICE: In accordance with U.S.C. 645(d), any person who misrepresents a

firm's proper size classification shall (1) be punishable by imposition of a fine, imprisonment, or both, (2) be subject to administrative remedies, and (3) be ineligible for participation in programs conducted under the authority of the Small Business Act."

6. Develop and promote company/division policy statements that demonstrate the company's/division's support for awarding contracts and subcontracts to SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns.
7. Develop and maintain bidders' lists of SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns from all possible sources.
8. Ensure periodic rotation of potential subcontractors on bidders' lists.
9. Ensure that SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns are included on the bidders' list for every subcontract solicitation for products and services they are capable of providing.
10. Ensure that subcontract procurement "packages" are designed to permit the maximum possible participation of SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns.
11. Review subcontract solicitations to remove statements, clauses, etc., which might tend to restrict or prohibit SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns.
12. Ensure that the subcontract bid proposal review board documents its reasons for not selecting any low bids submitted by SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns.
13. Oversee the establishment and maintenance of contract and subcontract award records.
14. Attend or arrange for the attendance of company counselors at Business Opportunity Workshops, Minority Business Enterprise Seminars, Trade Fairs, etc.
15. Directly or indirectly counsel SB, VOSB, SDVOSB, HUBZone, SDB and WOSB concerns on subcontracting opportunities and how to prepare bids to the company.
16. Conduct or arrange training for purchasing personnel regarding the intent and impact of Section 8(d) of the Small Business Act on purchasing procedures.
17. Develop and maintain an incentive program for buyers that support the subcontracting program.
18. Monitor the company's performance and make any adjustments necessary to achieve the subcontract plan goals.
19. Prepare and submit timely reports.
20. Coordinate the company's activities during compliance reviews by Federal agencies.

PLEASE CHECK IF YOU AGREE WITH ALL THE ABOVE DUTIES AND IF NOT PLEASE PROVIDE AN EXPLANATION.

YES NO

21. Additional Duties:

V. EQUITABLE OPPORTUNITY:

KI will make every effort to ensure equitable opportunity to compete for subcontracts. These efforts may include one or more of the following activities:

A. Outreach efforts to obtain sources:

1. Contact minority and small business trade associations;
2. Contact business development organizations;
3. Request sources from the Dynamic Small Business Search database at http://dsbs.sba.gov/dsbs/search/dsp_dsbs.cfm and
4. Attend small minority and women-owned procurement conferences and trade shows.

B. Internal efforts to guide and encourage purchasing personnel:

1. Present workshops, seminars and training programs;
2. Establish, maintain and use SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB source lists, guides, and other data for soliciting subcontracts;
3. Monitor activities to evaluate compliance with the subcontracting plan; and
4. Provide guidance on using the Dynamic Small Business Search database to identify SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB concerns.

PLEASE CHECK IF YOU AGREE WITH ALL THE ABOVE DUTIES AND IF NOT PLEASE PROVIDE AN EXPLANATION.

YES NO

C. Other Additional efforts: (Please describe below)

The efforts to assure equitable opportunity to small and small disadvantaged (including ANCs and Indian Tribes), women-owned small business, HUBZone small business, veteran-owned small business and service-disabled veteran-owned small business concerns are primarily spelled out in the Administrator's duties. It will also include records of individual buyer's contribution to the success of this plan and the use of these records in the buyer's performance reviews. Outreach efforts will also include offering the qualified firms managerial, technical, relaxation of deadlines, production and quality control assistance when appropriate, contingent upon the Federal Government relaxing its delivery requirements to fulfill the contract.

VI. ASSURANCES OF CLAUSE INCLUSION AND FLOW DOWN:

KI agrees to include the FAR Clause 52.219-8, "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and will require all subcontractors (except small business concerns) that receive subcontracts in excess of \$650,000 (\$1,500,000 for construction) to adopt a plan that complies with the requirements of the clause at 52.219-9, Small Business Subcontracting Plan. (Flow-down of the subcontracting plan requirement is not applicable to subcontracts for commercial items in contracts that contain either FAR 52.212-5(e) or FAR 52.244-6(c).)

VII. REPORTING AND COOPERATION:

Reports submitted under a commercial plan—

KI agrees to:

- (i) Cooperate in any studies or surveys as may be required;
- (ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;
- (iii) Submit the Summary Subcontract Report (SSR) using the Electronic Subcontracting Reporting System (eSRS) (<http://www.esrs.gov>), following the instructions in the eSRS;

(iv) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using the eSRS;

(v) Provide its prime contract number and its DUNS number and the e-mail address of the Government or Contractor official responsible for acknowledging or rejecting the reports, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their reports; and

(vi) Require that each subcontractor with a subcontracting plan provide the prime contract number and its own DUNS number, and the e-mail address of the Government or Contractor official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans.

Reports are to be submitted within 30 days after the close of each calendar period as indicated in the following chart:

<u>Calendar Period</u>	<u>Report Due</u>	<u>Date Due</u>	Submit Report To www.esrs.gov with email to:
10/01/13--09/30/14	SSR	10/30	Administrative Contracting Officer

VIII. RECORDKEEPING:

KI will maintain records concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of efforts to locate *SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB* concerns and award subcontracts to them. The records shall include at least the following

1. Source lists (e.g. the Dynamic Small Business Search database), guides, and other data that identify *SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB* concerns.
2. Organizations contacted in an attempt to locate sources that are *SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB* concerns.
3. Records on each subcontract solicitation resulting in an award of more than \$150,000, indicating:
 - (A) Whether small business concerns were solicited and, if not, why not;
 - (B) Whether veteran-owned small business concerns were solicited and, if not, why not;
 - (C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;
 - (D) Whether HUBZone small business concerns were solicited and, if not, why not;
 - (E) Whether small disadvantaged business concerns were solicited and, if not, why not;
 - (F) Whether women-owned small business concerns were solicited and, if not, why not; and
 - (G) If applicable, the reason award was not made to a small business concern
4. Records of any outreach efforts to contact
 - (A) Trade associations;
 - (B) Business development organizations;
 - (C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; and
 - (D) Veterans service organizations.
5. Records of internal guidance and encouragement provided to buyers through
 - (A) Workshops, seminars, training, etc.; and
 - (B) Monitoring performance to evaluate compliance with the program's requirements.
6. On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

7. Other records to support your compliance with the subcontracting plan: (Please describe)

IX. STATUTORY REQUIREMENTS:

FAR 19.702 requires any contractor receiving a contract for more than the simplified acquisition threshold must agree in the contract that SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB concerns will have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with SB (including ANCs and Indian tribes), VOSB, SDVOSB, HUBZone, SDB (including ANCs and Indian tribes), and WOSB concerns.

X. DESCRIPTION OF GOOD FAITH EFFORT

As stated in 15 U.S.C. 637(d)(8), and FAR 19.702(c) any contractor or subcontractor failing to comply in good faith with the requirements of the subcontracting plan is in material breach of its contract. Further, 15 U.S.C. 637(d)(4)(F) directs that a contractor's failure to make a good faith effort to comply with the requirements of the subcontracting plan shall result in the imposition of liquidated damages. Liquidated damages shall be paid by the contractor.

KI will take the following steps to demonstrate compliance with a good faith effort in achieving small business subcontracting goals:

Incorporate compliance of small business subcontracting plan into the performance standards for purchasing personnel.

The above requirements of an acceptable plan will be negotiated with the contracting officer prior to approval. KI understands that this subcontracting plan will be made a material part of the contract and that the submission of the SSR will be made a line item deliverable in the contract.

Appendix F: COMPANY PROFILE

Please provide the following:

1. Company's official registered name.

Krueger International, Inc.

2. Brief history of your company, including the year it was established.

KI is the sixth largest furniture manufacturer with six (6) manufacturing locations throughout North America. KI surveys customers, studies trends in technology, and generates workable solutions for today that will last well into tomorrow.

Year in and year out KI runs at 98 percent or better for on-time and complete order shipments. KI prides itself on the quality products produced at each KI location as well as the high level of products and services we provide to our customers.

The company is a leader in the college and university sector and is deeply engrained in the K-12 market, making KI the world's leading provider of educational furnishings. As the recognized leader in bringing cutting-edge innovation and great design to the marketplace, KI has been awarded numerous national and international design awards than any other furniture manufacturer.

KI: About Us

Innovative product solutions and customization is the cornerstone of KI, continuing a tradition established at the company's inception in 1941 as Krueger Metal Products, Inc. in Aurora, IL. The war effort made manufacturing resources scarce. On a daily basis, founder Al Krueger would call on steel companies to purchase materials to manufacture the company's first folding chairs. The scrap materials available determined what he could produce, a novel and flexible way of manufacturing. Even today, the environmentally conscious company finds new ways to use resources wisely and innovatively.

3. Company's Dun & Bradstreet (D&B) number.

03-267-2651

4. Corporate office location.

1330 Bellevue Street
Green Bay, WI 54302

5. List the total number of sales persons employed distribution center by your organization within the United States, broken down by market.

In addition to corporate headquarters, showrooms, district offices and manufacturing facilities in the U.S., KI maintains an international sales and support presence throughout the Americas, Europe, Middle East and Asia. Because we're worldwide, we're more accessible to further ensure a rewarding collaboration to better understand your overall project objectives.

When your project spans borders, time zones, languages and cultures. When it involves dozens of people in multiple locations. You can count on KI to tie it all together. It's this global consistency that sets us apart and keeps you moving ahead.

KI has over 300 Sales Representatives located across the United States alone. KI's focus is on very specific core markets. We strategically target each core market, understand the needs and then differentiate the products and services tailored for them. KI Sales Representatives are not broken down by these markets. Please find the enclosed list of KI sales force.

6. List the number and location of offices, or service centers for all states being offered in solicitation. Additionally, list the names of key contacts at each location with title, address, phone and e-mail address.

KI has approximately 450 staff support; customer service staff, sales representatives both field and internal, quoting, project coordinators and data entry specialists that will actively market and work directly with the Region 4 ESC purchasing program. Overviews of those areas are indicated below:

KI employs more than 100 Project and Services Coordinators, Market Development and Inside Sales support located at the company's corporate headquarters in Green Bay, Wisconsin. These customer service agents interface with design/engineering, manufacturing and logistic departments to handle customer concerns and issues.

