7. **RELEASE AND INDEMNIFICATION.** TO THE FULLEST EXTENT PERMITTED BY LAW, CUSTOMER INDEMNIFIES, RELEASES, HOLDS SUNBELT HARMLESS AND AT SUNBELT'S REQUEST, DEFENDS SUNBELT (WITH COUNSEL APPROVED BY SUNBELT), FROM AND AGAINST ALL LIABILITIES, CLAIMS, LOSSES, DAMAGES, AND EXPENSES (INCLUDING ATTORNEY'S FEES AND EXPENSES) HOWEVER ARISING OR INCURRED, RELATED TO ANY INCIDENT, DAMAGE TO PROPERTY, INJURY TO, OR DEATH OF, ANY PERSON OR CONTAMINATION OR ALLEGED CONTAMINATION, OR VIOLATION OF LAW OR REGULATION CAUSED BY OR CONNECTED WITH (i) THE USE, POSSESSION OR CONTROL OF THE EQUIPMENT DURING THE RENTAL PERIOD OR (ii) BREACH OF THIS CONTRACT, WHETHER OR NOT CAUSED IN PART BY THE ACTIVE OR PASSIVE NEGLIGENCE OR OTHER FAULT OF ANY PARTY INDEMNIFIED HEREIN AND ANY OF THE FOREGOING ARISING OR IMPOSED IN ACCORDANCE WITH THE DOCTRINE OF STRICT OR ABSOLUTE LIABILITY. Customer shall provide Sunbelt with certificates of insurance evidencing the coverages required above prior to any rental and any time upon Sunbelt's request. To the extent Sunbelt carries any insurance, Sunbelt's insurance will be considered excess insurance. **THE INSURANCE REQUIRED HEREIN DOES NOT RELIEVE CUSTOMER OF ITS RESPONSIBILITIES, INDEMNIFICATION OR OTHER OBLIGATIONS PROVIDED HEREIN, OR FOR WHICH CUSTOMER MAY BE LIABLE BY LAW OR OTHERWISE.**

9. **RENTAL PROTECTION PLAN ("RPP").** If Customer has elected the RPP and the Equipment is lost, stolen, damaged or destroyed, provided the Conditions are satisfied and an Exclusion does not apply, then Customer's repair or replacement responsibility in Sections 4 and 5 is modified by the RPP and Sunbelt shall limit the amount Sunbelt collects from Customer for the Equipment loss, damage or destruction to the following amounts: (a) 10% of the MSLP for Equipment stolen from a secure location (being defined as under lock and key with only Customer having access thereto); (b) 50% of the MSLP for Equipment stolen from an unsecured location; (c) 50% of the cost of repairs for incidental or accidental damage to Equipment less the greater of \$500 or 10% of the MSLP; (d) 50% of the MSLP of destroyed Equipment less the greater of \$500 or 10% of the MSLP; (e) costs in excess of \$50 for tire puncture repairs, if dispatched by Sunbelt (excludes foam filled tires, demolition tires and tire replacement, the entire cost of repair and/or replacement being Customer's responsibility in such events); and (f) nothing for the rental charges which would otherwise accrue during the period when damaged or destroyed Equipment is being repaired or replaced by Sunbelt or, for lost or stolen Equipment, after Sunbelt receives the police report. **THE RPP IS NOT INSURANCE AND DOES NOT PROTECT CUSTOMER FROM LIABILITY TO SUNBELT OR OTHERS ARISING OUT OF POSSESSION OR OPERATION OF THE EQUIPMENT, INCLUDING INJURY OR DAMAGE TO PERSONS OR PROPERTY.**

i. **RPP Conditions.** The following "Conditions" must be satisfied for the RPP to apply: (A) Customer accepts the RPP in advance of the rental; (B) Customer pays 15% of the gross rental charges as the fee for the RPP; (C) Customer fully complies with the terms of this Contract; (D) Customer's account is current at the time of the loss, theft, damage or destruction of the Equipment; and (E) none of the Exclusions apply.

