Dear Region 4 ESC Review Committee:

For more than 29 years Office Depot has been committed to our customers by providing best-in-class products and service. We are a strong team, focused on becoming an efficient global provider of office and technology products, services and solutions to our customers. We believe we are uniquely positioned to be an integral and trusted business partner to our customers and your members. The buying power of more than \$4 billion annually in technology sales, combined with partnerships with the top manufacturers and distributors of technology products positions us to compete for a wide spectrum of your member's information technology needs.

We are pleased to present you with our comprehensive proposal to Solicitation 16-02 for Technology Solutions. Our team has prepared a complete package that will demonstrate our capabilities to provide Technology Services and Solutions to the National IPA/TCPN members along with unparalleled service, expertise and unprecedented value and savings.

We are proud of the loyalty we have developed with our existing public sector customer base. From our earliest days when Office Depot and our legacy technology company Tech Depot began to change the way technology products were sold and competitively priced, we began to partner with public agencies to help them maximize their budgets. The foundation of our public sector growth is built on delivering value to the agencies we serve, both financially and operationally. We are prepared to continue delivering on this goal with National IPA / TCPN through a world class assortment of products, services and solutions that bring meaningful value to all of the Region 4 ESC and National IPA / TCPN members.

The entire Office Depot team would be honored to earn an award of Solicitation 16-02. We believe that our solutions will bring increased value to participating public agencies in both product selection and reduced procurement costs for years to come. We have enjoyed working with TCPN's team since 1997 with various contracts, including Office Supplies, Janitorial Supplies, Furniture, Managed Print Services and, of course Technology Solutions. We believe we can exceed the goals of public sector agencies and provide important solutions to them, a few of which are included below.

- **Delivery** – Just in time delivery from our Office Depot 14 delivery centers and the 40+ locations of our technology distributors
- **Website** – World class e-commerce website and cost-savings tools
- **Products** – Over 130,000+ technology products on our award winning website and 275,000+ products available from our distributor partners and 2,500 manufacturers
- **Sustainability** – Green purchasing and reporting solutions as well as an asset disposition program to help our customers in their sustainability efforts
- **People** – Along with our 1,500+ General Line Reps, Technology Solutions provides support from our 30+ Solutions Development Managers and 50+ inside Technology Sales Reps based in Austin, TX
- **Service** – A dedicated Technology Service group to take care of our TCPN member/customers with all of their technology needs
- **Expertise** – A rich history of servicing, supporting and enhancing the Region 4 ESC - National IPA /TCPN contract portfolio for participating agencies since 1997

Our team believes our RFP response demonstrates our passion for your business, our enthusiasm to understand and exceed your expectations, and our desire to present a sustainable offer that will allow for the success and growth of all parties. The Technology Solutions team of highly trained/certified dedicated sales and solutions professionals will be totally dedicated and aligned to the success of Region 4 ESC – National IPA/TCPN and all of the agencies associated with this contract.

Should you have any questions or concerns, please feel free to reach out directly to either me or Steve McCaffrey, our Managing Director of Technology Sales.

Sincerely,

David Trudnowski

A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:

*“Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract.”*

13.2 **Disclosures:** Offeror affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.

Include a complete description of any and all relationships that might be considered a conflict of interest in doing business with participants in TCPN.

The Offeror affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

13.3 **Indemnity:** The awarded vendor shall protect, indemnify, and hold harmless both Region 4 ESC and TCPN and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract, including any supplemental agreements with members. Any litigation involving either Region 4 ESC or TCPN, its administrators and employees and agents will be in Harris County, Texas. Any litigation involving TCPN members shall be in the jurisdiction of the participating agency.

13.4 **Franchise Tax:** The Offeror hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.

13.5 **Marketing:** Awarded vendor agrees to allow Region 4 ESC/TCPN to use their name and logo within website, marketing materials and advertisement. Applicable laws and regulation must be followed even if not specifically identified herein.

13.8 **Open Records Policy:** Because Region 4 ESC contracts are awarded by a governmental entity, responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the Offeror must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s). Offeror must provide this information on the "Acknowledgement and Acceptance to Region 4 ESC's Open Record Policy" form found at the beginning of this solicitation. Any information that is unmarked will be considered public information and released, if requested under the Public Information Act.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. **EXCEPTIONS DOCUMENT BY OFFICE DEPOT, INC. (“Office Depot” or “Vendor”)  
TO REQUEST FOR PROPOSAL, SOLICITATION NUMBER 16-02 TECHNOLOGY AND INTERACTIVE  
WHITEBOARD SOLUTIONS PRODUCT AND SERVICES (the “RFP”)**

With regard to the RFP, Vendor cannot agree to the specific terms and conditions set forth below and therefore take exception to the following matters contained in the RFP:

**Appendix A**

1. A new Section 1.5 shall be inserted as follows: “**The National Program.** Region 4 ESC will act as a group purchasing organization and will provide Vendor with access to its members who complete the registration process set forth in Section 1.6 (“**Members**”). Vendor shall supply to Members those office products and services as set forth herein during the “Initial Term” (as hereinafter defined) and any “Renewal Term” (as hereinafter defined) (the “**Program**”). Members shall not resell products purchased under this contract. Vendor reserves the right to terminate any individual Member’s participation in the Program immediately upon written notice to Member in the event such Member’s participation violates the terms and conditions of this Contract.”
2. A new Section 1.6 shall be inserted as follows: “**Participation.** In order to receive the Program pricing offered hereunder, Members will be responsible for registering for the Program by accessing the online registration to be established by Vendor during implementation of the Program. Members shall provide Vendor with all information reasonably required by Vendor to facilitate shipment and billing of any items purchased.”
3. Section 3.3, Offeror’s Promise – In customer scenarios where a cooperative contract is in use, Vendor offers competitive pricing to all customers, in the aggregate, based on several factors, including, but not limited to, the total volume of spend, customers’ unique service level requirements, buying patterns, product mix, and Vendor’s cost to purchase products. However, in this scenario, Vendor is unable to guarantee that one particular customer’s pricing is as favorable as any other customer’s pricing.
4. Section 4.2, Form of Contract – this Exceptions Document shall be included in the primary position when describing the Form of Contract.
5. Section 4.4, Assignment of Contract – delete this section in its entirety and replace with the following: “No assignment of contract may be made without the prior written approval of Region 4 ESC. Payment can only be made to the awarded Vendor unless approved by Region 4 ESC and the participating entity making the payment. Vendor is required to notify Region 4 ESC when any material change in operations occurs that may adversely affect Region 4 ESC’s members, whether perceived or actual, i.e. bankruptcy, change of ownership, merger, etc. Vendor agrees to provide updated financial records every year the contract is renewed. Vendor will provide this to Region 4 ESC within 30 days prior to the contract renewal date. Vendor agrees to provide updated financial information beyond the renewal of the contract upon written request by Region 4 ESC. This will be provided within 30 days of the written request.”
6. Section 4.7, Order of Precedence – this Exceptions Document shall be included in the primary position when describing the Order of Precedence.
7. Section 5.1, Cancellation for Non-Performance or Contractor Deficiency –

- a. The second sentence of this section shall be amended by inserting the following at the end of the sentence, “upon thirty (30) days prior written notice to contractor, and provided contractor does not cure such failure during the 30-day period”.
  - b. In the first sentence of the last paragraph, replace “ten (10)” with “thirty (30)”.
8. Section 5.2, Termination for Cause –
- a. In the first sentence, delete “immediately”, and replace with “upon thirty (30) days prior written notice.”
  - b. Add the following to the end of the section, “Notwithstanding the foregoing, contractor shall have a reasonable period of time (no less than thirty (30) days) to cure any breach leading to termination for cause by Region 4.”
9. Section 5.3, Delivery/Service Failures- Vendor will make every effort to resolve all open issues. If, however, such efforts are unsuccessful, Vendor agrees to pay any excess costs above the contract price.
10. Section 7.1, Delivery – Vendor agrees to ship all in-stock products within seven (7) days. In the event of a discontinued item or a back ordered item, the purchasing agency would be notified. For purchases in Alaska, Hawaii, or Puerto Rico, all items in the Vendor assortment can be ordered; however, the 7-day guarantee is limited to items that are available in the local retail store inventory assortment.
11. Section 7.2. Inspection & Acceptance – In the event Vendor is providing drop-shipped product only and not delivery and installation services on an order, it shall be the responsibility of the purchasing agency to inspect the product at the time of delivery. Vendor will work with the purchasing agency, if notified in a timely fashion, to support the process in working with the manufacturer and/or the delivery company. Returns shall be picked up from Region 4 ESC and its Members delivery locations on a daily basis as needed. If any item is found to be defective or damaged, Vendor agrees to accept return in original packaging for credit or replacement, within fourteen (14) days of delivery.
12. Section 8.1, Payments – a new second sentence shall be added: “Payment terms are Net 30 days from date of invoice.” Vendor may require a deposit equaling 33% on orders over \$20,000, contingent upon credit approval.
13. Section 8.2, Invoices – Notwithstanding the foregoing, Vendor shall submit to each Member invoices for all purchases. Invoices are due thirty (30) days from the date of invoice. Invoices not paid within thirty (30) days shall bear interest at the rate of 1.5% per month or the maximum amount allowed under law, whichever is less, from the due date of the invoice. Vendor shall have the right to establish the credit limit of any Member, and shall have the right to lower such credit limit or refuse to ship any orders if at any time: (a) Member is delinquent in making payments to Vendor or is otherwise in breach of this Contract; or (b) Member’s credit standing becomes impaired or reasonably unsatisfactory to Vendor.
14. Section 9.1, Best price guarantee – In customer scenarios where a cooperative contract is in use, Vendor offers competitive pricing to all customers, in the aggregate, based on several factors, including, but not limited to, the total volume of spend, customers’ unique service level requirements, buying patterns, product mix, and Vendor’s cost to purchase products. However,

in this scenario, Vendor is unable to guarantee that one particular customer's pricing is as favorable as any other customer's pricing at the SKU level.

