

During this unusual time, we want to assure you that **Gonzalez Solutions for Business** is **FULLY FUNCTIONING** and ready to serve you. We know that many people are shifting to a remote work environment, and we are here to help make that transition smooth. We currently serve customers across the US. If you need to send supplies to your employee's home or remote workplace, we can make that happen! Please call us at 512-300-2400 to activate our SHIP TO on the fly feature or simply [email us](#). Remember that orders are typically shipped the same day as received!

We offer a variety of options to help your team establish a productive and comfortable work environment. Please take a moment to review the website highlighting products for the Home Workspace and watch for additional special offerings.

- We know that ergonomics are essential to maintaining employee health and productivity. You can accomplish this simply by choosing with the right type of chair, work surface and a few accessories.
- NEW and for a limited time: Remote [Workplace Employee Care Kits](#) will be available and ready to ship later this week. These inexpensive prepackaged kits sent right to your employees at home include general supplies that they need to get the job done. Want to send customized kits? Let us know!
- Once logged in to the website, watch for a new WORK FROM HOME shopping list specially designed and priced for the time.

PLEASE NOTE: Due to increased demand for some cleaning and personal care products, we may be out of stock on select items. I want to assure you that we are working closely with our vendors to add more stock whenever possible. We encourage you to check our website often for updates on product availability.

In order to insure the safety of our customers and employees alike, we are unable to offer assembly at this time and some orders will temporarily be shipped by UPS or USPS.

We appreciate the trust you place in Gonzalez and we are dedicated to provide essential products and services to customers like you. We hope you and those important to you stay safe and healthy!