- **Market Development Analysts** - The goal of the Market Development area is to generate thousands of "qualified" project opportunities with KI's core Market clients for our field sales representatives. These projects must be "new" to the field and not already registered in our internal database. Each analyst has a monthly goal to bring in

"new" qualified projects per month. That total is broken down by market to mirror the sales reps face time. A qualified project requires the following:

- The decision maker for the furniture has been identified and has confirmed or given the detail of the project.
- A need for KI furniture exists.
- The applications of the furniture are identified.
- The construction timeline is no more than 2 years out.
- The project was not already registered by the field rep.

The analysts have an average number of calls per day to potential customers. Of those calls, the analyst has an average number of "qualified" projects per day. The information is gathered and sent to the appropriate inside or outside sales representative to close.

- **Inside Sales Support** - KI has a dedicated Inside Sales Support area that work within a specific region to support customers, clients and sales representatives. This area includes actively marketing KI's product offering throughout their designated region. This support may include but not limited to:
 - Directly contacting customers or potential customers.
 - Assisting in evaluating a need and offering KI solutions.

Please find the enclosed list of name and numbers for your review.

- **Corporate Project and Service Coordinators and other Support Teams** - When a customer places a call to the KI customer service departments, a member of KI's Welcome Center who will then direct the call to the appropriate individual. KI is committed to providing customers with the most timely and accurate communication possible and adheres to four-hour response timeframe.
 - **Customer Service Agents** are assigned to provide support and include the responsibility for handling all aspects of daily project coordination. The primary team contacts are based on expertise and are available to Region 4 ESC member's account throughout their partnership with KI.
 - Many of KI's direct and independent Sales office locations have on site field support and CAD.
 - **Customer Service Team Manager** provides additional support in the overall coordination of an account's specific needs including designation of resources and project coordination logistics. This includes monitoring accounts from implementation to completion as well as any post project activity.
 - **KI Corporate Services** - KI Corporate Services team supports KI projects nationwide and has been in service for over 20 years. KI has taken a great deal of pride in the fact that we will install and support one (1) workstation through the project management cycle and follow up the same way we would a 1000 workstation project. KI Corporate Services has never turned down an installation project. KI Corporate Services is intended to support KI customers wherever that need may be.

7. Provide the number of furniture dealers that your organization works with, broken down by State. If you are a retail based company, please provide your retail store locations, broken down by State.

KI has the freedom to partner with any dealers and/or installation entities chosen by the client and is not limited to agencies owned or affiliated strictly with KI. On the other hand, KI also has the ability to arrange all servicing logistics through a network of certified installers the company utilizes for on-site installation requirements. Each of these certified installation entities have proven warehousing, delivery and installation experience. KI certified installation groups are selected at time of order according to the ship to location. Please find the Dealer Listing by State on the enclosed DC for your review.

8. Describe how your organization will ensure agencies receive the Region 4 ESC contract pricing through your dealer network, or via retail stores.

Salesforce.com is another communication tool used between the field sales organization and customer support at the corporate office. It gives real-time updates and instructions where needed and helps in product management, reporting, and contract management.

KI's rollout out to its employees allows the company to provide one view of the customer to its internal employees and Sales Associates. All KI sales and support roles have visibility to the accounts, contract pricing, and contacts that interact with KI personnel in the order-to-cash cycle. They also have collaborative technology to share information on opportunities and cases.

All quotes will be completed through KI's espec software, the contract number given to Region 4 ESC will be placed on all quotes to ensure correct pricing no matter who will be quoting or ordering.

9. Detail any rebates, custom lists, or other incentive offers, that will be extended through the contract.

KI is open to offering additional discounting or volume rebates, annually, these parameters would be based on a mutually agreed upon structure or volume level set Region 4 ESC /TCPN and KI.

10. Describe how your company proposes to distribute the furniture, and related products, nationwide.

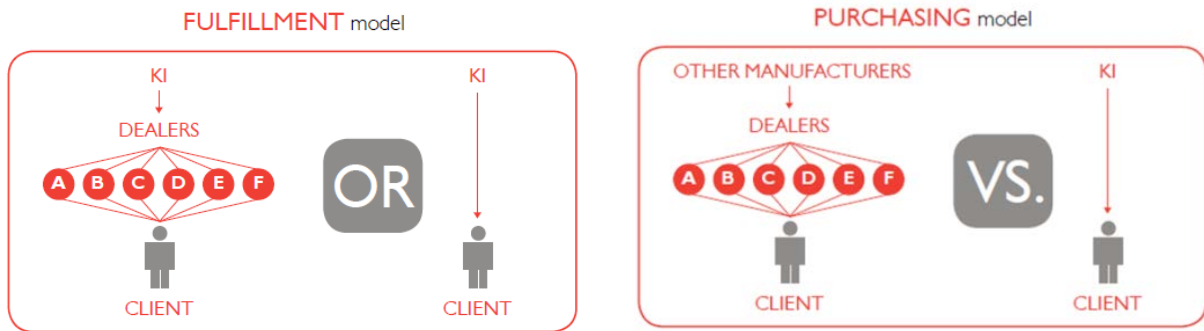

Business Model: Different by Design

When evaluating prospective architectural wall suppliers, it's often difficult to identify meaningful differentiators. At KI, our differentiation is distinct and deliberate, featuring a go-to-market approach unlike any other in the industry.

We believe that traditional means of exchange have the potential to hinder – rather than help – our clients. Unlike our peers, KI does not prescribe to pre-set distribution channels.

Rather, we deploy more than 300 dedicated KI representatives internationally to work directly with clients. KI’s approach provides alternative procurement methods that allow our clients, not the manufacturer, to determine the best means to manage ordering and fulfillment activities. It also provides clients the opportunity to reduce costs via bypassing the traditional dealer/“middleman” model if required.

This client-centric business model is the engine that continues to drive KI’s growth and client satisfaction. Ultimately, clients appreciate the flexibility to make purchasing and fulfillment decisions according to their needs, versus what may be most expedient for the manufacturer.

11. State your standard delivery time (in days) and any available options that an agency might have for expediting delivery.

KI realizes that meeting delivery dates and lead-times is critical to overall project success. To ensure quoted lead-times and on-time delivery, KI is involved in all aspects of the shipping process. KI support team members will work with contact personnel to coordinate all facets of the project including production lead-times, shipping, delivery and installation. KI team members collaborate directly with the manufacturing facility to achieve time-line milestones.

KI Project Timeline

The following estimated time line is based on limited information provided as well as current KI manufacturing production rates. Product lead times are arrived upon by taking the period of time from the date the order is entered into KI’s production schedule to the time it ships from the factory. Based on ongoing project status, designated KI team members may work with the corresponding manufacturing facilities to decrease or increase manufacturing, shipment and installation time frames upon request.

<i>Time Line Elements</i>	<i>Estimated Dates</i>
<i>Request For Quote</i>	<i>1 – 3 days</i>
<i>Notice to Proceed when awarded</i>	<i>1 day</i>
<i>Pre-Installation Meetings/Timeline scheduled</i>	<i>TBD</i>
<i>Furniture Preparation Period/Drawings</i>	<i>TBD – based on deadlines/product selections</i>
<i>Approved Layout Drawings (if required)</i>	<i>TBD – (based on project specifics)</i>

<i>Receive Purchase Order – Complete</i>	<i>1 day</i>
<i>Order Entry Approval and Data Entry</i>	<i>1 - 4 days</i>
<i>Manufacturing</i>	<i>3 – 12 weeks typically, products need to be determined for exact lead-times</i>
<i>Trucking</i>	<i>3-5 days</i>
<i>Furniture Installation</i>	<i>TBD based on products and scope of project</i>
<i>Punch list</i>	<i>1 – 3 days</i>
<i>Final Walk-Through/Punch list (Vendor)</i>	<i>1 – day</i>

Timeline Acknowledgement

Quality is something you can see and feel. Service, however, is a bit more intangible. To show our service is extraordinary, simply stated, all KI product lines will ship on or before the KI acknowledged Promised Ship Date (PSD). The project and services coordinator will work with your contacts to outline the Terms& Conditions to this guarantee based on the specific fabrics and finishes, styles and options can be met and are available according to the timeline.

KI and Region 4 ESC personnel develop manufacturing, shipping and delivery schedules. Once KI is made aware of an order and its ship date, the coordination of shipping and delivery begins. Mutually agreed upon timeframes are established with Region 4 ESC contacts and manufacturing contacts for project installation. KI is responsible for the receipt, verification and installation of product.

- Please detail any restocking fees and the procedures required for returning products.

Returns

Product conforming to the specifications contained in KI’s acknowledgement to Customer may not be returned to KI without KI’s written consent, which consent may be conditioned upon Customer’s agreement to pay re-handling and/or restocking charges and/or to prepay all freight charges on the return shipment.

- State the process for returning damaged goods.

Shipment Damage Claims

All products are packaged to comply with carrier requirements and leave KI’s manufacturing facilities in good condition. Customer shall be responsible to carefully inspect all product upon delivery and before acceptance. Any damage discovered upon delivery must be noted on the bill of lading. Notification of damage discovered after delivery must be given to the carrier within fifteen (15) days immediately following delivery, and all damaged product must be kept at the point of delivery in its original packaging. KI shall not be liable for loss or damage to product that occurs in transit, and Customer’s sole remedy for any such damages shall be to seek appropriate recourse against the carrier.

14. Please provide contact information for the person(s) who will be responsible for the following areas, including resumes:

- a. Sales – KI's District Leaders which are geographic specific
- b. Sales Support - KI's Sales Operations coordinators which are geographic specific

15. Define your standard terms of payment.

Net Thirty Days

Payment on all KI invoices shall be made in U.S. dollars within thirty (30) days of the date of each such invoice and without offset, back charges, retention, or withholding of any kind. Unpaid and delinquent invoices shall accrue interest at the rate of one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less.

16. Who is your competition in the marketplace?

KI's competition in the K-12 Market place is Virco and HNI/Artco-Bell.

17. Overall annual sales for last three (3) years; 2011, 2012, 2013.

2011 - \$649,735,000
2012 - \$623,398,000
2013 - \$615,952,000

18. Overall public sector sales, excluding Federal Government, for last three (3) years; 2011, 2012, 2013.

2011 - \$633,537,924
2012 - \$613,080,289
2013 - \$605,586,007

19. What is your strategy to increase market share?

KI's sales team will be trained on the agreement and utilize it in appropriate opportunities. The agreement will be explained and offered as a vehicle for order fulfillment. KI's regional district leaders will be available to work with Region 4 ESC regional staff to identify potential projects and market the agreement as appropriate. Region 4 ESC members can utilize the information in the proposal to identify a regional district leader or contact KI's contract manager for this information.