ii. **RPP Exclusions.** Customer assumes the Exclusion risks, meaning that if any Exclusion occurs, the RPP does NOT cover the loss, theft, damage or destruction resulting from such Exclusion. "Exclusions" shall mean loss, theft, damage or destruction of the Equipment: (A) due to possession and/or operation of Equipment by a person other than Customer or Customer's authorized employee or any dishonest act by Customer; (B) due to the Equipment's operation in a manner inconsistent with the manufacturer's instructions, or contrary to this Contract, including but not limited to the Equipment exceeding rated capacity, being overloaded, misuse, abuse, negligence, improper servicing or lack of Customer required maintenance; (C) due to the Equipment's collision, overturning, upset, rolling over or striking overhead objects; (D) caused by vandalism, malicious mischief, disappearance, loss, theft or wrongful conversion of Equipment not reported by Customer to the police within 48 hours of discovery, and substantiated by a written police report (promptly delivered to Sunbelt); (E) occurring during the loading, unloading or transportation of the Equipment (other than by Sunbelt); (F) due to flood, wind, storm, earthquake or other external causes; (G) due to nuclear reaction, radiation, radioactive contamination, exposure and/or contamination with or from hazardous materials or any other cause; (H) due to seizure or destruction of Equipment by order of governmental authority; and (I) accessories, which are not being charged the RPP fee. **THE EXCLUSIONS ARE RISKS ASSUMED BY CUSTOMER AND ARE NOT COVERED BY THE RPP.**

iii. **Recovery of Equipment.** Notwithstanding anything to the contrary in this Contract, if lost or stolen Equipment is later recovered, Sunbelt retains ownership of the Equipment regardless of any payments made by Customer or Customer's insurance company with respect to such Equipment, all of which payments are non-refundable. Customer agrees to promptly return any Equipment that is recovered.

iv. **Subrogation.** Sunbelt shall be subrogated to Customer's rights to recover against any person or entity relating to any loss, theft, damage or destruction to the Equipment. Customer shall cooperate with, assign Sunbelt all claims and proceeds arising from such loss, theft, damage or destruction, execute and deliver to Sunbelt whatever documents are required and take all other necessary steps to secure in Sunbelt such rights.

10. **RENTAL RATES.** The total charges specified in this Contract are: (a) estimated based upon Customer's representation of the estimated Rental Period identified on the front side hereof (rental rates beyond the estimated Rental Period may change); and (b) for the Equipment's use for "one shift," being not more than 8 hours per day and 40 hours per week unless otherwise noted. Weekly and 4 week rental rates shall not be prorated. Customer is responsible for (i) all rental rates, fees, licenses, taxes and governmental charges based on Customer's use of the Equipment, including additional fees for more than "one shift" use; (ii) delivery and pickup costs to and from the Store; (iii) maintenance, repairs and replacements to the Equipment as provided herein; (iv) a cleaning fee if required; (v) fees for lost keys; (vi) fuel used during the Rental Period (Customer may either return the Equipment fully fueled or a fuel charge shall be assessed (designed to cover Sunbelt's direct and indirect costs of refueling the Equipment)); (vii) fines for use of dyed diesel fuel in on-road Equipment; and (viii) an Environmental Fee (described below). The convenience charge for off road diesel fuel does not include state motor fuel taxes.

11. **PAYMENT.** Customer shall pay amounts due, without any offsets, in full at the time of rental, unless Sunbelt approves Customer's executed credit application (credit customers must pay, upon receipt of Sunbelt's invoice). Customer must notify Sunbelt in writing of any disputed amounts, including credit card charges, within 15 days after the receipt of the invoice/contract or Customer shall be deemed to have irrevocably waived its right to dispute such amounts. At Sunbelt's discretion, any credit account with a delinquent balance may be placed on a cash basis, deposits may be required and the Equipment may be picked up without notice. Due to the difficulty in fixing actual damages caused by late payment, Customer agrees that a service charge equal to the lesser of 1.5% per month or the maximum rate permitted by law shall be assessed on all delinquent accounts, until paid in full. Deposits are only required to be returned after all amounts are paid in full. Customer agrees that if a credit card is presented to pay for charges or to guarantee payment, Customer authorizes Sunbelt to charge the credit card all amounts shown on the Contract and charges subsequently incurred by Customer, including but not limited to, loss of or damage to the Equipment and extension of the Rental Period.