15. Section 9.3, Additional charges – the terms of this Section shall be deleted and replaced with the following: “The pricing set forth in this Proposal includes dock and/or mailroom delivery. Additional freight charges may apply for items exceeding 70 lbs. in weight and/or 110” in length/width, furniture, special orders and/or rush deliveries, and Hawaii, Alaska and Puerto Rico orders. The additional freight charges for orders shipped to Hawaii, Alaska, and/or Puerto Rico shall be set uniformly by each market’s retail delivery partner and remain consistent for each year during the term of the Contract. Vendor may impose a minimum order value (“MOV”) of \$50.00. In lieu of an MOV, a Member may elect to be subject to a small-order delivery fee consistent with Vendor’s standard delivery terms. Vendor reserves the right to waive the MOV or small-order fee for, among other reasons, Members that have efficient delivery requirements.
16. Section 9.4, Price reduction and adjustment – the second sentence shall be deleted.
17. Section 9.6, Administrative Fees – The second sentence shall be deleted and replaced with the following: “Vendor agrees to pay a 1.2% administrative fees (“Administrative Fee”) based on Region 4 ESC’s Spend, as defined below, quarterly to Region 4 ESC. Administrative Fees must be paid net 30 days after Region 4 ESC’s acceptance of the Vendor’s quarterly report as mutually agreed to by the parties outlining the Spend. For purposes of this Contract, “Spend” shall mean Member’s paid-for purchases net of taxes, shipping costs, returns, discounts, credits, any incentives amortized for the applicable period, rebates actually paid, employee purchases under any type of purchasing program, postage, shipping and mailing services, technology items, gift cards and warranties.

Vendor’s prior practice and intent under this Contract is to continue to pay the Administrative Fee within 30 days after the end of each quarter. Vendor respectfully requests that in the event of an occasional payment that may be later than 30 days, it would not be a cause to be declared in material breach of the Contract.

Additionally, for clarification purposes, Vendor will continue to calculate the Administrative Fee in the same manner that has been previously agreed upon between TCPN / Region 4 ESC and Vendor for the current contracts that Vendor has been awarded by TCPN / Region 4 ESC. Despite the Administrative Fee requirement being stated in each of the TCPN / Region 4 ESC contracts that Vendor has been awarded, it is Vendor’s past practice and future intention for any awards in the future to be calculated and pay one single Administrative Fee based upon the total aggregate combined Spend of all awarded contracts.

18. Section 10.1, Audit Rights – The following language shall be added to the end of the paragraph: “Notwithstanding anything to the foregoing, for purposes of this section 10.1, the accounting shall be of the item ordered, item description, quantity ordered, date ordered, price paid, and any other price upon which Region 4 ESC’s pricing is based. The format of such requested materials, as well as any third party auditor retained pursuant to this section must be mutually acceptable to Region 4 ESC, TCPN, and Vendor, such acceptance not to be unreasonably withheld.”
19. Section 11.6, Warranty conditions –Notwithstanding the foregoing, Vendor will pass through to TCPN / Region 4 ESC and its Members all manufacturer supplied end-user warranties on all products sourced to TCPN / Region 4 and its Members, ESC in accordance with the resulting

written Contract. In addition, Vendor agrees to accept returns in original packaging from TCPN / Region 4 ESC, and its Members, in accordance with Vendor's standard return policy without charging a restocking fee. Exceptions shall apply for any special (custom) or non-returnable products. These products are identified at the time of order as "non-returnable". Returns shall be picked up from TCPN/ Region 4 ESC and its Members delivery locations on a daily basis as needed. If any item is found to be defective or damaged, Vendor agrees to accept return in original packaging for credit or replacement, if returned in accordance with Vendor's standard return policy.

With regard to services, Vendor represents and warrants that it shall perform the services in a timely, competent, workmanlike manner and in conformance with the requirements of the Contract, and that all Office Depot-branded deliverables will conform to their documentation, functional specifications and requirements for one (1) year from the date of acceptance (the "Warranty Period"). In the event the Vendor-branded services or deliverables do not conform to this warranty, Vendor will, at no cost or expense to TCPN / Region 4 ESC, promptly correct, re-perform and, as applicable, re-deliver the Vendor-branded Services and Deliverables. For each day during the Warranty Period that the Vendor-branded services or deliverables do not conform to this warranty, the Warranty Period shall be extended by one day.

20. Section 11.7 Buy American Requirement: This section shall be deleted, as it is not applicable to this Contract.
21. Section 12.3, Registered Sex Offender Restrictions – if Region 4 agrees that Vendor representatives delivering product on site does not qualify as “working when students are or are reasonably expected to be present”, then Vendor can agree to the terms of this section. If not, then delete this section.

Vendor employment practices make every effort to insure that we do not employ known sex offenders. We expect and hold our subcontractors to the same level of employment standards, however, despite our high level of expectations for our subcontractors, we ultimately do not have control of their hiring practices, although, if it is determined that they have a known sex offender employed and involved with TCPN customer deliveries, Vendor would require their removal immediately.

22. Section 13.5, Marketing – the Standard Terms and Conditions surrounding the use of the Vendor Logo, as more particularly set forth in Exhibit A and Exhibit B attached hereto, shall be incorporated into this section.
23. Section 13.6, Certificates of Insurance – the last sentence in this section shall be deleted.

**Appendix B:**  
**PRODUCT / SERVICES SPECIFICATIONS**

24. **Returns**  
The Vendor will honor all standard return policies. No restocking fees may be charged to Region 4 or TCPN members if an item is returned due to damage, incorrect product shipped or Vendor customer service order entry error. Restocking fees for all other reasons shall be capped at 10% of the value of the items that require restocking.

**Your complete satisfaction is our primary concern.**

At Office Depot, we want to be sure that every purchase is the right one for you. If you are dissatisfied with your purchase for any reason, you may return most technology items in their original packaging within 14 days of purchase for a replacement or full refund.

**Exceptions:**

Special Order technology (non-code) products may not be returned or exchanged, this includes items that are not stocked in one of our warehouses and/or are indicated as SPECIAL ORDER. If the item is defective or incorrect material is delivered, we will work with the purchasing agency to resolve, repair or replace the item.

**Appendix C**

25. First Paragraph under Pricing, insert the following at end of paragraph, "Installation and set up fees shall not be included."
26. Last bullet- page 29 of 158 – Vendor agrees to this section as it relates to Not to Exceed Pricing, however, to the extent that a lower price is granted by Vendor to a Member, such pricing shall apply to only that single order and any future pricing offers will be reviewed by Vendor, as needed, and it will be Vendor's sole decision as to whether to provide any pricing that is Lower Than the Not to Exceed Pricing offered in response to this RFP.

## APPENDIX E: QUESTIONNAIRE:

### Diversity Statement

Office Depot has a two pronged Certified Diversity Program which should offer most TCPN Participating Agencies the Diversity options they are seeking.

The first prong is our Tier 2 Certified Diversity Supplier program which we offer in our online catalog a range of more than 1,400 items covering many product categories from these suppliers, a number of whom are mentored under our program. We actively seek certified companies which have suitable products and can meet the volume demands that our marketing programs require. They must be certified by a nationally recognized organization and must maintain that certification to remain in the program. They must maintain the quality of the product and have the financial ability to support the volume of business we can generate. We have copies of the certifications for all suppliers in this program and will be pleased to provide them to TCPN or any of the Participating Agencies upon request. We respectfully suggest that there are too many to be efficiently included in this proposal.

Some of our Tier 2 HUB Vendors that are featured in our Catalog are:

- Alliance Rubber
- Baumgarten's
- Corporate Distribution Services
- Image Projection West
- Kleenslate Concepts
- KellyRest
- Master Caster
- Neutral Posture
- Officemate International
- QPL
- Smead

The second prong of Office Depot's Diversity Program is our range of Certified Tier 1 Partners. Most of these partners are regional organizations and must be certified by a nationally recognized organization and maintain that certification to remain in the program. This program includes partners who have been mentored by Office Depot. Our Tier 1 Partners provide all of the customer facing services including sales, the ordering website, customer service, invoicing, and internet or EDI support as may be required. In these partnerships Office Depot provides the product and delivery functions and supports warranty and other functions as needed. The list of Tier 1 Partners is long and mostly regional and we propose to provide a copy of the certification upon customer request.