20. What differentiates your company from competitors?

What Makes Us Different?

Employee Owned

KI is a 100% employee owned corporation unlike many of our competitors, most of which are publicly traded; a few whom are family owned. Everyone in the organization from the executive office to the production floor is a stakeholder in the company. With every product, product design, or service provided, there are over 2,500 partners that all have one interest – providing the highest quality products and your complete satisfaction in those products.

Market of One Process

The Market of One process is one significant way in which KI differentiates itself in the marketplace. As a Market of One, customers have the ability to choose those services and only those services needed for their particular project's success. KI can tailor product and service solutions to meet customers' specific location, timeframe and budget requirements. This ability makes KI one of most adaptable and forward-looking furniture manufacturers in the industry. KI's unique service delivery process offers customers the luxury of putting together the ideal servicing package for their particular way of doing business. KI works directly with customers to analyze their service needs and develops a comprehensive service plan that provides dedicated support throughout every step in the process.

Tailored Solutions and Custom Options

Currently an excess of 19.8% of all KI sales fall into the category of tailored product and custom options compared to the industry standard of about 1%. Additionally, none of these product solutions are proprietary so as we continue to roll these products out, we find other clients in similar markets have similar business needs and challenges which makes these products extremely viable for other companies as well.

Focus in Core Markets

The Market of One process means that we treat each customer as a market of one, tailoring products and service solutions specific to their explicit needs whether it is in the College & University, K-12, State and Federal Government and their agencies, Healthcare and Healing, or Science & Technology markets. KI's focus is on very specific core markets. Unlike our competition who tries to be everything to everyone, we strategically target each core market, understand the needs and then differentiate the products and services tailored for them.

21. Describe the capabilities and functionality of your firm's on-line catalog/ordering website.

Online Ordering Systems

Experience and Requirements

KI has created on-line furniture ordering systems which integrate with 3rd party purchasing portals. Through punch out routines from these portals to the KI web site, KI has received orders from large campuses and dealerships nationwide.

Dealership involvement

KI creates a punch out catalog which copies order and delivery information to the dealer on each project. This tool allows the dealer to receive electronic notification of orders, order status, invoices, acknowledgements, carrier tracking information, packing lists, summary lists and circle tags.

End customer involvement

Through a punch out routine to the KI web site, accessed through a purchasing system (i.e. Ariba, SciQuest or PeopleSoft), the example below shows how any user can select items from a shopping cart. This punch out routine, "pulls info" back into a procurement process flow for various approval levels. Ultimately, the order may be communicated to a dealer or to KI.

In the screen shot examples below, the University of Michigan directly communicates an order to KI with a cc: to the dealership. This saves time and \$ as the order entry process becomes an automatic routine into KI's ERP system.

As with dealership involvement, users have access to electronic notification of orders, order confirmation, order status, invoices, acknowledgements, carrier tracking information and packing lists.

KI will also create for the dealership or End User, upon request, a monthly summary of web site activity, purchasing volume and e-requests. KI has successfully completed integrations with Ariba, CommerceOne, PurchasePro and SciQuest.

See screen shot examples.

22. Describe your company's Customer Service Department (hours of operation, number of service centers, etc.).

KI Customer Service

KI employs more than 60 customer service agents located at the company's corporate headquarters in Green Bay, Wisconsin. Customer service agents interface with design/engineering, manufacturing and logistic departments to handle customer concerns and issues. Standard hours of operation are from 8 a.m. to 5 p.m. with fluctuation for specific geographic areas. When a customer places a call to the KI customer service department, the customer will be greeted by a member of KI's Welcome Center who will then direct the call to the appropriate individual. KI is committed to providing customers with the most timely and accurate communication possible and adheres to four-hour response timeframe.

Location: Green Bay, Wisconsin

Hours: 8 a.m.-5 p.m. Monday through Friday

23. Describe your company's ongoing quality control processes to ensure qualified in-house personnel, installers, and subcontractors.

Quality Initiatives

KI prides itself on the quality products produced at each KI location as well as the high level of service provided to our customers. KI boldly pursues the highest degree of excellence in the design process of durable products, in the manufacturing processes for consistent, on-time delivery of products that meet the demands of customer specifications and in information processes through customer service. The following procedures help KI gauge its quality performance against internal measurements, customer expectations, and the industry.

Benchmarking

KI benchmarks against industry competitors, but the company's main focus is benchmarking against customers' expectations. For instance, if the industry norm is a three-week lead-time and a customer requires two, the latter is the standard KI strives to exceed.

ISO 9001:2008

KI is among an elite group of U.S. manufacturers which have acquired ISO certification. Of all U.S. companies, only one-half of one percent is certified as a total corporation. The company's Quality Management System for all its manufacturing plants and related corporate functions successfully completed the audit and certification process developed by the International Organization for Standardization. These ISO standards facilitate the world-class exchange of goods and services and are the standard framework for building, operating and documenting a quality management system. Required periodic audits and inspections from an outside firm ensure the quality system is maintained properly and allow for ongoing improvements in every facet of the company. KI views ISO certification as recognition of the commitment to the highest standards of quality, aesthetics and craftsmanship.

Kaizen

Throughout our U.S. and Canadian manufacturing facilities, KI has integrated Kaizen – the practice in the relentless quest to find a better way, for higher quality, shorter cycle times and faster response; in short, the daily pursuit of perfection. Kaizen has led to quality improvements such as less work in progress, better margins, shorter cycle times, and has created a safer work environment for these KI facilities.

Market-Driven Quality System

Employee teams set direction and monitor results for all elements of the KI Market-Driven Quality System (MDQS). These teams review management's direction in the creation of clear, viable and quality values, including social responsibility. Information processes are examined and analyzed along with short- and long-term business plans. In addition, KI reviews the quality of suppliers, both internal and external, as compared to competitors to achieve the highest standards. Most importantly, KI continually surveys its customers' needs and develops key processes based on their feedback. The ISO certification process verifies the KI Market-Driven Quality System. Following are the teams which comprise the KI MDQ system:

- ❑ Documentation Team -- reviews the ISO documentation system
- ❑ Quality Analysis Team -- focuses on long-term customer solutions
- ❑ Rapid Response Team -- responds to customer concerns within four hours
- ❑ Poke-a-Yoke -- eliminates mistakes and errors in engineering processes
- ❑ Environmental Teams -- design, marketing and manufacturing evaluation of manufacturing processes, products, and vendors to provide sustainable product offering.

Quality Assurance Program Installation

Installation Management

The Corporate Services installation offices and warehouses are located throughout the United States. This allows Corporate Services to respond to customer needs in a quick and efficient manner. The Corporate Services team is comprised of customer focused, factory trained Regional Managers, Installation Supervisors and Certified Installers. Corporate Service's Certified Installers are selected prior to installation and ONLY certified installers are used on KI Corporate Service installations.

Installer selection will be based on the following criteria:

Level I

Approved To become an approved sub-contractor must (1) be recommended by a Regional Installation Manger or Regional Sales Representative (2) fill out the KI vendor add/change form (3) meet the minimum KI insurance requirements (4) meet minimum KI financial requirements (5) be given and accept the willingness to achieve KI performance standards for quality.

Level II

Qualified To become qualified an approved sub-contractor must (1) complete all KI product and paperwork training with Joe Mianeki at GB Corporate (2) submit standards compliance plan to include suspense date for purchasing laptops and digital cameras along with a training schedule at the regional level (3) complete one project which will be evaluated by the Regional Manager and Installation supervisor.

Level III

Certified To become certified a qualified sub-contractor must (1) be fully trained and operational with regards to product and paperwork standards (2) be in full compliance with laptops and digital camera requirements (3) successfully score above 80 points on the vendor evaluation form for six projects.

To ensure consistency of quality all certified sub-contractors will be evaluated on a quarterly basis and must maintain a score of 80 or above to remain certified. Any certified sub-contractor who scores lower than 80 points will be given a list of deficiencies and 90 days to correct their performance. Any sub-contractor who fails to correct deficiencies within 90 days will be removed from the list.

Quality Initiatives

Corporate Services is among an elite group of U.S. manufacturers and service providers who have acquired ISO 9001:2008 certification. Of all U.S. companies, only one-half of one percent are certified as a total corporation.

The company's Quality Management System for all its manufacturing facilities and related corporate functions successfully completed the audit and certification process developed by the International Organization for Standardization. 32. Acknowledge that your organization agrees to provide its company logo(s) to Region 4 ESC and agrees to provide permission for reproduction of such logo in marketing communications and promotions.

KI agrees to provide our company logo to Region 4 ESC and will provide permission for reproduction of our logo in marketing communications and promotions.

33. Provide the revenue that your organization anticipates each year for the first three (3) years of this agreement.

These are estimates as KI cannot guarantee sales against a specific contract:

\$500,000-750,000 in year one

\$750,000-1,000,000 in year two

\$1,000,000+ in year three

Administration

34. Describe your company's implementation and success with existing cooperative purchasing programs, if any, and provide the cooperative's name(s), contact person(s) and contact information as reference(s).
35. Describe the capacity of your company to report monthly sales through this agreement.

Salesforce.com is a communication tool used between the field sales organization and customer support at the corporate office. It gives real-time updates and instructions where needed and helps in product management, reporting, and contract management.

KI's rollout out to its employees allows the company to provide one view of the customer to its internal employees and Sales Associates. All KI sales and support roles have visibility to the accounts, contract pricing, and contacts that interact with KI personnel in the order-to-cash cycle. They also have collaborative technology to share information on opportunities and cases.

Region 4 ESC/TCPN members that have a direct account, the KI contract number is listed on the account. This contract number will automatically appear on their orders when they are entered. If the Region 4 ESC/TCPN contract number is noted on the order or on the quote from the sales rep, then that contract number is entered on the order.