12. **RETURN OF EQUIPMENT. "Rental Period"** commences when the Equipment is delivered to Customer or the Site Address and continues until the Equipment is returned to the Store during normal business hours provided Customer has otherwise complied with this Contract. Sunbelt may terminate this Contract at any time, for any reason. At the end of the Rental Period, the Equipment shall be returned to Sunbelt in the same condition it was received, less Ordinary Wear and Tear and free of any hazardous materials and contaminants. The Rental Period and this Contract shall not terminate and rental charges shall continue to accrue until Sunbelt confirms that the Equipment is returned in the condition required herein. If Sunbelt delivered the Equipment to Customer, Customer shall notify Sunbelt that the Equipment is ready to be picked up at the Site Address and obtain a "pick-up" number from Sunbelt evidencing such call ("Pick Up Number"), which Pick Up Number Customer should keep as proof of the call; provided Customer remains liable for any loss of or damage to the Equipment until Sunbelt confirms that the Equipment is returned in the condition required herein. Customer will not be charged the rental charges from the date the Pick Up Number is given, provided Customer has otherwise complied with this Contract. No pickups occur on Sundays and Saturday pickups are dependent on specific Store hours. If Customer picked up Equipment, Customer shall return Equipment to the same Store during that Store's normal business hours. If the Equipment is not returned by the estimated end of the Rental Period specified on the front side hereof, Customer agrees to pay the applicable rental rate for the Equipment until the end of the Rental Period.

13. **DEFAULT.** Customer shall be in default if Customer: (a) fails to pay sums when due; (b) breaches any provision of this Contract; (c) becomes a debtor in a bankruptcy proceeding, or goes into receivership; (d) places the Equipment at risk if Sunbelt, in good faith, deems itself insecure; (e) fails to return Equipment immediately upon Sunbelt's demand; or (f) is in default under any other contract with Sunbelt. 14. **ENVIRONMENTAL FEE.** To promote a clean and sustainable environment, Sunbelt takes various measures to comply with federal and state environmental regulations, as well as with Sunbelt's own policies. Sunbelt also incurs a wide range of environmental related expenses (both direct and indirect). These expenses may include waste disposal, construction maintenance of cleaning facilities, acquisition of more fuel efficient equipment, labor costs, administration costs, etc. To help defray these and other costs, Sunbelt charges an environmental fee in connection with certain rentals. The fee is not a tax or governmentally mandated charge. It is not designated for any particular use or placed in an escrow account. Rather, it is a fee that Sunbelt collects as revenue and uses at its discretion.

15. **LIMITATION OF SUNBELT'S LIABILITY. IN CONSIDERATION OF THE RENTAL OF THE EQUIPMENT, CUSTOMER AGREES THAT SUNBELT'S LIABILITY UNDER THIS CONTRACT, INCLUDING ANY LIABILITY ARISING FROM SUNBELT'S OR ANY THIRD PARTY'S COMPARATIVE, CONCURRENT, CONTRIBUTORY, PASSIVE OR ACTIVE NEGLIGENCE OR THAT ARISES AS A RESULT OF ANY STRICT OR ABSOLUTE LIABILITY, SHALL NOT EXCEED THE TOTAL RENTAL CHARGES PAID BY CUSTOMER UNDER THIS CONTRACT.**

