# HELPING A NON-PROFIT CELEBRATE ITS SAVINGS POTENTIAL

## Print Management and Fulfillment Assessment

### RRD'S SOLUTIONS

- Our in-depth analysis provided a comprehensive understanding of each business unit and overall print communication needs: workflows, historical data, requirements, technology roadmap, and labor costs
- Our assessment presented an effective picture of their current operations by focusing on critical indicators: Inventory usage analysis, purchase order history, personnel and workflow discovery, and cost of sales analysis
- RRD identified nearly \$1 million in total potential savings for the first year across approximately \$6 million of current spend while outlining a roadmap for further savings
- The solution framework also included a comprehensive print, inventory, kitting, and fulfillment management programs, supported by robust technology, proven implementation process, and dedicated customer support