KI's Process for tracking sales from distributors and/or dealers

- On a weekly basis, reports of orders (per market) that are entered during the previous week are printed.
- The end-user is determined on each order by checking the order notes, ship to address, purchase order or by e-mailing the sales rep/dealer for clarification.
- The end-user of each order is then checked against the Region 4 ESC/TCPN member list. If the end-user is listed on the membership lists, the contract number is added to the order.
- At the end of the month, the EDI report is run, which captures all orders during that month with the Region 4 ESC/TCPN contract number listed on it.
- When a dealer would have purchased for a member, the contract number is listed in the notes and all of the member information is then listed on the report, along with the Facility ID Number and GLN number.
- Showcase query is then used to put the EDI information into the Excel document, using the template furnished per the agreement.
- The report is then again checked one last time to make sure end-users are still an existing member of Region 4 ESC/TCPN. At this time the member's name, address and member numbers are also check for accuracy.
- The admin fee and letter is then sent at the end of the month to Region 4 ESC/TCPN.

36. Describe the capacity of your company to provide management reports, i.e. consolidated billing by location, time and attendance reports, etc. for each eligible agency.

KI is willing and committed to providing Region 4 ECS/TCPN with standard management reports, usage and other ad hoc reports. KI will work with Region 4 ESC/TCPN to develop the management reports they require during the term of the contract.

Managing and Reporting Performance

Monthly/Quarterly Reviews

Monthly/Quarterly reviews are a service KI provides to large accounts to ensure customers are receiving comprehensive service and product solutions that continue to evolve as the relationship evolves. Examples of information, which may be included in a quarterly review presentation, are:

Performance Metrics

Review of actual performance against benchmarked expectations. These reports may include such statistics as on-time delivery and order compliance rates. Information is monitored, tracked and reported to all parties involved in the smooth execution of project parameters.

Cost Savings Measures

Offering newly introduced products as alternative solutions gives customers the opportunity to determine whether additional product options will provide cost benefits.

Previous cost saving measures to clients has included the negotiation of lower prices from suppliers on customer-specific solutions which have been passed on to that customer.

Process Improvements

Process improvements offered to large accounts have included the pre-production of an account's commonly ordered products as well as order process streamlining through cooperative efforts of all parties.

Goal Setting

Goal setting produces mutually understood expectations, measurable objectives and the confidence that KI truly is an enthusiastic partner during every phase of the project.

37. Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Agencies.
- Being engage earlier in the planning process.
 - Stream line our process using designated client web site.
 - Working with KI's dedicated Inside Sales Support area that works within a specific region to support customers, clients and sales representatives. This area includes actively

marketing KI's product offering throughout their designated region. They would help with client questions and assist in evaluating a need and offering KI solutions.

Green Initiatives

We are committed to helping to build a cleaner future! As our business grows, we want to make sure we minimize our impact on the Earth's climate. So we are taking every step we can to implement innovative and responsible environmental practices throughout Region 4 ESC to reduce our carbon footprint, reduce waste, promote energy conservation, ensure efficient computing, and much more. We would like vendors to partner with us in this enterprise. To that effort, we ask respondents to provide their companies environmental policy and/or green initiative.

38. Please provide your company's environmental policy and/or green initiative.

Please find KI's enclosed Environmental Programs Overview for your review.

Vendor Certifications (if applicable)

39. Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing respondent to perform the covered services including, but not limited to licenses, registrations or certifications. M/WBE, HUB, DVBE, small and disadvantaged business certifications and other diverse business certifications, as well as manufacturer certifications for sales and service must be included if applicable.

Please find KI's enclosed licenses, registrations and certificates for your review.

PRODUCT PRICING

ALL PRICES LISTED IN KI PRICE LISTS ARE FREIGHT EXCLUDED OR DELIVERED PRICING.

KI price lists and any prices contained therein are subject to change without notice. Prices applicable to all Customer orders shall be those in effect at the time KI receives a complete order from Customer unless: Customer and KI have in place a written special pricing or master supply agreement, which agreement specifies the prices to be paid by Customer; or Customer requests a product shipping date to occur more than one hundred twenty (120) days after KI's receipt of Customer's order (in which case KI shall have the option to apply to Customer's order the price list in effect as of Customer's requested shipping date). The most current KI price lists are maintained electronically and can be found at www.ki.com/pricelists

Any discounts are ineffective if, as a result of the discounts, the final selling price of any product offered in a KI quote would be lower than the corresponding price for that product under KI's multiple award schedule contracts with the United States General Services Administration (GSA). If the final selling price for any KI product in a quote would be below KI's price to GSA, KI will offer that product at the same price that KI offers to GSA. No other terms or conditions of KI's GSA contracts would apply to such sales.

FREIGHT AND DELIVERY

Freight Terms

KI reserves the right to select the "best way" shipment methods and means (including, but not limited to, determination of the carrier, method of shipment, and routing). Standard delivery shall be dock-to-dock delivery and shall occur Monday through Friday, 7:00 a.m. to 3:00 p.m. for truckload or 9:00a.m. to 5:00 p.m. for less than truckload or parcel. Products quoted as "Delivered Pricing" shall be "F.O.B. Origin," and freight charges are based on shipments to the 48 U.S. contiguous states. For shipments destined to other U.S. states or foreign territories, delivery will be made to a prearranged port. Customer shall prepay all freight charges and any extra expenses resulting from any request by Customer for after-hours, holiday, weekend, or specific time delivery, or special carrier, shipping method, (e.g. air freight, exclusive use vehicle) packaging, and/or routing. Contact KI for quote.

Requests for Specific Delivery Time(s)

KI considers requests for delivery times and for drop shipments to job sites, and will undertake reasonable efforts to indicate any such request(s) to product carriers. KI may, in its sole discretion, extend to Customer the option of a carrier-guaranteed set delivery time at an additional cost to Customer. KI's liability for any damages incurred for any late deliveries, including labor and other expenses resulting from any such delays, shall be limited to a refund of the charge for the aforementioned guaranteed set delivery time.

Accessorial Fees

Customer shall be responsible for the payment of all accessorial fees, including, but not limited to, charges necessitated by any of the following:

1. A need for special delivery equipment, including lift gates
2. Inside delivery
3. The absence of a loading dock
4. Redirection or re-consignment of product
5. Detention charges
6. Street unloads
7. Improper refusal of product

Storage of Product

If, following KI's acknowledgement of Customer's purchase order, Customer requests a delay in shipment for any period greater than one (1) day from the scheduled ship date, Customer shall be responsible for the payment of the following storage fees:

1. Orders less than a full trailer (11 pallets or 24 feet or less): \$5.00 per day per pallet.
2. Full trailer: \$60.00 per day per trailer.

Any long-term storage (i.e. storage outside standard shipping and installation storage) must be climate controlled. Temperature must range between 60 and 80 degrees Fahrenheit and humidity must be controlled between 45 and 65 percent relative humidity.

Split Deliveries

Orders can be split shipped (including C.O.M. as it arrives) only with faxed or written authorization.

Re-delivery of Freight

When re-delivery of merchandise is required because the customer is not ready to accept merchandise, and no notification of this fact is given to the factory at least one week prior to the scheduled ship date, the actual costs for freight, restocking and re-handling, plus 5% of the order value, will be billed to the customer. CAUTION: After obtaining a clear receipt for shipment, the delivering carrier is no longer responsible for damage or shortages.

PAYMENT TERMS

Net Thirty Days

Payment on all KI invoices shall be made in U.S. dollars within thirty (30) days of the date of each such invoice and without offset, back charges, retention, or withholding of any kind. Unpaid and delinquent invoices shall accrue interest at the rate of one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less.

Leasing Provisions

KI offers a lease finance option. The first and last monthly payments are required at the time of signing. Lease quotations subject to National Cooperative Leasing credit approval. Rates are based upon current market and subject to change without notice. Contact KI for a quote.

Custom Deposits

Customer may be required to pay a deposit for the purchase of any custom or nonstandard products identified in Customer's purchase order. Any such deposit shall accompany Customer's purchase order.

New Accounts

New accounts require the approval of a KI sales representative, credit references, and a valid tax-exempt or resale certificate (where applicable).

Security Interest in Products

KI shall retain a purchase money security interest in all products sold to Customer and for which Customer has not made full payment. Customer agrees to execute any and all instruments necessary to document the creation of this security interest and/or to perfect the same. Customer further agrees to assemble and deliver to KI all products subject to this security interest in the event Customer defaults on Customer's payment obligations to KI.

Collection Costs

In the event Customer defaults on Customer's payment obligations to KI, and KI employs the

services of an attorney or collection agency to enforce these obligations, Customer shall reimburse KI for all of KI's actual collection costs and expenses (including actual attorneys' fees and court costs) upon demand.

ORDER PROCESS

Requirements of a Valid and Complete Purchase Order

In order to submit a valid and complete purchase order to KI, Customer must provide KI with the following information.

1. If you are purchasing directly from KI the purchase order must be issued to KI or KI c/o the dealer with this address:
KI
1330 Bellevue Street
Green Bay, WI 54302
2. The following items must be included on all purchase orders:
 - Sold To/Bill To Information: complete legal name, address, telephone number and fax number
 - Ship To Information: complete legal name, address, contact name, contact phone number
 - Purchase Order Number: a customer-specific identifier, typically a sequential purchase order number or requisition number
 - Issue Date: date the purchase order was issued
 - Sales Tax: applicable sales tax will be added upon invoicing. If tax exempt, customer must provide or have the tax exempt certificate on file at KI
 - Purchase Order Total: total of all items and services included on the purchase order
 - Authorization: signature of authorized purchasing agent or buying entity
 - Order Details: reference a fully optioned KI quote (ex: 11KGH-85432) or include all the information listed below
 - Quantity of each item
 - Complete model number, including all finish and option information (by line item)
 - Net purchase price (by line item)
 - Extended net purchase price (all line items)
 - Any additional applicable charges (ex: installation and/or delivery charges)
 - Contract name and/or number if pricing is based on a contract reference
3. Signatures on a quote or a worksheet will NOT be accepted as a purchase order.
4. In the event that you do not have a formal Purchase Order process, please contact your KI Sales Representative or call 1-800-424-2432, and we will assist you with creating a PO.

Purchase Orders that do not meet these requirements will be placed on hold until complete information is received by KI.