17. **COMPLIANCE WITH EXPORT AND IMPORT LAWS.** Customer agrees that removal of the Equipment from the United States ("U.S.") is prohibited under this Contract. If Customer desires or causes the transport and/or operation of the Equipment outside of the U.S., Customer must (a) notify Sunbelt prior to taking such action, (b) execute an amendment to this Contract, which amendment is incorporated herein, and (c) obtain Sunbelt's consent. Although prohibited under this Contract, if Customer exports or re-exports the Equipment, Customer agrees that the Equipment is subject to and must comply with U.S. export control laws and regulations, including but not limited to the Export Administration Regulations. Customer further agrees that it is responsible for: (i) determining whether and obtaining if necessary, export or re-export licenses or other authorizations as required prior to exporting or re-exporting the Equipment, (ii) obtaining any required documentation necessary for return of the Equipment, and (iii) ensuring no unauthorized transfers or diversions of the Equipment occur. Refer to www.bis.doc.gov for information.

18. **MISCELLANEOUS.** If this Contract identifies any Equipment that is to be purchased by Customer, Sunbelt sells and delivers such Equipment to Customer on an "AS IS, WHERE IS" basis, with all faults and without any warranties (other than manufacturer warranties, if any) in consideration for Customer's payment to Sunbelt of the full purchase price of the Equipment. Sunbelt retains title to the Equipment until Customer has paid in full. This Contract, together with any Customer executed credit application, constitutes the entire agreement of the parties regarding the Equipment and may not be modified except by written amendment signed by the parties. The parties expressly and irrevocably agree: (a) this Contract, including any related tort claims, shall be governed by the laws of South Carolina, without regard to any conflicts of law principles; and (b), if any provision of this Contract is prohibited by any law, such provision shall be ineffective to the extent of such prohibition without invalidating the remaining provisions. Customer's obligations hereunder shall survive the termination of this Contract. This Contract and all of Customer's rights in and to the Equipment are subordinate to all rights, title and interest of all persons (including Sunbelt's lenders) who have rights in the Equipment. Headings are for convenience only. A photo or fax copy of this Contract shall be valid as the original. Any failure by Sunbelt to insist upon strict performance of any provision of this Contract shall not be construed as a waiver of the right to demand strict performance in the future. Customer and the person signing this Contract represent that: (i) they both have full authority to execute, deliver and perform this Contract; and (ii) this Contract constitutes a legal, valid and binding obligation of Customer, enforceable in accordance with its terms. When Customer is a buyer of Equipment, they are hereby notified that Sunbelt has assigned its rights (but not its obligations) in the agreement to sell the asset(s) described herein to Sunbelt Rentals Exchange, Inc., a qualified intermediary, as part of Section 1031 exchange.

Check one of the following responses to the General Terms and Conditions:

- We take no exceptions/deviations to the general terms and conditions

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

- We take the following exceptions/deviations to the general terms and conditions. All exceptions/deviations must be clearly explained. Reference the corresponding general terms and conditions that you are taking exceptions/deviations to. Clearly state if you are adding additional terms and conditions to the general terms and conditions. Provide details on your exceptions/deviations below:

(Note: Unacceptable exceptions shall remove your proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions/deviations and the decision shall be final.)

TCPN Contract Language Clarification

Sunbelt Rentals, Inc. (“Sunbelt”)

- **Article 7.1, “Delivery.”**

Sunbelt will deliver all rented equipment to Members on the date required by the ordering Member.

- **Article 9.1, “Best Pricing Guarantee.”**

Sunbelt offers the following revision:

“The awarded vendor agrees to provide to Region 4 ESC and its participating entities national, not to exceed pricing that is comparable to pricing given for the same equipment provided to like customers with similar total revenue under materially similar terms and conditions on a national level, and in the same quantities and duration of term of rental and the pricing shall remain so throughout the duration of the contract. The awarded vendor’s pricing offered is not to exceed pricing and the awarded vendor’s locations may choose to provide lower pricing to participating entities as necessary. Due to the fluctuating nature of rental pricing, the awarded vendor may offer like customers lower pricing on a case by case basis. Pricing offered to Federal Government buying consortiums or affiliated contracts for goods and services are exempt from this requirement. The awarded vendor, however, agrees to lower the cost of any product purchased through TCPN following a reduction in the manufacturer or publisher’s direct cost.”

