

Panasonic

PANASONIC PUBLIC SAFETY SOLUTIONS INTEGRATED INFORMATION TECHNOLOGY

The City of Tucson, AZ has awarded a cooperative purchasing agreement for integrated information technology solutions. This competitively solicited and publicly awarded contract is available to agencies nationwide via National IPA.

ABOUT NATIONAL IPA

National IPA is redefining the future of cooperative purchasing. The cooperative purchasing organization is dedicated to serving public agencies and educational institutions nationwide. All cooperative agreements have been competitively solicited and publicly awarded by a public agency/governmental entity.

PANASONIC

All government agencies have two things in common: They tirelessly work to serve the public, and they need the right technology to do it. Enjoy discounted prices and the highest-quality procurement services when you upgrade to our full line of integrated technology solutions through the National Intergovernmental Purchasing Alliance (National IPA) cooperative purchasing agreement.

The contract provides the full line of Panasonic business solutions, plus all related services and accessories, to participating agencies within the National IPA cooperative purchasing organization. This includes state, county, city and municipal agencies, public and private educational institutions, special districts and healthcare entities as well as nonprofit organizations.

THE PANASONIC ADVANTAGE

Ruggedness and reliability are the standard for wireless mobile PCs, and Panasonic Toughbook® computers and Toughpad® tablets are built to survive. Through its broad range of integrated business technology solutions, Panasonic empowers professionals to do their best work. Customers in government, healthcare, production, education and a wide variety of commercial enterprises, large and small, depend on Panasonic to reach their full potential, achieve a competitive advantage and improve outcomes.

Panasonic is the only major manufacturer that designs, builds and tests its laptops and most components in its own factory. This allows Panasonic to control quality, consistency and parts availability every step of the way.