Acknowledgements

KI sends acknowledgements on all orders. Please read these acknowledgements and contact KI immediately if there is any discrepancy. In the event of any difference or inconsistency between KI's acknowledgement and Customer's purchase order, KI's acknowledgement will control. In the event the model number and description differ on the purchase order, the model number will be the determining factor. Any error or discrepancy on acknowledgement must be reported to KI in writing within three (3) working days of acknowledgement date. All acknowledgements contain an estimated delivery date, but an order may ship earlier than

the estimated shipping date. If Customer desires delivery on or after a specified date, Customer must write "Do not ship for arrival before ___ [date] ___" on Customer's purchase order.

Fax or Email Orders

Orders may be sent to KI via facsimile (1-800-405-2264) or via email (order.entry@ki.com) SIF Files: If you have a fully optioned SIF file, submit one email containing the purchase order, fully optioned SIF file and any supporting quotes. If, following submission of an order to KI, Customer sends a confirming order, such confirming order must be marked "Confirming Order: Original order sent via fax (or email)." KI will not be responsible for any duplicate orders caused by unmarked hard copy, duplicative confirming orders, or orders submitted more than once.

Changes or Cancellations of Orders

Purchase orders acknowledged by KI cannot be changed or cancelled without KI's consent, which consent may be conditioned upon Customer's agreement to pay increased or additional expenses resulting from the requested change or cancellation, including but not limited to a twenty-five percent (25%) cancellation charge if order is cancelled or changed within a minimum of twenty (20) days prior to expected delivery date as acknowledged. Products with custom options or veneer tops cannot be cancelled or returned.

Quick Ship Program

Quick Ship Program (QSP) leadtimes begin upon receipt of clearly marked and complete purchase order and approval by KI credit department. The QSP purchase order must be accompanied by the QSP purchase order cover sheet. Orders will only be processed as Quick Ship if all items on the order are included in the Quick Ship program. Quick Ship orders cannot be revised, cancelled, or returned. It is KI's intention to ship all QSP products within a period of 10 working days or less. Based on production capacity, KI reserves the right to cancel the Quick Ship Program without notice.

C.O.M. FABRIC REQUIREMENTS

Fabrics to be supplied by Customer must be approved by KI for upholstery-ability and flammability prior to acceptance of Customer's purchase order. Customer shall submit to KI a one (1)-foot square sample swatch with Customer's purchase order. Following KI's approval of Customer's fabric, Customer must contact KI for exact production yardage requirements (1-800-454-9796, ext. 2707). Thereafter, Customer shall ship its fabric to the appropriate manufacturing facilities below. When supplying Customer's own materials, it is the responsibility of the Customer to ship the materials to the correct KI manufacturing facility (as stated on the product pricing pages of KI price lists or on ki.com). Failure to ship the materials to the correct KI manufacturing facility will result in additional charges to the Customer for re-delivery of Customer's own materials to the correct KI manufacturing facility.

For products shipped from Green Bay, WI facility, ship material to:

TITLE, RISK OF LOSS, AND DAMAGE OR SHORTAGE CLAIMS

Title and Risk of Loss

Title to product shall pass to Customer upon delivery by KI to the carrier. For purposes of risk of loss, all shipments are "F.O.B. Origin"; and Customer acknowledges that, once KI delivers the product to the carrier, risk of loss shall pass to Customer. If you receive product that is freight damaged, the following steps must be taken:

1. Before signing for the merchandise, make careful notation of all damages on the bill of lading or delivery receipt.
2. Immediately file a claim with the delivery carrier. Request an inspection by the carrier agent.
3. The claim must be filed within fifteen (15) days of receipt of goods.
4. Retain all shipping cartons for inspection by the carrier agent. For concealed damages follow steps 2 through 4.

Shipment Damage Claims

All products are packaged to comply with carrier requirements and leave KI's manufacturing facilities in good condition. Customer shall be responsible to carefully inspect all product upon delivery and before acceptance. Any damage discovered upon delivery must be noted on the bill of lading. Notification of damage discovered after delivery must be given to the carrier within fifteen (15) days immediately following delivery, and all damaged product must be kept at the point of delivery in its original packaging. KI shall not be liable for loss or damage to product that occurs in transit, and Customer's sole remedy for any such damages shall be to seek appropriate recourse against the carrier.

Shortage Claims

Customer must report shortage claims to KI within ten (10) days immediately following delivery. Shortage claims reported after ten (10) days after delivery will not be honored.

Returns

Product conforming to the specifications contained in KI's acknowledgement to Customer may not be returned to KI without KI's written consent, which consent may be conditioned upon Customer's agreement to pay re-handling and/or restocking charges and/or to prepay all freight charges on the return shipment.

CODE & FLAMMABILITY STANDARDS COMPLIANCE

Seating

1. California Technical Bulletin 117. All seating products manufactured by KI meet or exceed the standards set forth in California Technical Bulletin 117 and are labeled accordingly.
2. California Technical Bulletin 133. KI offers numerous products that can be manufactured to meet the flammability requirements set forth in California Technical Bulletin 133. For products to meet the requirements of the open-flame test, changes in materials are made. Restrictions are placed on fabric selections and product type. When ordering product to comply with California Technical Bulletin 133, the "FR" option must be selected in the model number string. Please see individual sections in the price list for additional cost and leadtimes, which vary between products.

Panels

ASTM E84 (equivalent to UL 723 and National Fire Protection Association NFPA 255) is the test method used to determine the Flame Spread and Smoke Developed Indices of the system, consisting of the core substrate, fabric covering, and adhesive. NFPA 101, for Life Safety Code, defines acceptable Flame Spread and Smoke Developed Indices that have been adopted by the federal and many state or local governments as law in the form of building codes and regulations. Panel cores have been judged acceptable for the use with UL Recognized Component Office Panel Fabrics. Contact KI for the current list of fabrics that are acceptable for use.

Style and Fabric Availability

Many styles can be manufactured to comply with TB133, depending on the fabric content of a selected upholstery textile. When considering C.O.M. fabrics, submit the material attached to its composition description card to KI for approval. *Certain C.O.M. materials may require a sample burn test for certification. A sample product will be built with C.O.M. material and tested. The cost of testing must be added to the cost of a test sample including appropriate upcharges to receive certification.

Pricing

TB133 requires special construction procedures, and an upcharge applies to each product ordered as such.

General Information

Specifications, test procedures and requirements pertaining to flammability regulations can change. KI will make every effort to keep our information and services pertaining to flame specifications up-to-date. However, we reserve the right to alter the products, fabrics/leathers, or upcharges associated with any of the above or any other flame specifications.

MISCELLANEOUS Weights and Dimensions

All weights and dimensions listed in KI's price or product listings are approximate.

Statute of Limitations

Except as specifically set forth in these Terms, Conditions, Rights and Warranties, no claim arising out of or in connection with products purchased from KI, these Terms, Conditions, Rights and Warranties or any product warranty applicable to any KI product may be brought by Customer more than one (1) year after the cause of action on which it is based has accrued.

Jurisdiction and Venue

The interpretation and application of these Terms, Conditions, Rights and Warranties and any product warranties applicable to products purchased by Customer from KI shall be governed in all respects by the laws of the State of Wisconsin, U.S.A., without reference to the rules of any jurisdiction concerning conflicts of laws or the provisions of the United Nations Convention on Contracts for the International Sale of Goods. Customer agrees that all disputes arising from the interpretation or application of these Terms, Conditions, Rights and Warranties or any product warranty shall be subject to the exclusive jurisdiction of and venue in the federal and state courts located in Green Bay, Wisconsin, or within Brown County, Wisconsin, U.S.A.; and Customer hereby consents to the personal and exclusive jurisdiction and venue of these courts.

Notification to KI

Except as set forth elsewhere in these Terms, Conditions, Rights and Warranties, all inquiries and correspondence to KI should be directed to:

KI
1330 Bellevue Street
P.O. Box 8100
Green Bay, WI 54308-8100
Phone: 1-800-424-2432

Force Majeure

KI shall not be liable for failure to perform or for delay in performance due to fire, flood, strike, or any other labor difficulty, act of God, act of any governmental authority or of Customer, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials, or manufacturing facilities from usual sources, or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. In the event of delay in performance due to any such cause, KI reserves the right to extend the date of delivery or time for completion by a period of time reasonably necessary to overcome the effect of such delay, to allocate any available supply of goods in a manner it deems reasonable, or to cancel any purchase order.

Product Warranties

These Terms, Conditions, Rights and Warranties may change from time to time. Purchases of products from KI shall be subject to KI's then current Terms, Conditions, Rights and Warranties which can be found at: www.ki.com/terms

RIGHTS AND WARRANTIES

The following KI product warranty applies to products manufactured after May 31, 1997 and manufactured and/or distributed from a manufacturing site in North America (U.S., Canada, Mexico.) This warranty is given to the initial purchaser and is valid for as long as the initial purchaser owns the product. The warranty, which runs from the date of manufacture, covers defects in materials and craftsmanship found during normal usage of the products during the warranty period. If a product is defective, and if written notice of the defect is given to KI within the applicable warranty period, KI at its option will either repair or replace the defective product with a comparable component or product, or provide a refund of the purchase price. KI reserves the right to determine labor method used during replacement of product. The Lifetime Warranty applies regardless of the number of shifts the product is used each day, unless specified as an exception. All non-lifetime product warranties are a single 8 hour shift per day unless otherwise noted. KI products are not intended or warranted for outdoor use unless specifically stated for outdoor use (e.g. site furnishings in miscellaneous).

This warranty does not apply to damage caused by carrier, alterations to product not expressly authorized by KI, nor to products considered to be of a consumable nature such as bulbs, light ballasts, and surge suppression products. It also does not apply to "Customer's Own Material" (i.e., material supplied by the Customer that is not a standard KI product offering) used in the manufacture of KI products. KI does not warranty the matching of color, grain or texture, except to within commercially acceptable standards. A product will not be considered defective, and KI will not be obligated to replace it, if the product is subject to any of KI's written planning, installation or user guides, and is not installed or used as recommended therein.

Modification to U.L. Listed products eliminates the listing.

EXCEPT AS STATED ABOVE, KI MAKES NO EXPRESS OR IMPLIED WARRANTIES AS TO ANY PRODUCT AND IN PARTICULAR MAKES NO WARRANTY OF FITNESS FOR ANY PARTICULAR USE. AT KI'S OPTION, PRODUCT REPAIR, REPLACEMENT, OR REFUND OF PURCHASE PRICE IS THE CUSTOMER'S EXCLUSIVE REMEDY FOR ANY AND ALL PRODUCT DEFECTS.