- **Article 9.6, “Administrative Fees.”**

Because the administrative fee is now tiered (i.e., decreasing in relation to total annual sales volume), Sunbelt is unsure of how TCPN will calculate this monthly. Sunbelt recommends monthly reporting and annual fee payment or changing the schedule so that the administrative fee correlates with quarterly sales rather than monthly sales volumes.

- **Article 13.6, “Certificates of Insurance.”**

Sunbelt’s policies can provide a minimum of thirty (30) days’ notice of modifications or cancellations.

Appendix B – Pricing

The rental rates for the equipment's are for "one shift," being not more than 8 hours per day and 40 hours per week unless otherwise noted. Weekly and 4 week rental rates shall not be prorated. Shift rates apply to all generators and certain other equipment with hour meters. The rental rates do not include any full service work, re-rentals, applicable taxes, surcharges, freight charges, fuel charges, environmental fees, Rental Protection Plan fees, repairs, sales, labor, sale items (including fuel, merchandise, new equipment, lost or stolen equipment) and any other ancillary charges. Sunbelt will itemize all charges on its invoice. During a declared state of emergency or pending or existing natural disaster or catastrophe, a one week minimum rental period at triple shift rates will apply for all generators and pumps.

A "month" is a 28 day or 4 week month.

Each time a Member rents from Sunbelt, they will receive the attached Rental Contract (Exhibit B-1).

Sunbelt utilizes a large fleet of vehicles dedicated to delivery and pick up our equipment fleet. When Sunbelt delivery vehicles are used, delivery and pickup charges will be quoted at the time of rental.

Our entire sales force will be notified of the renewal of the TCPN contract and provided with current rates and member lists for TCPN. Sunbelt will use our Customer Relationship Management ("CRM") tool to roll out the contract details and provide lead information to the Sunbelt sales force. The Sunbelt Sales Manager will work with Sunbelt's Training and Contract Teams to develop training that can be hosted by Sunbelt's Learning Management System and/or through other internal systems.

22. Acknowledge that your organization agrees to provide its company logo(s) to Region 4 ESC and agrees to provide permission for reproduction of such logo in marketing communications and promotions.

Sunbelt agrees to provide our company logo to TCPN for use on its vendor website and other marketing communications.

23. Provide the revenue that your organization anticipates each year for the first three (3) years of this agreement.

\$ 15,000,000 in year one*

\$ 17,000,000 in year two*

\$ 19,000,000 in year three*

* Estimate based on past revenue

Administration

24. Describe your company's implementation and success with existing cooperative purchasing programs, if any, and provide the cooperative's name(s), contact person(s) and contact information as reference(s).

Sunbelt has partnered with TCPN since 2010 to provide Equipment and Tool Rental Services to TCPN members. Since then, Sunbelt has increased member usage of the contract by approximately 60% over the last 5 years. Sunbelt has had a dedicated Sales Manager responsible for TCPN throughout the life of the contract. This person has been responsible for internal and external marketing and training of Sunbelt employees and members. Sunbelt has developed specific TCPN marketing and training materials that have been made available to Sunbelt's sales force. The TCPN dedicated Sales Manager and area sales representatives attend trade shows and conferences related to government procurement to promote the efficiency and cost-savings of the TCPN contract.

25. Describe the capacity of your company to report monthly sales through this agreement.

Sunbelt has provided quarterly sales reports as required under our current contract with TCPN. As new members are added, we capture that rental information and include it in our reports. We have a dedicated Contract Administrator that works with our TCPN Sales Manager to ensure that the reports are accurate and promptly submitted. Sunbelt will be able to work with TCPN to further develop reports that meet TCPN needs and will be able to deliver these reports monthly.