We provide complete usage reporting to help the TCPN Participating Agency analyze and report their Diversity Spend accurately for both Tier 1 and Tier 2 usage.

Office Depot has developed a diversity purchasing initiative (the "Tier 1 Program") that can be utilized by end customers to purchase products and services from small businesses, minority-or women-owned suppliers and service disabled veteran suppliers. We appreciate the opportunity to help our Tier 1 diversity partners while assisting TCPN Participating Agencies to achieve their diversity spending goals. Our proposed program maintains the structure of known auditable pricing that TCPN contracts provide Participating Agencies while meeting the financial needs of the Tier 1 Partners.

In the event a Participating Agency wishes to purchase under the TCPN Contract but also elects to utilize an Office Depot Tier 1 partner in connection with such purchases, TCPN shall permit the Participating Agency to participate in Office Depot's Tier 1 program, provided such participation is in accordance with the terms of the Contract. The parties agree that the Participating Agency shall pay a fee in addition to the pricing offered under the Contract in order to participate in the Tier 1 Program. The fee shall be negotiated among the Participating Agency, the Tier 1 partner and Office Depot.

### Dramatic Growth over 29 Years

While Office Depot is clearly a powerful organization today, the Company's beginnings were quite modest. Office Depot was founded in 1986 and opened its first store in Fort Lauderdale, Florida. In late 1987, David I. Fuente assumed the post of Chairman and Chief Executive Officer of the fledging company, and took Office Depot public in 1988. The Executive Team immediately began to execute an ambitious plan to expand the Company's footprint in key U.S. markets. The results were dramatic:

By the end of 1990 Office Depot had 173 stores in 27 states. That same year, Office Depot announced its merger with The Office Club, Inc., becoming the largest office products retailer in North America.

Domestic growth, however, was only one aspect of Office Depot's expansion in the Company's early years; the management team had its sights set on penetrating international markets as well. Early 1992 marked the Company's acquisition of H.Q. Office International, Inc., which included the Great Canadian Office Supplies Warehouse chain in western Canada. Growing steadily, the Company also subsequently opened new retail stores in Israel and Colombia under international licensing agreements.

As Office Depot expanded geographically, the Company also began to extend beyond its traditional markets. In 1993, Office Depot entered the rapidly consolidating contract stationer business by acquiring two market leaders: Wilson Stationary & Printing Company and Eastman Office Products Corporation. The merger of six additional contract stationers followed these purchases during 1994. These moves positioned Office Depot to take advantage of industry trends that would come to play a central role in the Company's success.

In the meantime, Office Depot continued its steady international growth. Between 1995 and 1998, the Company opened stores in Poland, Hungary and Thailand under international licensing agreements and in Mexico, France and Japan under joint venture agreements. Later, the Company acquired the interests of its joint venture partners in both France and Japan.

In 1998, Office Depot merged with Viking Office Products, a public company and the world's leading direct mail marketer of office products. The addition of Viking to the Office Depot organization not only vastly expanded Office Depot's international presence, but also made the Company the leading provider of office products and services in the world.

That same year, Office Depot began to leverage the Internet aggressively, launching the first of a number of new Web sites, [www.officedepot.com](http://www.officedepot.com). The award-winning site established Office Depot as the industry's technology leader, expanded its domestic e-commerce capabilities, and ultimately extended the range of products and services the Company could offer its customers. The following year, the Company launched its first European e-commerce site, [www.viking-direct.co.uk](http://www.viking-direct.co.uk), in the U.K. By 2005, the Company had over 30 international Web sites. Worldwide e-commerce sales in 2004 totaled \$3.1 billion.

As Office Depot grew larger and more complex, its management leadership needs changed. In 2000, David Fuente stepped aside, and Bruce Nelson was appointed Chief Executive Officer. The executive team's charge was challenging: To guide Office Depot at an exciting and defining time in the Company's evolution. The Company immediately undertook several new management initiatives geared to make Office Depot a more compelling place to work, shop and invest. With a careful focus on invigorating the Company's U.S. retail operations, expanding its international business, growing its

best-in-class e-commerce business, and building a world-class warehouse and distribution network, the executive team gradually took Office Depot to the next level.

### New Leadership Opens Exciting New Chapter in Company History

In 2004, Neil R. Austrian assumed the role of Interim Chairman and CEO. During that period, the Company restated its commitment to continue Office Depot's strategic direction to grow the business and improve financial performance. The Company proceeded to benefit from two consecutive positive quarters.

In early 2005 Office Depot launched a strategic marketing campaign which consisted of new advertising, brand positioning and the reintroduction of the Company's famous Taking Care of Business tagline. Office Depot next announced its multi-year agreement with NASCAR to become the sport's first-ever Official Office Products Partner.

In 2010, Neil R. Austrian again stepped into the role of Interim Chairman and CEO. The executive team is now focused on driving profitable growth by exceeding the expectations of its customers and building shareholder value. Austrian was then appointed as the full-time CEO in May, 2011.

In late 2013, Roland Smith was appointed Chairman and CEO of Office Depot, Inc.

### Office Depot Technology Solutions

In 2001, Office Depot purchased Solutions4Sure.com, Inc.; originally formed in August of 1998 based on 20 years of experience in the technology sales market. Office Depot developed a new 'Tech Depot' brand name, and operated that brand as a wholly owned subsidiary with separate functionalities and capabilities (including but not limited to: database use, operating platforms, account management, support services, distribution channels, billing methodologies, and personnel). Enhancements to the business model continued to be implemented, and in 2013, Office Depot completed 100% integration of the technology line into its Business Solutions Division as a fully supported adjacency.

Austin, TX is home to Office Depot's Inside Sales Organization (ISO). The ISO encompasses (38) Technology Sales Representatives (TSR's) and (8) Sales Support personnel; providing collaborative support for our technology customers as well as our regionally aligned field sales personnel.

Our technology field presence consists of (28) Solutions Development Managers, and (5) Global Business Development Managers; each tasked with bridging the technology gap between 1,500+ traditional Office Depot Sales Representatives and our customer base, as well as providing in-depth

expertise and access to technology solutions for the entirety of vertical market customers. Supporting this entire workforce is the Technology Solutions and Strategy Team; (5) Lead Technology Consultants specifically aligned to product and segment categories.

Office Depot currently holds a parallel contract with TCPN dedicated solely to technology products and services. This contract designation is R5113 - Technology Solutions, and was formerly held and maintained by the aforementioned subsidiary "Tech Depot". This contract, now maintained by Office Depot BSD Technology Solutions, is currently in full force and effective through October, 2016.

## Business Solutions Division: Technology Solutions

Technology Solutions is a dedicated adjacency within Office Depot's Business Solutions Division. Its function is to own, maintain and grow the technology business through expansion of the current customer's portfolio as well as through acquisition of new customers and new customer business.

BSD Technology Solutions can be visualized as consisting of (5) dedicated specialty arms. Responsibility for driving business through sales-focused initiatives are the Global Business Development Team, the Solutions Development Team, and the Inside Sales Organization. Supporting these teams strategically falls to the Strategic Solutions Team; while more administrative-based support comes from the Technology Sales Support Team.

## Global Business Development Team

BSD Technology Solutions employs a multi-layered sales design; providing maximum support for all sizes of TCPN members and member opportunities.

Reporting directly to the Managing Director of Technology Solutions is the Global Business Development Manager (GBDM). This team boasts a combined average of 25 years of technology industry knowledge and experience each. The GBDM has primary responsibility for selling and implementing Office Depot technology products, solutions