KI will not be liable for consequential, economic, or incidental damages arising from any product defect. International Warranties may differ.

Environmental Management Program ■

Rev. 09/30/2013

KI's History on Environmental Initiatives

Approximately 72 years ago KI made a promise - to act as a steward of the environment. Since then, KI has been dedicated to serving their customers, their community, and future generation in a way that will never harm the world in which we all live. KI believes that, big or small, every action that safeguards and restores the environment is significant. KI is committed to making that happen by creating and providing products that advance environmental and human health, social responsibility and economic prosperity.

KI developed an approach which continually reinforces its commitment to sustainable design and manufacturing processes. This approach is as follows:

- KI has reviewed all nine of its manufacturing facilities and continues to look at processes to be more environmentally friendly including such things as painting processes, adhesives, metal cleaning, finishes, and packaging. This is intended to not only improve the indoor air quality to the end user, but also to address waste minimization, recycling and the use of alternative non-hazardous materials. KI's efforts are aimed at all media – water usage, wastewater discharges, air emissions, and solid/hazardous waste - in a comprehensive effort towards pollution prevention.

These impacts create a more friendly work environment for:

- a. the employees by improving the air quality in their environment and removing hazardous waste;
 - b. the communities through pollution prevention activities of waste minimization or elimination and improved air quality.
- While many decisions may be motivated by a desire to protect the environment, KI takes into account the effects of raw materials on land use and substitution, and the broad range of environmental impacts inherent to the life cycle of its products. Materials, where possible, should be from sources which are renewable, easily grown and replenished. Good examples are products made from wheatboard, bamboo, cotton, etc.
 - KI continues to look into the development of products and product options with the largest percentage of recycled content and those which can be easily recycled, disassembled and repaired. KI continually searches for vendors and alternative options that offer the largest recycled contents utilizing both post-consumer and post industrial contents. KI is committed to the development of products that are more environmentally friendly not inclusive of the manufacturing environment.

KI uses several third party Certifications on its products to include SCS Indoor Adbantage™ certification and FSC Chain-of-Custody certification. KI also follows the EPA Wastewise initiatives and implements waste reductions efforts continuously in its plant and manufacturing efforts.

Leadership in Energy and Environmental Design

KI is continually exploring viable product designs and solutions that will aid in the achievement of those principles upheld by the Leadership in Energy and Environmental Design (LEED™), a priority program of the USGBC (U.S. Green Building Council).

In 2003, KI became a corporate member of the USGBC and a corporate sponsor of the launch of LEED's CI Rating System in 2005. Representing the furniture manufacturing industry, KI, KI's Leadership, and KI LEED Accredited Professionals work in cooperation with environmental professionals and their projects to examine how the company's product offerings embrace such critical areas as Energy Efficiency; Human and Environmental Health; Durability, Performance and Maintenance; Embodied Energy and Pollution; Resource Limitation and Waste Management.

How KI products might contribute to LEED certification (this list is not all inclusive):

- **Category 3 - Energy and Atmosphere:** Through the use of occupancy sensor task lights in workstations and motion lighting in occasionally occupied areas would *minimize energy consumption*. Also, a reduction in energy consumption can be realized by using the “high efficiency” electronic ballast task lights vs. the standard ballast task lights.
- **Category 4 - Materials and Resources:** The *recycled content* of our products, as well as our sources for raw materials, may contribute towards recycled content and *rapidly renewable materials*.
 - KI also has an array of *storage and collections recycle* containers that can be utilized to satisfy the required prerequisite in this category.
 - KI’s systems and flexible products are re-usable (like movable walls), may contribute towards *building reuse and resource reuse*.
 - KI offers *certified wood* options on its entire product offering – those that have wood components only. A chain-of-custody certification document is available and by special request.
 - The majority of KI manufacturing facilities are located in Wisconsin and can contribute towards the *regional manufacturing* requirement. KI has several local vendors that could contribute to *regionally extracted materials*.
- **Category 5 - Indoor Environmental Quality:** KI products are low-emitting and are SCS Indoor Advantage Certified. These KI’s products will contribute towards *low emitting materials*.
 - KI’s products may contribute toward *daylight and views* through space planning, panel height, glass panels, etc.
- **Category 6 - Innovation:** We can work with you toward innovation in design through innovative products and product applications that leverage our integrated portfolio.
 - KI’s products do not need any harsh chemicals to clean its surfaces or fabrics. May assist in creating a *Low Impact Cleaning and Maintenance: Equipment Policy*.

Awards and Recognition

KI has been recognized over the years with the honor of receiving awards and recognitions based on product and project innovation. KI and KI's leadership have invested time and money in the communities in which they work with an emphasis on environmental stewardship. The following section provides an overview of KI's efforts in pollution prevention and waste minimizations have been recognized several times through environmental awards. KI is proud of these endeavors in waste minimization and is willing to share additional information with other companies.

2011, 2009, 2008 and 2006 EPA WasteWise Gold Achievement Award for Paper Reduction

KI was honored for a multi-faceted program that eliminated tons of unnecessary packaging materials at its Wisconsin Plants. As part of this effort, KI reduced the amount of packaging both in products it manufactures and purchases. To decrease packaging in its furniture shipments, KI eliminated corrugated base fittings for a number of products and increased reusable packaging and blanket wrapping.

2010 EPA WasteWise Large Business Partner of the Year

KI is a partnering entity following the requirements of the EPA’s WasteWise Management program since 2004. KI receives the EPA WasteWise Large Business Partner of the Year Award. KI is recognized for exceptional waste prevention and recycling initiatives, buy-recycled efforts, and activities to promote WasteWise.

2010 and 2011 Green Masters’ Program

The Wisconsin Sustainable Business Council awarded KI with the distinction of “Green Professional” within the Green Masters program for scoring in the top 20% by being surveyed on workforce, waste management, and water usage and waste of manufacturing businesses initiatives during and given year.

2005 and on-going LEED Certified Buildings

KI has been involved in the supply of furniture for several awarded LEED Certified facilities. These facilities include the University of Texas Nursing School as well as the University of Arkansas Innovation Center. In both cases, these installations incorporated the Genius Full Height Movable Wall Systems in their solution and were able to garner several innovation points through that process.

2004 Wisconsin Business Friend of the Environment Award

KI received the Wisconsin Business Friend of the Environment Award presented by The Wisconsin Environmental Working Group, an affiliate of Wisconsin Manufacturers & Commerce. KI was chosen based on its programs demonstrating innovative approach to environmental protection.

KI's engineering team within the Manitowoc facility have found a way to make two already remarkably earth-friendly products even more consistent with the company's goals to prevent pollution and minimize waste – all within budget.

2001 Governor's Award for Excellence in Environmental Performance

KI received the Sixteenth Annual Governor's Award for Excellence in Environmental Performance in March 2001. One of KI's core values is to protect and enhance the environment in order to preserve natural resources for future generations. As a responsible steward of the environment, KI continually strives to utilize manufacturing methods that emphasize pollution prevention practices including waste minimization, recycling, and the use of alternative, non-hazardous materials.

1998 Wisconsin Governor's Award for Excellence

KI received the 1998 Wisconsin's Governor's Award for Excellence in Hazardous Waste Reduction.

1998 Prevention Environment Prosperity Award

The Wisconsin Department of Natural Resources presented this award to KI in 1998 as a result a process re-engineering endeavor at the Green Bay facility in which solvent-based glues were replaced with water-based glues. The Wisconsin Department of Natural Resources posts a case study regarding KI's efforts to provide other manufacturers with information on possible approaches to air emissions and waste reduction.

1997 Wisconsin Business Friend of the Environment Award

The Wisconsin Environmental Working Group honored KI in 1997 with the Wisconsin Business Friend of the Environment Award. This award recognizes companies that go beyond compliance in their environmental program.

1996 Wisconsin Governor's Award for Excellence

In 1996, KI received the Wisconsin Governor's Award for Excellence in Hazardous Waste Reduction.

1995 Prevention Environment Prosperity Award

The Wisconsin Department of Natural Resources presented this award to KI's Gillette, Wisconsin facility for efforts to eliminate hazardous waste streams through product substitution and recycling.

Environmental Stewardship

KI strives to be a responsible corporate citizen within its communities through employee involvement in community organizations and clean-up and recycling activities. Some examples of this stewardship include:

- KI employees clean up a stretch of highway as part of the Adopt-A-Highway program.
- Funding of the Resch Conservation Wing at the Bay Beach Wildlife Sanctuary by the Resch family.
- Working with local agencies on eradication of an invasive wetland plant species (Purple Loosestrife) found in a wetland at KI's Green Bay, Wisconsin facility.
- Funding a paved trail along the East River through Bellevue and adjoining Allouez in the Green Bay, WI area.
- Employee programs have been implemented to reduce local fuel consumption and toxic waste to landfills:
 - Car pooling program
 - Battery recycling program
 - Cell phone recycling program
 - Computer equipment recycling program
 - Lamp/bulb recycling

An Environment Re-Commitment

As 1994 came to a close, KI re-committed itself to reduce impacts on the environment and operating costs through pollution prevention activities. Through four of these programs, the manufacturer addressed waste minimization, recycling and the use of alternative non-hazardous materials.

In 1995, the Green Bay facility kicked off this ambitious endeavor by investing \$750,000 on capital environmental improvements, and \$100,000 on projects, consultants and employee education. From the company's perspective, these investments provide a payback as KI becomes more profitable through more proficient manufacturing methods, and a reduction in the money spent on wastes, air emissions and effluent discharges.

Less Waste on the Way

KI has more waste reduction efforts under way. For instance, liquid color waste from test runs on customer-specific colored plastic parts has been eliminated by upgrading the color standard system used with the liquid color supplier.

Waste generated from an electroplating process has been changed from hazardous to non-hazardous, through the introduction of a new rack coating. Other advances in the electroplating process include a nickel recovery system, which saves chemical costs and reduces disposal expenses. This process also allows KI to recycle water in the electroplating process, saving over a half-million gallons of water annually. Finally, KI is updating its wastewater pre-treatment system, with potential waste reduction savings of \$95,000 per year.

A Proactive Approach

KI, as a corporation, has made it a policy to incorporate recycling programs as a normal way of doing business. For example, the corporate office along with the Green Bay manufacturing facilities has adopted a battery recycling program. Employees are encouraged to recycle any discarded household batteries so that KI can divert them from public landfills.