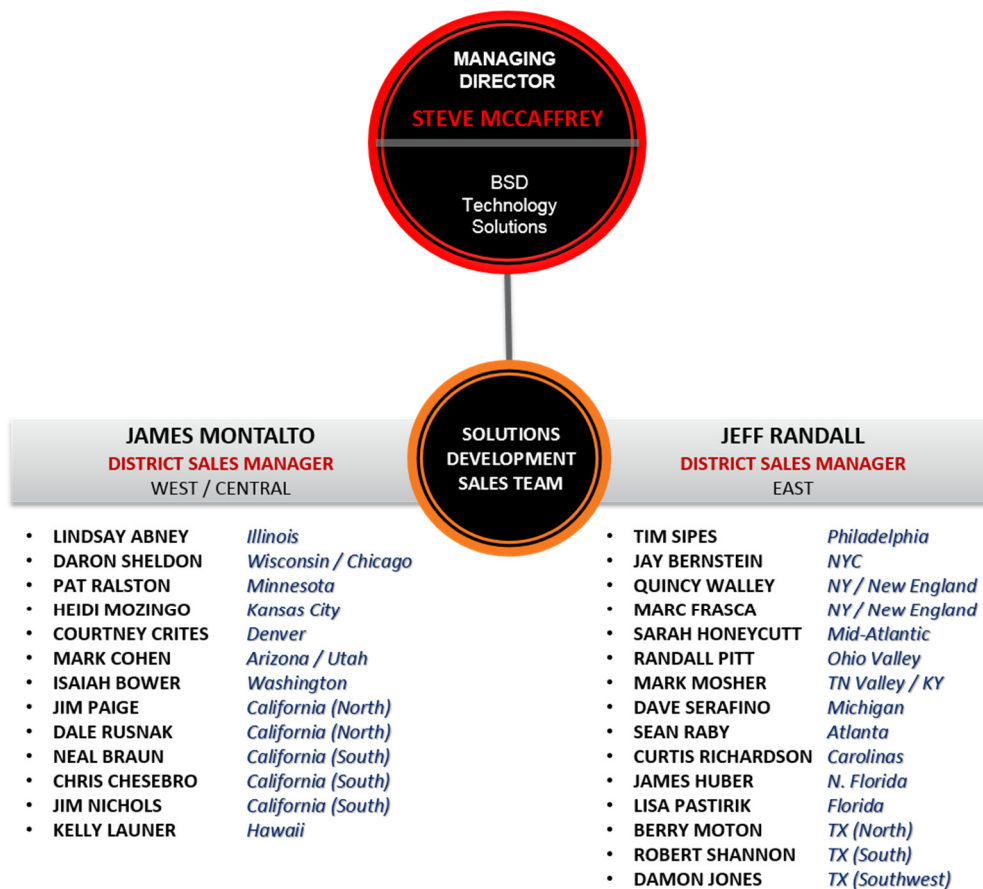

and services to the Global account segment. They operate through direct outside sales to market to members that typically have greater than 500 white-collar workers, and they will take lead as a subject matter expert for Office Depot's Technology offerings. The GBDM is focused on working with customers to introduce Technology, increasing sales volumes, and expanding the technology market share.

## Solutions Development Team

Driving the technology business from a broader more canvassed approach is the Solutions Development Manager (SDM). This role parallels the direct outside sales methods of the GBDM, but operates within the mid to large size market.

The SDM primarily serves to close the gap between the traditional Office Depot field representative and our customer base; conducting joint customer sales meetings with BSD sales teams to present and develop technology opportunities, as well as training and enabling the BSD sales force to identify, qualify, close and implement basic technology opportunities.

Supporting and promoting the Office Depot Technology Solutions & TCPN relationship through field-based activities is where the SDM exceeds and provides the largest most concentrated benefit to the program.

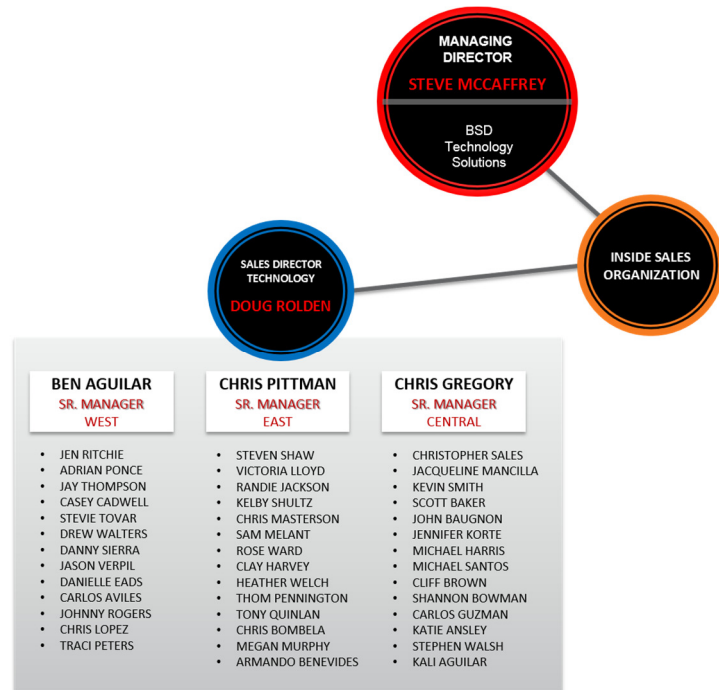

## Inside Sales Organization

At the foundation of the BSD Technology Solutions sales structure is the Technology Sales Representative (TSR). This position reports to a Senior Sales Manager within the Inside Sales Organization of Office Depot, and exists as a highly technical, complex consultative selling role responsible for technology revenue growth and customer retention.

The TSR is intimately tethered to the customer-base by way of inbound and outbound value-added telephone and email correspondence; specifically focused in the areas of lead generation, account and product penetration, introduction of new product/services offerings, relationship building and invitations to training events (webinars, tradeshow, etc.). The TSR serves as the front-line sales avenue of resolve for the Office Depot Technology Solutions customer and TCPN member.

More importantly, the TSR serves as the common thread between the TCPN technology member and the entire Office Depot sales force. This team is tasked with building relationships with all Office Depot sales and support personnel to increase customer development and retention efforts; with concentrated focus on partnering with and supporting the GBDM and SDM roles to effectively manage the TCPN member' technology solutions needs. Vast exposure to vendors and vendor offerings is a key component of the TSR routine, and infuses the BSD Technology Solutions arm of the Office Depot Inside Sales Organization with the most comprehensive yet concentrated base of technology expertise and knowledge available to the typical TCPN member.

Considering the high degree of functionality, it should come as no surprise that the TSR is regarded as one of the most valued assets within the Office Depot BSD Technology Solutions framework. Each representative participates in a 4-6 week training program prior to being "assigned a seat", and actively participates in subsequent ongoing training programs entailing ordering systems, technical product comprehension, sales and negotiation.

## Strategic Solutions Team

Responsibility for providing consultative solutions support to the Global Development Team, the Solutions Development Team, and the Inside Sales Organization falls to the Strategic Solutions Team.

Specializing in various markets, solutions, and internal processes and efficiencies, the Strategic Solutions Team brings the value of a combined 85 years industry

experience from over 15 leading technology firms. Carrying the Lead Consultant position, members of this team serve as primary subject matter experts, and are responsible for sales enablement, training, complex deal support, partner management, and various sales tool support and training. The Strategic Solutions Team also reports directly to the Managing Director of BSD Technology Solutions, and will be the future home of a proposed “Network Solutions Engineer” program currently under development within the BSD Technology Solutions framework.

## Technology Sales Support Team

Leading the charge to provide administrative-based sales support for all personnel within BSD Technology Solutions is the Technology Sales Support Team.

The role of this team is vast and comprehensive; and includes (but is not limited to) managing order fulfillment needs, identifying

product availability within the Office Depot assortment of products and services, establishing price profiles, assisting to complete Formal Bid/RFP responses, managing vendor Deal Registration protocols and submissions, providing expert-level assistance with the migration of customers from the OfficeMax systems platform to the Office Depot platform, and general account management sales support for both Office Depot and Office Max platform customers.

12. What is your strategy to increase market share?

Accelerating our technology sales and market share with TCPN is a strategic focus for Office Depot's Business Solutions Division. The strategy, structure, and processes surrounding our approach to growing our business is focused on three key areas:

- Customer Focus
- Go-To-Market Approach
- Products, Solutions and Web

Customer Focus

- Develop and evolve TCPN Participating Agencies' profile for targeting and sales deployment
- Develop nurturing strategy, emphasizing TCPN optimization messaging through decision stages
- Satisfy objectives and criteria of cross functional decision makers (i.e. Finance, IT, Purchasing)

- Build and evolve programs specific to the key verticals within TCPN's membership; inclusive of:
  - ❖ K-12
  - ❖ Higher Education
  - ❖ State, Local Governments and Municipalities
  - ❖ Non-Profits

## 13. What differentiates your company from competitors?

Some of the most significant differentiators that position Office Depot as a primary Region 4/TCPN technology contract partner include:

### Industry Positioning

Office Depot is a \$15-billion global organization, and boasts \$4-billion (+) worth of buying power for over 275,000 technology products and solutions (valued at approx. \$10-billion) in North America.

### Award-Winning Ordering Platform

More than a simple ordering platform, Office Depot's BSD web procurement portal boasts a level of unique user-control that is unparalleled in the industry; including online service with up-to-the-minute order tracking, real time inventory, authorization levels, and other customized reporting tools.

### Retail Synergy

By far the most noticeable differentiator is Office Depot's performance in both the contract and retail spaces. This allows us to guarantee our TCPN members "retail synergy"; making the contract price available to the member when shopping at our retail store locations throughout the U.S. TCPN

members are also welcome to utilize their Office Depot “account-linked” P-Cards (or) Store Purchasing Cards as a method of payment within the retail store locations. Furthermore, in the event that the retail store location in question is making the desired product(s) available at a lower price, our TCPN members are afforded that lower price.

### Sales Infrastructure

BSD Technology Solutions is comprised of consultative, knowledgeable, and professionally certified sales and support personnel spread among both field-based and inside channels. Our Global Business Development, Solutions Development, and Technology Representative sales personnel design guarantees optimal customer coverage regardless of headcount.

### Sourcing Expertise

Office Depot maintains stocking ability from (14) US-based distribution centers and (7) Canadian-based fulfillment centers. In addition, our supply chain partnerships grant us sourcing support from over (40) nationwide distribution centers.

### Self-Investment

Improving our methods and capabilities is considered a top priority for Office Depot. A recent multi-million \$ investment to our award-winning ordering platform (<https://business.officedepot.com>) was inspired by the desire to enhance our customers technology procurement experience.

### A Trusted Partnership

Office Depot has grown as a Region 4/TCPN partner vendor, and now boasts the single largest vendor presence within the TCPN portfolio of contracts. With (6) individual product category contracts held, Office Depot is well-positioned to continue its status as a trusted business advisor to over 30,000 TCPN members.

### Beyond the Share of Wallet

The benefits of being a unique Region 4/TCPN vendor partner and providing our full breadth and scope of School Supplies, Office Supplies, Technology, Furniture and Installation, Janitorial Supplies, Equipment, Maintenance and Repair, and Managed Print Solutions, go far beyond mere Share of Wallet.

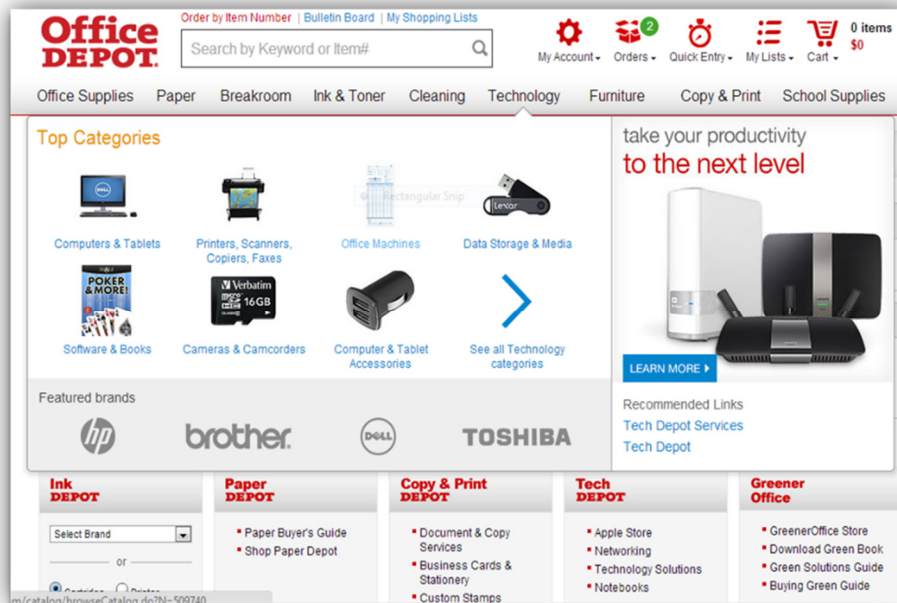

TCPN members will have peace of mind and a seamless procurement experience as all products/services available via any of the Office Depot held Region 4/TCPN contract vehicles are made readily available under a single account ordering platform. This is made possible by our ability to utilize a single price management system to accommodate the full force of the Region 4/TCPN relationship. Customers are able to consolidate orders and lower their administrative costs, which optimizes the value of their potential rebates.

Another key element inherent to the “More from the Store” capability is that Office Depot can further leverage its purchasing power and negotiation potential with its OEM/Distribution partners, directly translating to a members ability to leverage their spend across the product category landscape.

14. Describe the capabilities and functionality of your firm’s on-line catalog/ordering website.

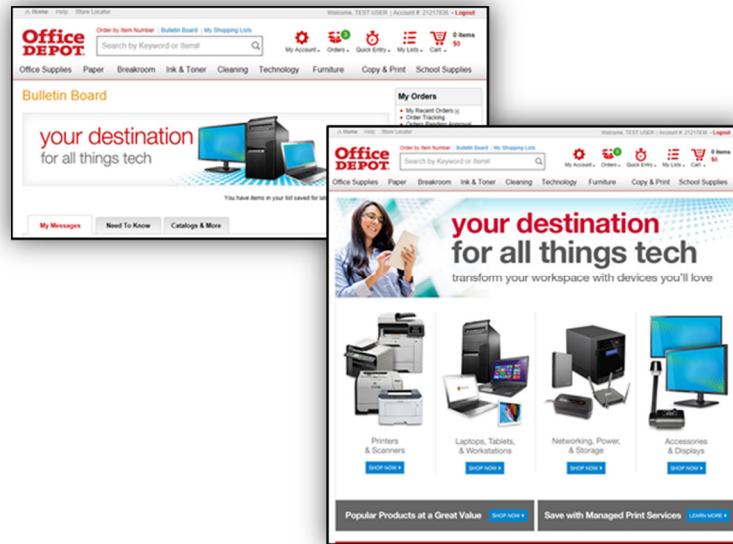

Website

As an eCommerce pioneer, Office Depot has connected over 325,500 mid-sized to large corporations with over 1,388,000 users. Ninety-five percent (95%) of our national account business is processed via the internet. By utilizing our knowledge and experience, you can integrate systems that make online ordering not only simple for you but fast for your users too.

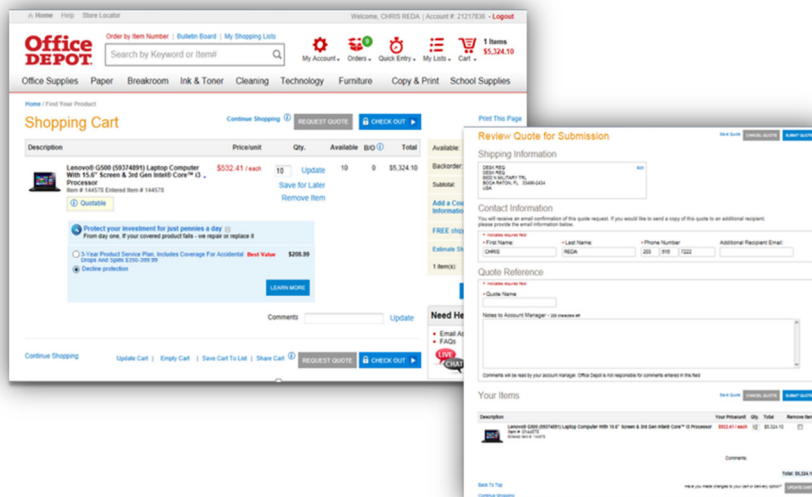

## NEW Technology Web Experience

Fully adopting and absorbing the technology market into the Business Solutions Division has allowed Office Depot to dedicate the necessary resources and investments to enhance the technology web experience for our customers. Greater focus on tech-centric needs and attention to technology procurement behaviors has resulted in numerous advancements.

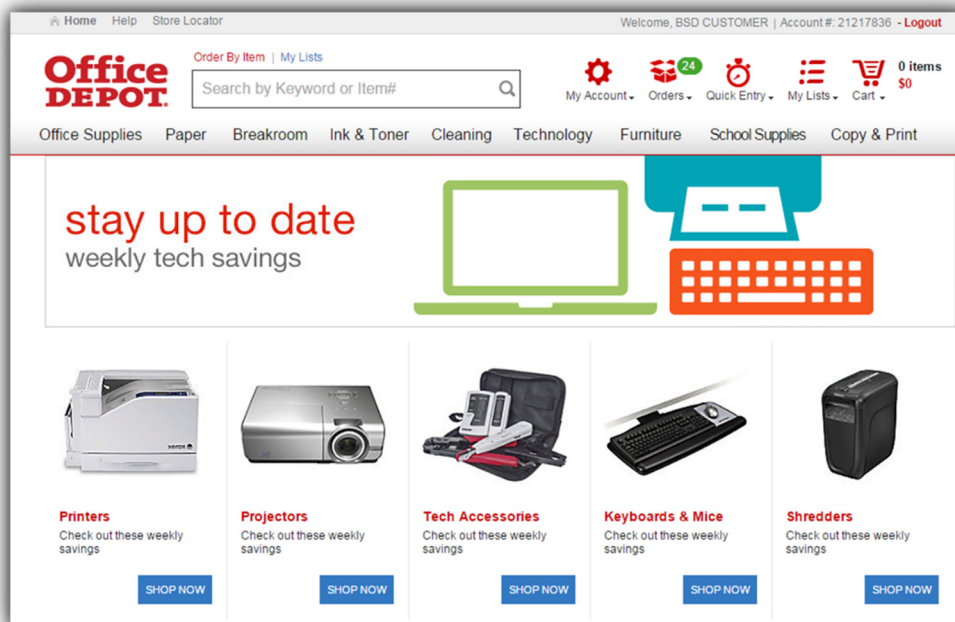

- **NEW** Technology category navigation experience is interactive and efficient
- Enhanced Search Options and Relevancy Controls (by brand, category, etc.)
- Improved speed and efficiency in the search functionality
- **NEW** Quote Function automates the technology pricing and bid process

## NASPO-ValuePoint (formerly WSCA)

Douglas Richins, *Chief Executive Officer*

PHONE: (801) 643-6600

EMAIL: [drichins@naspovaluepoint.org](mailto:drichins@naspovaluepoint.org)

Office Depot maintains the following contracts with NASPO-ValuePoint:

- MA-040 [Digital Print & Quick Copy Contract] - *effective April 1, 2011*
- PA-5737 [Office Supplies] – *effective January 1, 2015*

Currently Pending Status as Authorized Reseller for the following contract with NASPO-ValuePoint:

- MNWNC-115 [Computer Equipment, Peripherals & Related Services] - *effective August 1, 2015*

Prior to merging, both Office Depot and OfficeMax were awarded vendors for NASPO-ValuePoint. With the State of Oregon and the State of Utah as lead agencies, many States within the U.S. have aligned their proprietary master contracts to the NASPO-ValuePoint portfolio. Office Depot has been able to utilize this relationship in segments where State Master Contracts receive preferential consideration; until such time as the adoption of National Cooperatives outside of those acting as a pass-through is realized.