Another practice is recycling computer monitors and fluorescent tubes (lamps). KI, several times throughout the year, collects the old discarded items from all of their showrooms, other manufacturing facilities, and regional and district offices throughout the U.S.

KI's Pembroke facility targeted the proactive removal of potential toxic substance and an about-to-be-banned waste water heavy metal. On 6/4/2005 Pembroke began to use different chemicals in paint washes that will allow a drop in temperatures that were originally required in the wash. This yearly reduction in energy consumption is estimated at \$105,000 annually.

Practices and Processes

As indicated previously, KI manufacturing facilities have taken both unique and common approaches to their environmental efforts. The following sections describe approaches common to all of KI's operations.

Reduce, Reuse, Recycle

All of KI's facilities embrace the theme of "REDUCE, REUSE, RECYCLE" in their operations. These efforts are aimed at all media – water usage, wastewater discharges, air emissions, and solid/hazardous waste - in comprehensive effort towards pollution prevention.

By introducing more products into recycling programs, KI has been able to effectively reduce its waste stream. Over the past three years, a focus on emerging options has led the company to target process water, foam, plastic purgings and fabrics for inclusion in recycling programs.

Capital Investment Process

KI selects new processes and equipment based on a detailed analysis of capital and operating costs and environmental considerations. The evaluation of operating cost includes the recommended maintenance procedures; thus processes and equipment that have extensive and significant maintenance costs are eliminated by this process. Solvent-based paints and other materials have been steadily replaced with water-based or powder substitutes at the manufacturing facilities. By limiting the use of solvent-based materials, the necessity of using solvent-based cleaning materials has been reduced.

Product Durability, Refurbishment, and Flexibility

KI's products are designed to be durable, flexible (in terms of office rearrangement and also in terms of re-upholstery), and repairable (in the event wearing occurs or a component is broken). In the event that an item is not longer needed, many products can be disassembled and several components can be recycled.

These features (durability, flexibility, and refurbishment) all KI's customers to break the cycle of unnecessary waste generation. KI may partner with and enlist the services of refurbishing and resale entities on a per-project basis to extend product lifecycles.

Product Buy-Back Policy

KI understands that customers may want to purchase products with an understanding that office needs may change, and customers may need assistance in the removal and resale of product. KI will assist in a buy-back program or can offer to broker product no longer needed by customers. The details of service would be based on the product purchased and a program would be tailored at that time. In addition, KI can assist with brokering furniture from other manufacturers.

By producing products that are reconfigurable such as demountable walls and panel systems, KI acts as a responsible steward of the environment promoting the reuse of products rather than the proliferation of landfills.

Fuel and Energy Conservation

Energy and fuel conservation is also an integral part of the facility engineering staff responsibilities. Each proposed capital investment must consider energy and fuel costs are part of the overall evaluation. Several KI facilities participate in a state program called "Focus on Energy" which formalizes energy conservation goals, measurements, and approaches.

Several facilities utilize energy efficient lighting systems for offices and manufacturing areas and have installed automatic shut-off systems to further conserve energy. Fuel conservation is addressed in the transportation of raw materials and finished products, as well as facility operations.

Design and Development

KI's development philosophy is to develop product solutions that will visually and functionally work with other KI product solutions allowing the client the greatest flexibility as their business needs evolve. This design philosophy allows them to look at other product solutions within the KI portfolio and be able to integrate them with existing products they have in place giving the greatest flexibility without obsolescing a product.

It is a KI corporate policy that all new and/or improved introductions of our products connect with and extend the usage of all previous introductions so as to work companionably side by side.

Custom Options/Tailored Product/Service Solutions

Custom Options is our internal group, which takes product solutions and makes minor modifications to them, again to meet a specific client need, application, or sustainability requirement. What the industry knows more as specials, we refer to as Custom Options. Currently, about 19% of all KI sales fall into this category of Custom Options and tailored products compared to the industry standard of about 1%.

Environmental Compliance Programs

Environmental Awareness Training

Years ago, KI determined that all employees, as part of the KI team, need to contribute to environmental compliance at the facilities. Certain key individuals serve as focal points for the gathering and distribution of information.

- Every employee from the CEO to the manufacturing floor conduct regular energy audits of their work areas – why we even have mini recycling containers at each work station. We're educating employees on ways they can save energy at work; reduce paper by encouraging electronic messaging, turning off conveyor belts to turning off unnecessary lights when they leave for the day.
- Employees/Technicians must be familiar with the environmental policy and be aware of the requirements related to their job. The Employees/Technicians should feel free to contact any other individuals with their environmental concerns or questions.
- Supervisors/Product Line Managers are to be resources for employees/technicians for general environmental questions and information.
- Plant Environmental Engineers are individuals with overall environmental responsibilities. The role of the Plant Environmental Engineers is to address compliance issues in the plant, such as obtaining permits, filing necessary reports, training, and distribute general information concerning environmental issues and policies.
- The role of the Corporate Compliance Officer is to assure that plant managers and environmental engineers are taking appropriate action to ensure environmental compliance.

Environmental Compliance Manuals

In an effort to continuously improve the facilities' environmental performance, and as a basis for a planned compliance audit program, KI has begun developing comprehensive environmental compliance manuals for each manufacturing facility.

Compliance Auditing

These Environmental Compliance Manuals are to serve as a tool to confirm that all environmental program requirements are being met, facilitate transfer of site-specific information from the manufacturing facility to the corporate office, facilitate transfer of information from the current environmental manager to their predecessor(s), and provide a guide for routine audits.

ISO 9001:2008

As part of KI's business philosophy to build the highest quality business and institutional furniture, KI implemented a Quality Management System for all of its manufacturing plants and related corporate functions. These Quality Systems were audited and are certified according to ISO standards. ISO was developed by the International Organization for Standardization to "facilitate the world-class exchange of goods and services." It is a standardized framework for building, operating and documenting a quality management system. KI is among an elite group of United States Manufacturers who have acquired ISO 9001:2008 certification. Some examples include the following:

- KI is focused on their customers and their needs and expectations, including their customers' expectations that office and institutional furniture lines should be designed and produced with environmental considerations at the forefront.
- KI involves all team members in their continuous improvement process. Due to this involvement, there have been numerous successes in the areas of resource conservation, waste reduction, and efficiency.
- Continual improvement is a constant mantra of the environmental program as well as the quality program.
- Supplier relationships are critical to KI's success. KI is proud of the accomplishments of major suppliers in the environmental area, as evidenced by several portions of this document.

Process Change Notification

As part of the ISO program, KI carefully monitors and controls changes made to production operations, specifications, and raw materials. In order for a change to proceed, a comprehensive evaluation of the impacts of the change must be evaluated. Environmental considerations are part of the Process Change Notification process.

Kaizens

The goal of the KI's Kaizen program is orderly and continuous improvement. It involves all levels of the organization. The focus is on eliminating waste in all systems and processes of the organization and continuously improving KI's ability to meet expectations of high quality, low cost, and on-time delivery.

Waste elimination has obvious impacts on environmental issues by reducing air emissions, reducing wastes (both hazardous waste and solid waste), wastewater discharges, and other impacts on the surrounding environment.

Design Standards and Safety

- **ANSI/BIFMA** - KI is ISO 9001:2008 registered and houses a state-of-the art testing facility with accurate equipment and fully trained personnel. We qualify our products to the many applicable ANSI/BIFMA and UL test standards through independent and internal testing.
- **UL Standards** - There are UL standards which address stability, strength, & safety requirements.
- **CAL133** – California Technical Bulletin 133 is a standard for evaluating the flammability of furniture. KI's products are designed to have specific configurations for this standard.
- **ICC** – Architectural Walls adhere to a separate safety standard published by a company called ICBO (recently renamed to ICC).
- **Governmental Services Administration (GSA)** - Some products have other requirements if they are to be listed on GSA tests. For some products GSA defaults to BIFMA and/or UL, at other times they have their own unique tests.
- **“Rule of Thumb” Standards** - No sharp corners and avoiding/eliminating pinch points. In addition to these we will often perform custom tests internally by either taking a product to failure or trying to anticipate problems and testing for them.

Indoor Air Quality

Poor indoor air quality has been identified as a cause of illness and loss of productivity in the workplace. Volatile Organic Compounds (VOC) are common in the indoor environment and can be emitted from sources such as cleaning compounds, wood products, waxes, paints, and other coatings. KI does not put any chemical into, on, or made part of, any product it manufactures that exceed any known governmental, state or municipal indoor air quality measurement.

SCS Indoor Advantage Certified Products

Scientific Certification Systems, Inc., (SCS) now doing business as SCS Global Services, is a trusted leader in third-party environmental, sustainability and quality certification, auditing, testing and standards development. SCS is playing a leading role in driving the development of national and international leadership standards to create a framework for continuous improvement.

Air Emissions

In the past, office furniture manufacturing facilities, as well as many other industries such with painting and coating operations, were significant sources of air emissions. As part of their continuous improvement focus on the environment, KI manufacturing facilities have made considerable progress in reducing the amount and toxicity of air emissions that are generated as part of their manufacturing processes.

These changes have positive impacts for KI and KI's customers by:

- Improving KI employee work environments.
- Improving regional air quality in the areas in which the furniture manufacturing occurs.
- Reducing potential for off-gassing and indoor air quality issues associated with the use of the final product lines as a benefit to KI's customers.
- Reducing hazardous and toxic wastes generated at the manufacturing facilities, since solvent-based (i.e. volatile) materials commonly produce hazardous wastes.

Being able to focus KI staff energy and efforts to productive activities rather than the strenuous and complicated tasks of air emissions permitting, recordkeeping, and monitoring required when a facility is a major source of air emissions.

Distribution/Transportation

- **KI Private Fleet-** KI has a Smart Way Certified Fleet and at the same time utilizes only Smart Way Certified Carriers. KI has also implemented an anti-idling policy stating that no diesel engine should idle for longer than five minutes, except by exception. By doing this, KI is lowering maintenance costs and reducing the carbon footprint of the KI Fleet. KI's fleet averages an amazing 7.5 miles-8 miles per gallon. KI drivers receive a fuel bonus when they drive the vehicle in a manner that conserves fuel by increasing mileage.
- **Maximization of Space Usage-** KI maximizes its resources therefore minimizing waste and pollution. Why send two trucks to do the job of one? KI traffic schedulers and dock personnel work in cooperation with shipping companies to utilize the maximum amount of truck space available. By reducing the number of trucks on the road, KI saves on fuel usage as well as equipment wear and tear. Methods utilized to increase space capacity include order and destination consolidation as well as palletizing, shrink wrapping and blanket wrapping product--eliminating space-consuming packaging.
- **Direct Shipment-** Because the company's main method of shipping is direct to the customer, KI eliminates the middleman in the shipping of products to the destination. This alleviates the need for a number of different trucks hauling the same merchandise thereby reducing fuel usage, inefficient miles per gallon and equipment wear and tear.