One of the longest existing cooperative programs, NASPO-ValuePoint awards resellers directly for many of its product categories. Technology, however, has historically been awarded to OEM/MFG partners only. These partners work with the participant States to determine the most valuable reseller partners, and grant them 'authorized reseller' status. Office Depot is currently finalizing such status with HP (known as "Indirect Fulfillment Partner" for (3) participant States within the U.S.

25. Describe the capacity of your company to report monthly sales through this agreement.

TCPN member Agency detailed purchase orders for product and service reports are available upon request, and summarized for business review purposes.

Business Reviews

In regular quarterly and annual Business Reviews, we will meet with the Customers and members to discuss operational issues and improvement opportunities. As part of these business review meetings, we present a series of reports on the business relationship under the contract and will make recommendations in any areas that we jointly identify where we can reduce your costs or improve the performance of the products you are purchasing.

The goal of the business review process is to seek continual program improvements and to manage client contracts. Our goal is to achieve year-over-year savings that includes cost reductions, improvements, and efficiencies enhancements to the existing program.

Our Business Review process is a high-level summary which ties together all of the statistical information gathered on performance and service levels. The Office Depot Account Management Team will mutually schedule quarterly and annual business reviews with individual TCPN customers. - Cost to Serve Efficiencies

### Sales Volume Growth

As sales volume grows for both Office Depot and TCPN, we're able to pass along additional dollars to TCPN and its members via the Administrative fee for TCPN and rebate dollars for its members, based on the volume incentives that are part of our current agreement and our proposed pricing.

Increased sales and growth enables Office Depot to secure additional savings from vendors/manufacturers, enabling us to in some cases lower our technology product prices (via Office Depot's web-based pricing approach which is dynamic) and allows us to reinvest some of these savings into our business, to provide a higher level of service to TCPN and its members.

These administrative fees also help TCPN offset its expenses and augment its programs/services for Region 4 and the rebates/volume incentives for its members help reduce costs for the agencies/entities, providing savings that can be utilized for other government expenditures or returned to the budget/general fund of the agencies/entities.

### Adjacency Category Spend/Share of Wallet Expansion

Office Depot's office supply agreement with TCPN/Region 4 provides for incentives for "adjacency growth" which is intended to drive consolidated purchases of product/solution categories that are considered "beyond office supplies".

As such, there's value for both Office Depot and TCPN and its members. The benefit(s) for Office Depot is greater sales volume which helps drive shareholder value and reinvestment back into our business to serve customers more effectively/efficiently and the benefit for TCPN and its members include the financial incentive(s) for greater volume, as well as the efficiency gained by consolidating more purchases, inclusive of fewer purchase orders, fewer invoices and less time spent for end-users in searching for products/services.

### Cost to Serve Efficiencies

Efforts on the part of TCPN's members to consolidate products/solutions categories with Office Depot helps drive both "hard dollar" and "soft dollar" efficiencies for TCPN and its members.

- Hard Dollar savings come in the form of leveraging the volume purchasing aspect of the TCPN agreement itself and the rebates/incentives tied to adjacency and volume growth.
- Soft Dollar savings come in a number of forms:
  - ❖ Reduced time spent on the part of end-users in ordering, based on Office Depot's highly efficient and user-friendly ecommerce ordering platform and fewer purchase orders issued. Some estimates note that purchase order processing costs can range from \$50 to \$150 per purchase order.
  - ❖ Reduced time/effort spent on the accounts payable side, whereby fewer checks need to be issued to vendors.
  - ❖ Order consolidation (bundling) and reducing orders below \$75 can help reduce the time/energy spent on receiving/check-in, put-away efforts, associated with smaller orders
  - ❖ Environmental benefits of less pollution resulting from fewer deliveries

## 28. Please provide your company's environmental policy and/or green initiative.

### Environmental Strategy Summary

Office Depot's global environmental strategy can be summarized in a simple statement: we strive to buy greener, be greener and sell greener. By implementing a broad range of initiatives under this strategy, Office Depot has not only measurably improved our own environmental performance, but enabled our suppliers and customers to do the same.

Our environmental leadership has helped us win and retain contracts with some of the most eco-conscious organizations in the world. This includes government agencies in the most environmentally aware regions, including America's Pacific Northwest, UK and Europe;

Corporations who are known sustainability leaders around the world; small and medium sized businesses; and many well-known environmental non-governmental organizations.

### Environmental Leadership Recognition

We have also received much recognition for our environmental leadership. Perhaps the most prestigious of our many awards and rankings is the fact that Newsweek Magazine ranked Office Depot as America's #1 greenest large retailer for 3 consecutive years: 2010, 2011 and 2012, the last year this ranking was published.

The Newsweek recognition reinforces the environmental leadership we have maintained within the office supplies industry for years: Office Products International Magazine awarded Office Depot with

the publication's 'Environmental Reseller of the Year Award' in 2006, 2007 and 2008, and the 'Outstanding Environmental Leadership Award' in 2009. In 2009, OPI magazine editor Stephen White, one of the most knowledgeable observers of the office products industry, stated: "Office Depot has invested time, money, blood, sweat and tears into an (environmental program) that, not only makes it best in class, but arguably deserves wider recognition for being one of the world's finest programs."

### Environmental Policy

Our policy aligns directly with our strategy and is designed to ensure implementation: We have a global environmental policy to buy greener, be greener and sell greener. Central environmental teams initiate, integrate and communicate environmental efforts, but core functions own the actions as described below:

True environmental sustainability requires a team of people working together. To this end, Office Depot strives to partner with mindful and forward thinking furniture manufacturers that continue to manufacture products in a socially responsible manner. This can include the acquisition of various green certifications such as GREENGUARD, SCS Indoor Air and ANSI BIFMA Level Certifications as part of their corporate commitment to reduce carbon footprint and waste, promote energy, long lasting, conservation, the reuse of materials, use of non-toxic materials and the promotion of reuse at the end of life span.

Office Depot is proficient when working with our customers on a LEED (rating system offers four certification levels for new construction -- Certified, Silver, Gold and Platinum -- that correspond to the number of credits accrued in five green design categories: materials (furniture), sustainable sites, water efficiency, energy and atmosphere and resources and indoor environmental quality) project. Our manufacturer partners work very closely with our selling resources to ensure that furniture is selected in the most socially responsible manner to in turn acquire the LEED Points necessary in order to gain the LEED Building Certification.

Our manufacturer partners are equally as committed to a greener environment just as Office Depot, and demonstrate commitment by investing in acquiring various Green Certifications such as ANSI BIFMA Level, GREENGUARD, MAS, and SCS Indoor Air Certifications. Certification are available upon request. Our manufacturer partners are continuing to reduce their carbon footprint by diligently improving the manner in which goods are acquired, produced, shipped and lifespan of their products. For this contract we have also partnered with not just National furniture manufacturers but with regional as well in the effort to help minimize the transportation carbon footprint.

**TO BUY GREENER;** Office Depot purchasing and merchandising teams work to:

- Source greener furniture products for resale

**TO BE GREENER:** Office Depot facilities and supply chain teams work to:

- Reduce our waste footprint
- Reduce our facilities carbon footprint
- Reduce our transportation carbon footprint
- Reduce our water footprint

**TO SELL GREENER:** Office Depot e-commerce, sales and marketing teams work to:

- Increase sales of greener products and solutions
- Increase customer use of greener purchasing reports

We also "**TELL GREEN**" by engaging stakeholders and reporting progress annually.

Most of our environmental metrics are independently reviewed by PricewaterhouseCoopers, and have been since 2007, adding further credibility to our environmental claims.

### **GreenerOffice Program: Solutions for Customers**

Just as customers are at the center of Office Depot's business strategy, they are also at the center of our environmental strategy. We go to great lengths to understand our customers' environmental needs through meetings, surveys, focus groups and seminars. The insights gathered are then leveraged to create greener products and programs to serve our customers' needs. We call this Customer-Centric Environmentalism – and it is a central theme in our approach.

Through the years we've learned that many of our customers share our environmental goals – they want to buy greener, be greener and sell greener themselves. As such, we've designed our GreenerOffice Program with specific solutions that help our customers pursue these goals:

- **LEED Credit Report** - *a report to track purchases that support LEED for Existing Buildings credits*

Therefore, Office Depot, Inc. hereby offers our complete catalog of products and services, including but not limited to the following categories:

#### Computer Systems

##### *Servers, Desktops, Notebooks, Laptops, Tablets*

Computers have become an absolutely essential part of our everyday life. Whether it's a desktop computer, a lightweight laptop/notebook, or a touch-tablet, there is a device to fit all needs. Not only have the personal style of computers changed, but the processing power of these machines has consistently advanced under a 'doubling effect' (known as Moore's Law).

The K-12 space has experienced some of the most significant impacts. Environments consisting of a single teacher operating a single desktop quickly morphed into an entire computer lab environment; augmenting the actual curriculum to include 'computer training' like any other field of study. Fast forward to the modern age and computers 'as a field of study' have shifted to computers 'as a learning tool'. 1-to-1 and BYOD environments are now a standard for the modern classroom, and the advent of the Chromebook Android devices are propelling us toward an Internet-based learning space.

Technology, and the components surrounding its definition, is a universal language; all entities and organizations within all vertical segments depend on being communication, research, and collaboration. Behind the scenes of every user-device (or 'client') is the device that manages them; the server. Servers are the backbone of the client device, and are available in a wide variety of forms factors and functionalities. Tower, rack or blade designs can be infused with remote, power or safety management features, all of which make it possible to manage a network, share files across the user-spectrum, manage resource access rights, send/receive email, host a website, manage a cloud environment, or simply maintain smooth print management.

Office Depot, Inc. has strategic relationships with the top market leaders in the computer systems industry. Our Technology Solutions professionals are trained and expertly positioned to meet the needs and demands of the modern-age Public Sector organization. Below is a listing of common computer system categories that Office Depot, Inc. offers, as well as a short-list of major OEM partners. A comprehensive listing of partners can be found at the end of this Tab section.

### Monitors

*LCD, LED compatible with systems being offered*

Early monitors were only required to accommodate command-line interfaces (whereby the end-user is typing commands using some form or another of programming code). As computing demand grew, so too did the need for a more visualized user-interaction experience; enter the GUI (Graphical User Interface). The inclusion of the GUI into the modern computing era redefined the use for computing, and fused mathematical properties (processor) with artistic properties (video card).

The monitor can be broken down into three (3) historical display types. The Cathode Ray Tube (CRT), the Liquid State Device (Plasma, LCD), and the Solid-State Device (LED, OLED). The LCD and the LED type of monitors are currently the most popular, and both are capable of outputting the largest commercially available resolutions (4K).

Office Depot, Inc. maintains relationships with all of the major monitor OEM partners to fully service the Region 4 ESC (and/or) TCPN member base. Below is a short-list of major OEM partners. A comprehensive listing of partners can be found at the end of this Tab section.

## **Network Equipment**

*Routers, Firewalls, Switches, WAPS, etc.*

Networking is vital to every organization, as it represents the way employees connect with their peers, business partners, and customers. Whether its coordinating meetings with partners, exchanging proposals, or researching industry trends, people must be able to connect to the internal network as well as to the public internet in order to accomplish these tasks. Connectivity is achieved through the use of various wired and wireless network technologies. A partial category (and function) listing can be found below.

- **Routers**

*Devices that forward data along networks. A router is connected to at least two networks, commonly two LANs or WANs or a LAN and its ISP's network. Routers are located at gateways, the places where two or more networks connect, and are the critical device that keeps data flowing between networks and keep the networks connected to the Internet.*

- **Switches**

*Devices that are used to connect segments of a LAN (local area network) or multiple LANs and to filter and forward packets among them. The types of switches available (referred to as "layers") vary depending on the scope of functionality required by the user and or project; but the majority of commonplace IT needs revolve around Layers 2/3.*

- **Wireless Access Points (WAP)**

*Devices that allow wireless devices to connect to a wired network using Wi-Fi. The typical business environment will connect access points to a rack-mounted router(s); differing from home environments where consumers utilize a single 'wireless router' - a device comprised of both a router and a wireless access point.*

- **Firewalls**

*Devices that provide comprehensive inline network firewall security from worms, Trojans, spyware, key loggers, and other malware. This includes Next-Generation Firewalls (NGFW), which offer a wire-speed integrated network platform that performs deep inspection of traffic and blocking of attacks.*

Office Depot, Inc. maintains an impressive portfolio of OEM partners to service the networking needs and expectations of the Region 4 ESC (and/or) TCPN member base. Below is a short-list of major OEM partners. A comprehensive listing of partners can be found at the end of this Tab section.

### Whiteboards

*Interactive Flat Panels, Walls, Tables, etc.*

The interactive whiteboard was a brainchild of the late 1980's, from the eventual co-founders of the well-known company SMART Technologies. Since then, the more general idea of an interactive display has graduated beyond the whiteboard, and infused itself with televisions, tablets, tables, and even walls and floors. The applications for this technology have also grown well beyond mere collaboration; which itself provides a tremendous value-add.

There are a myriad of options for today's procurement professionals from across the segment spectrum when it comes to interactive displays. The education sector is utilizing interactive whiteboard technology on such a scale that it has fundamentally impacted the methodologies of educating; creating a "gamification of learning". The medical sector relies on interactive display technologies to enhance its visual acuity of a patient's status and symptoms; directly contributing to increased effectiveness of diagnosis and care. State/Local and Disaster Relief agencies are taking their cue from military procurement trends, and relying heavily on a partnership with interactive display technology to heighten their Command & Control functions for emergency operations.

Office Depot, Inc. has partnerships with many of the key manufacturers in the industry. This repositions us from "a reseller of the product" to "a consultative expert of the subject"; from there we are primed to execute on our MFG relationships and deliver extraordinary solutions to the membership base. Whether the need is to enhance collaboration, drive interactivity, or create digital signage solutions, we have the expertise to help Region 4 ESC / TCPN members achieve their goals.

Some of the various products and solutions that make up the product category of 'interactive displays' include the following:

- **Interactive Whiteboards**

A digital interactive whiteboard that connects to a computer via wireless or USB connectivity to improve the instruction and presentation. Typical board sizes range somewhere between 75" and 90".

- **Interactive Flat Panels**

Very similar to an interactive whiteboard, the panel is more like a TV or display with higher resolution, brighter display, and offers additional features like TV capabilities and digital signage. Some Interactive panels have a computer or media play built inside. Others allow you to connect a computer that runs the necessary applications.

- **Interactive Walls**

These are large scale interactive displays or multiple interactive displays. They transform public spaces into more dynamic environments. The touchscreen area can be one inclusive area or split up into separate active areas. This allows users to interact collectively or individually.

- **Interactive Tables**

An interactive table is very similar to an interactive display, but in a table format. It allows for small group collaboration. For example 4-8 students can stand around the table while collaborating on a project.

- **Digital Signage**

A display, LCD, LED and projection technology typically used to display content like digital images, videos, and other information. These can typically be found in public spaces, transportation, cafeterias or restaurants, museums, corporate and government buildings, and schools.

Office Depot, Inc. maintains a strategic portfolio of OEM partnerships to service the Interactive Display needs of the Region 4 ESC (and/or) TCPN member base. Below is a short-list of major OEM partners. A comprehensive listing of partners can be found at the end of this Tab section.

## Peripherals

Printers, Scanners, Headphones, Speakers, etc.

A peripheral device is generally defined as any auxiliary device that connects to, and works with, the computer. There are (3) general categories of peripherals: Input Devices, Output Devices and Storage Devices. Some examples of peripherals include image scanners, tape drives, microphones, loudspeakers, webcams, and digital cameras. The purpose of these peripheral devices is to add functionality to the computer and enhance the use-experience.

Printers is by far the category most synonymous with “peripheral”. Printers have made a major transition from a traditional single-device/use peripheral to the more common multi-device/use peripheral. The newest edition to the printer peripheral space is the 3-D Printer; quickly becoming a presence within the K-12 space. Most printers today

are Wi-Fi capable, and the ability to receive NFC (Near Field Communication) is trending more towards the norm. ‘Inkjet’ printers utilizing an oil-base were the primary option at the early onset of printer technology. This gave way to the speedier yet less energy efficient ‘LaserJet’ printer. Further advancements to the technology have yielded a water-based Ink option that combines both speed and energy efficiency; accommodating the environmentally-conscious needs of today’s public sector organization.

Office Depot BSD Technology Solutions offers our customers a wide array of peripherals to use with their devices. Whether choosing one of our 130,000+ technology products on our award winning website ([business.officedepot.com](http://business.officedepot.com)), or working 1-on-1 with of our technology solution experts, Office Depot can help the public sector organization find the right peripheral solution to fit their needs. Office Depot BSD Technology Solutions carries years of experience working with the State, Local, and Educational (SLED) market space. Leveraging our experience, we can help to streamline processes and reduce the administrative costs associated to the Region 4 ESC/ TCPN membership base. We are uniquely positioned to service all of the Region 4 ESC/ TCPN members, and to help them navigate their technology "Path for the Future".