Packaging/ Shipping

From the factory floor to the corporate mailroom, KI institutes the “reduce, reuse, recycle” philosophy. To reduce the use of packaging materials, KI has found alternative methods to safely ship and receive products to and from suppliers, end-users and other manufacturing locations. Utilization of reusable plastic totes, shrink-wrapping, blanket wrapping and racking of products has helped alleviate the amount of "box" materials used in the shipping process. To reduce waste sent to landfills, KI reuses materials such as wood pallets wherever possible and has partnered with suppliers to create new product transfer methods such as injection molded plastic skids (made from recycled plastic!) which can be reused over and over again. KI has also experimented with several adhesive products, which eliminate gases created in the packaging process.

Appendix G: VALUE ADD

Please include any additional products and/or services not included in the scope of the solicitation that you think will enhance and/or add value to this contract for participating agencies.

Value Add #1 - Exclusive Website

This innovative website provides one location for Region 4 ESC Members to access all the information on KI corporate as well as products, including Quick Ship Items, Promotions, Education, and much, much more.

Value Add #2 - Value-Added Products

In addition to the products requested in the RFP, KI and its wholly owned subsidiaries offer their balance of diverse product lines to Region 4 ESC when a contract is awarded.

Value Add #3 - Balance of Line Architectural Products

Products such as KI's Movable Wall lines and all of KI's Fixed Seating lines will be available when contract is awarded. Architectural product lines are quoted on a project by project basis. Price quote will included all freight and installation services required.

CONTRACTOR CERTIFICATION REQUIREMENTS

Contractor's Employment Eligibility

By entering the contract, Contractor warrants compliance with the Federal Immigration and Nationality Act (FINA), and all other federal and state immigration laws and regulations. The Contractor further warrants that it is in compliance with the various state statutes of the states it will operate this contract in.

Participating Government Entities including School Districts may request verification of compliance from any Contractor or subcontractor performing work under this Contract. These Entities reserve the right to confirm compliance in accordance with applicable laws.

Should the Participating Entities suspect or find that the Contractor or any of its subcontractors are not in compliance, they may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

The offeror complies and maintains compliance with the appropriate statutes which requires compliance with federal immigration laws by State employers, State contractors and State subcontractors in accordance with the E-Verify Employee Eligibility Verification Program.

Contractor shall comply with governing board policy of the Region 4 ESC Participating entities in which work is being performed.

Fingerprint and Background Checks

If required to provide services on school district property at least five (5) times during a month, contractor shall submit a full set of fingerprints to the school district if requested of each person or employee who may provide such service. Alternately, the school district may fingerprint those persons or employees. An exception to this requirement may be made as authorized in Governing Board policy. The district shall conduct a fingerprint check in accordance with the appropriate state and federal laws of all contractors, subcontractors or vendors and their employees for which fingerprints are submitted to the district. Contractor, subcontractors, vendors and their employees shall not provide services on school district properties until authorized by the District.

The offeror shall comply with fingerprinting requirements in accordance with appropriate statutes in the state in which the work is being performed unless otherwise exempted.

Contractor shall comply with governing board policy in the school district or Participating Entity in which work is being performed.

Business Operations in Sudan, Iran

In accordance with A.R.S. 35-391 and A.R.S. 35-393, the Contractor hereby certifies that the contractor does not have scrutinized business operations in Sudan and/or Iran.

PROCUREMENT, PROFESSIONAL AND SERVICE
CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the

statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (www.nj.gov/dca/lgs/lfnslfnmenu.shtml).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at www.nj.gov/dca/lgs/p2p. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

NOTE: This section does not apply to Board of Education contracts.

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”

EVALUATION QUESTIONNAIRE/SELF CHECKLIST

Products/Pricing (40 Points)

1. Are all products and services being proposed listed under APPENDIX B on a corresponding electronic device? Yes No

2. Is there a price list for all available products/services on a corresponding electronic device? Yes No

3. Did you provide the warranty information that is offered by your company? Yes No

4. Will customers be able to verify they received the contract price? Yes No

Please explain how they would verify the contract price.

The contract number will be listed on all quotes and orders. Contract number corresponds to the contract pricing.

5. What payment methods do you accept?
A. EDI B. Direct Payment via check, money order, or bank check

Performance Capability (30 Points)

1. Did you indicate which states you can deliver to under APPENDIX E, Question 1? Yes No

2. What is the capability of your company to respond to emergency orders?

Please explain what actions you would take.

KI expedites and schedules product manufacturing based on the first-in, first-out process. However, a Project Coordinator will work with the manufacturing schedulers if lead-times and project completions are in jeopardy to get the best delivery date possible on emergency orders. Since 1941, KI has been a traditionally just-in-time manufacturer, which influenced KI's leadership in the production of customer-specific products, whereby we produce our products on a demand basis.

Natural Disasters

KI is willing to work with Region 4 ESC to set up a plan of Preferred Customer Status if an emergency or natural disaster would take place. This would include but is not limited to the replacement of furniture. KI will provide an emergency stock of tables, chairs and filing, available for shipment within five days. This stock may not be the exact specification of your

standard product, but is intended to provide seating, writing and storage on an emergency basis while your standard product is being manufactured.

KI has its own emergency plan in place if one of our facilities would require disaster recovery.

3. Please provide your company's average fill rate over the last three fiscal years.

1) _____ 2) _____ 3) _____

KI is a just-in-time manufacturer; we do not fill orders from stock.

4. Please provide your company's average on time delivery rate over the last fiscal year. 98%

5. Does your company agree to the following statement on shipping charges "*All deliveries shall be freight prepaid, F.O.B. destination and shall be included in all pricing offered unless otherwise clearly stated in writing.*"? Yes No

If not please explain.

Products quoted as "Delivered Pricing" shall be "F.O.B. Origin," and freight charges are based on shipments to the 48 U.S. contiguous states.

6. What is your company's return and restocking policy? Are there any applicable fees? Please provide a brief description and example.

Returns

Product conforming to the specifications contained in KI's acknowledgement to Customer may not be returned to KI without KI's written consent, which consent may be conditioned upon Customer's agreement to pay re-handling and/or restocking charges and/or to prepay all freight charges on the return shipment.

7. What is your company's history of meeting shipping and delivery timelines?

KI realizes that meeting delivery dates and lead-times is critical to overall project success. To ensure quoted lead-times and on-time delivery, KI is involved in all aspects of the shipping process. KI Designated Account Support team members will work with contact personnel to coordinate all facets of the project including production lead-times, shipping, delivery and installation. KI team members collaborate directly with the manufacturing facility to achieve time-line milestones and do!

8. Will your company be able to meet the one year warranty guarantee as stated on page 16 under pricing? Yes No

If not, please explain.

9. Did you provide your company's information regarding your customer service department as per APPENDIX F, Question 15? Yes No

10. What is your company's current invoicing process?

KI's standard invoicing method is to invoice individual purchase orders at the time of product shipment. Following the Market-Of-One™ philosophy, KI is willing to explore other invoicing suggestions Region 4 ESC may propose. As an example of possible invoicing alternatives, KI currently has contracts with specific customers that incorporate the consolidation of invoices by project. Customers are then invoiced for the entire project at the completion of installation.

11. Did you indicate how your company will implement the contract as per APPENDIX F, Question 20? Yes No

12. Did you provide your Dun & Bradstreet number? Yes No

13. Did you provide information on your website and on-line ordering capacities as per APPENDIX F, Question 14? Yes No

Qualification and Experience (20 points)

1. What is your company's reputation in the marketplace?

KI is the sixth largest furniture manufacturer with six (6) manufacturing locations throughout North America. KI surveys customers, studies trends in technology, and generates workable solutions for today that will last well into tomorrow.

Year in and year out KI runs at 98 percent or better for on-time and complete order shipments. KI prides itself on the quality products produced at each KI location as well as the high level of products and services we provide to our customers.

The company is a leader in the college and university sector and is deeply engrained in the K-12 market, making KI the world's leading provider of educational furnishings. As the recognized leader in bringing cutting-edge innovation and great design to the marketplace, KI has been awarded numerous national and international design awards than any other furniture manufacturer. Imitation is the sincerest form of flattery. Just look around... Our competitors don't copy one another -- they try to copy KI.

2. What is the reputation of your products and/or services in the marketplace?

January 12, 2012 | KI ranks as the number one preferred furniture supplier for educational solutions, according to Contract magazine's 2011 brand report survey. This is **the eighth year** in a row that KI has earned this esteemed ranking, which is based on the product supplier preferences of architects and designers.

3. Does your company have past experience with Region 4 ESC and/or TCPN members? If so, please list them and their contact information (Up to five).

KI does not have past experience with Region 4ESC or TCPN.

4. Did you list your key employees and their qualifications as per APPENDIX F, Question 6?
Yes No
5. Did you provide the locations and sales persons who will work on the contract as per APPENDIX F, Question 6 & 7? Yes No
6. What past experience does your company have working in the government sector?

We call on our extensive knowledge of public and private sectors to deliver efficient, ergonomic government furniture that enhances any environment and fits any budget. Our furniture portfolio includes government office furniture such as: movable walls, desking systems, conference and training tables, task chairs, healthcare furniture, lounge seating, multiple seating, filing cabinets and dormitory and quarters furniture. Whether you're furnishing offices for an administration, a Veterans' Administration hospital or training facilities for a military branch, our government furniture portfolio will address your varied needs.

We are also on contract with GSA as well as state/local organizations such as NJPA. Participation in these contracts helps us offer you a wide range of cost-effective government furniture solutions.

7. Did you provide information on working with cooperative purchasing programs as per APPENDIX F, Question 24? Yes No
8. Did you provide information on any litigation, bankruptcy, reorganization, etc. as per APPENDIX F, Question 16? Yes No