Office Depot has the advantage of holding multiple contracts with TCPN that span nearly the entire spectrum of product categories; Office Products, School Supplies, Facility Supplies, Managed Print Services and Technology. Due to this, we have an ongoing relationship with over 18,000 TCPN members. We are positioned to bring the synergy of supplying these customers with most everything they need for their organizations and in many cases deliver everything on the same truck at the same time to their many locations.

Other factors that are enhanced by these multiple contracts and customer relationships are the ability to provide an Award Winning e-Commerce platform. Members can see all available products by way of a single account and sign on. Utilizing our robust platform, they can procure all of their technology in conjunction with their various other product category needs. This also carries financial accounting benefits as members will receive one bill and can make one payment; allowing for spend optimization and administrative procurement cost reductions.

## Our Deployment

*"The professionalism of the staff and their quick response to my requests has streamlined all aspects of our IT-focused purchases."*

Office Depot, Inc. currently employs over 1,500 BSD Field Representatives throughout the United States. The BSD Field Representative serves to fulfill a number of primary initiatives:

- Develops a professional relationship with members
- Works toward a defined sales quota
- Provides direction for selling value beyond members core product needs
- Schedules face-to-face contact with decision-makers & influencers
- Partners directly with Technology Solutions Field & Inside Sales counterparts

Listed below are many of the other reasons we believe that Office Depot Tech Solutions is the right choice for Region 4 and TCPN to make us the number one technology supplier for the TCPN membership.

IT'S **DEPOT** TIME

## Our Focus

*"It seems like the entire company is service-oriented and pricing is great, although I would pay more if I had to (don't repeat that!)"*

One of the most important benefits when selecting Office Depot as your technology provider is that we are vendor and product agnostic. There are over 1 million technology products and over 2500 manufacturers that we have access too. This is a huge benefit for our customers as they can create one purchase order for multiple manufacturer's products.

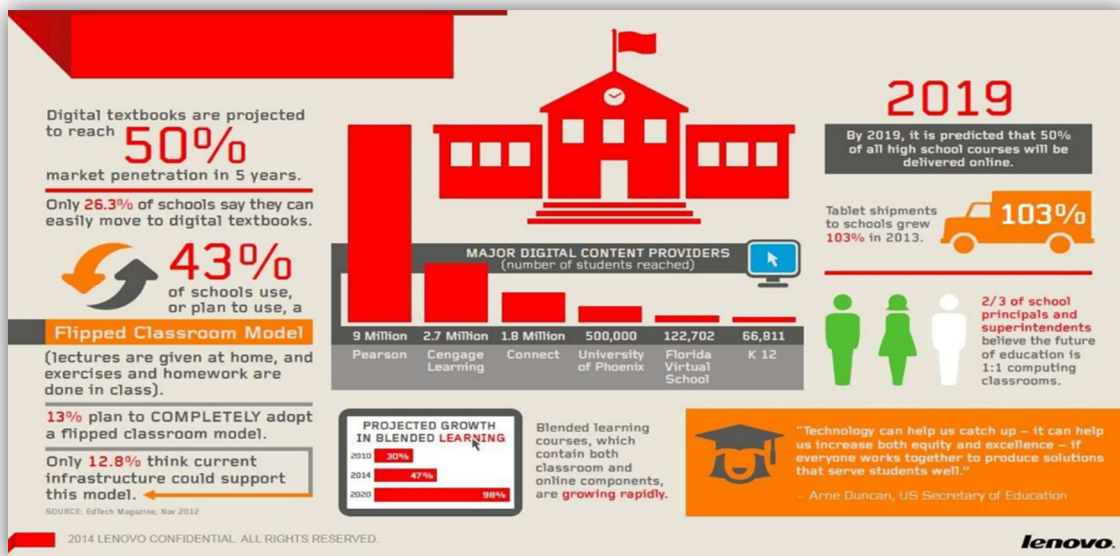

### K-12 Education

When selling to the K-12 market, our approach starts with a conversation around learning and instruction. Once we understand the goals of the school or school district, we will advise on the appropriate technology tools that will help them achieve their goals. We have broken up the various tools into categories to help our customers better understand our solutions. Below is information on each category.

### Devices

The "Internet of Things" (IoT) has changed the landscape of device technology, and the K-12 space has felt one of the strongest impacts. With the learning environment shifting to a digital preference, IoT adds a layer of complexity and consideration to the procurement process; requiring high quality tech-centric knowledge and expertise. Schools and school districts need support in choosing from a 1:1 or BYOD program, and understanding the various Windows, Android and Chrome OS platform options. Office Depot BSD Technology Solutions brings this expertise to the doorstep of our customer-base.

### Industry Trends

### Infrastructure

Office Depot BSD Technology Solutions understands the impact that adding devices to a network can have on performance and connectivity. We also offer various solutions specifically designed for data center operations, including servers, racks, cooling systems, cabling and power management, and can assist members with installation, setup and training.

An additional 138 courses each, each between 40-60min in length, are offered. The courses are designed specifically for training para-educators, and assists them to support classroom instruction for targeted students; especially students with disabilities. These courses are endorsed by CASE (Council of Administrators of Special Education) and include Title I, Section 1119-approved assessments that can be used to earn an Autism Certification.

An additional 200+ courses are available that range in topic and available training content; including Common Core, Support Staff, Substitute Teachers, ESL and IEP team professional development.

### Custom Professional Development

Office Depot has built a team of professional Subject Matter Experts to support our Innovative Schools initiative. We have worked in partnership with school districts in transit from industrial-age environments and platforms to information-age, learner-centric environments. We've gained knowledge and expertise from these partnerships, and utilized those gains to invest in a growing consortium of innovative leader-based team members who support transformational change initiatives. Our Professional Development team will work to customize programs specific to an educational entity's vision and goals. Due to the integrated approach to creating customized training, costs cannot be clearly indicated at this time. Further exploration with the BSD Leadership Team is required on a case by case basis.

## Our Activities

*"The partnership we have cultivated over the years is invaluable to our organization."*

### Public Sector Activities

Our Technology Solutions group is involved in many Public Sector activities throughout the year. In all of these situations we present TCPN as our Premier valued cooperative partner. By using co-branded promotional and sell sheets, TCPN banners, Co-branded catalogs or other capabilities literature, we make sure we have all of these tools available at every event we attend. Listed below are some of the activities we participate in.

#### SETDA (State Educational Technology Directors Association)

Office Depot Technology Solutions has been a Gold Partner member since January 2014. SETDA is comprised of the Technology Directors from each of the 50 State governments as well as U.S Territories. SETDA meets twice a year and Office Depot attends these meetings where we display products and attend all the educational functions while attending the 2 conferences. We display TCPN co-branded capability and sell sheets at our booth and discuss our TCPN technology contract with all of the members.

#### ISTE Participation (International Society for Technology in Education)

The Technology Solutions Group attends the ISTE conference each year and participates as an exhibitor with a large booth. Similar to SETDA we feature TCPN as our preferred cooperative agreement with all the co-branded collateral displayed. At the ISTE conference, the attendees are primarily K-12 so we focus all of our products and collateral toward the K-12 market.

#### NIGP (National Institute of Government Purchasing)

This conference is held annually and Office Depot participates as an exhibitor where we connect with our public sector customers. Most of the attendees at NIGP are from Local and State Government. There are a small percentage of K-12 attendees as well. As with all trades shows we have an opportunity to display products and discuss our technology solutions and partners. We have typically had our booth on the display floor on what is called "TCPN Row" Where major TCPN vendors display. We provide co-branded TCPN sell sheets and other collateral and focused on our TCPN Technology contracts.

### NAEP (National Association of Education Procurement)

This organization holds their conference once a year and the attendees are comprised of Higher Education procurement officials. Office Depot Tech Solutions will be attending this event in 2016 and future years as a sponsor and exhibitor. We will be interacting with the attendees and showing Technology products and Furniture.

### FETC (Future of Education Technology Conference)

Held each January in Orlando FL, FETC is one of the top education conferences in America. Office Depot Technology Solutions has participated as an exhibitor for the last 2 years.

## **Implementation of House Bill 1295**

### **Certificate of Interested Parties (Form 1295):**

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

### **Filing Process:**

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency. Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

## **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

### **Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. It is not intended to be provided to contractors. What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 ([www.nj.gov/dca/lgs/lfnslfnmenu.shtml](http://www.nj.gov/dca/lgs/lfnslfnmenu.shtml)).

1. The disclosure is required for all contracts in excess of \$17,500 that are not awarded pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. The form is worded to accept this alternate submission. The text should be amended if electronic submission will not be allowed.
3. The submission must be received from the contractor and on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
  - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at [www.nj.gov/dca/lgs/p2p](http://www.nj.gov/dca/lgs/p2p). They will be updated from time-to-time as necessary.
  - b. A public agency using these forms should edit them to properly reflect the correct legislative district(s). As the forms are county-based, they list all legislative districts in each county. Districts that do not represent the public agency should be removed from the lists.
  - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
  - d. The form may be used “as-is”, subject to edits as described herein.
  - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
  - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

## **C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**

### **Contractor Instructions**

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee\*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

**NOTE: This section does not apply to Board of Education contracts.**

\* N.J.S.A. 19:44A-3(s): *“The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”*