26. Describe the capacity of your company to provide management reports, i.e. consolidated billing by location, time and attendance reports, etc. for each eligible agency.

Sunbelt provides a web-portal that enables end users to place orders, extend rental, call off rentals and pay invoices. Our Web Portal can provide invoicing and transactional history reporting on an ad hoc basis. It has contains KPI reporting and other service level reporting.

Reports can be set up to send on a regularly scheduled day and time and/or can pull the reports as needed. More detail and examples can be provided to any TCPN member upon request.

27. Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for your company and Participating Public Agencies.

Sunbelt would like to setup a TCPN specific landing page that will allow members easy access to Sunbelt's contract information, including pricing, and account setup. If possible, Sunbelt would recommend allowing TCPN members to access Sunbelt's landing page via the TCPN website. Sunbelt has also developed a customer web portal available on www.sunbeltrentals.com and a mobile application called "Access Sunbelt" that allows TCPN members easy access to account information, rental history, invoice history and the ability to request equipment or call equipment off rent. This saves members time and allows for efficient and hassle-free rental account management.

Green Initiatives

We are committed to helping to build a cleaner future! As our business grows, we want to make sure we minimize our impact on the Earth's climate. So we are taking every step we can to implement innovative and responsible environmental practices throughout Region 4 ESC to reduce our carbon footprint, reduce waste, promote energy conservation, ensure efficient computing, and much more. We would like vendors to partner with us in this enterprise. To that effort, we ask respondents to provide their companies environmental policy and/or green initiative.

28 Please provide your company's environmental policy and/or green initiative.

Sunbelt understands that we have social and business responsibilities as a global citizen to enhance and protect the communities we are a part of. We embrace the "think globally, act locally" approach to environmental management and incorporate it into our business model. As such we are committed to take reasonable actions to minimize adverse environmental impacts resulting from our business activities. Our operating philosophy includes a commitment to achieve this by:

- Continually evaluating our environmental practices and procedures and implementing process improvement to comply with applicable regulations and protect our employees, customers and communities;
- Providing employees with training to raise awareness of environmental-related issues and procedures, and to provide them the tools required to minimize adverse environmental impact;
- Investing in the regular renewal of our rental and delivery fleets to incorporate the latest environmental equipment available from our chosen manufacturers and to ensure our vehicles and equipment are equipped with the latest emissions components;
- Maintaining our equipment and vehicles to achieve optimal fuel efficiency; and
- Investing in our network of profit centers to ensure they are adequately equipped to operate in a manner minimizing adverse environmental impact.

Vendor Certifications (if applicable)

29. Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing respondent to perform the covered services including, but not limited to licenses, registrations or certifications. M/WBE, HUB, DVBE, small and disadvantaged business certifications and other diverse business certifications, as well as manufacturer certifications for sales and service must be included if applicable.

Sunbelt continually monitors our federal, state and local registrations, certifications and business license to ensure compliance with all jurisdictions. Sunbelt is a large corporation and does not have any DBE, diverse or small business certifications. We maintain a list of all current licenses and registrations for all of our 500+ branches across 45 states, any of which are available upon request by TCPN or any TCPN member. We can provide any of these licenses and registrations at any time; however, due to the volume of these files, they are not included in this package.

PEST-HEAT

A Safe & Chemical Free Heat Alternative™

Eliminate pests completely, the environmentally-safe way

Chemical pesticides, such as methyl bromide and other toxic fumigants are potentially harmful to people, pets, and our environment. Worse yet, chemical pesticides are losing their effectiveness as pests, including bedbugs, are building up resistance to the most commonly used treatments. But there is a better, safer, more effective way to eliminate pests completely.

WHY CHOOSE HEAT?

Instead of harmful chemicals, the Pest-Heat system uses heat to eradicate pests. Since the early 1900's, heat has been used as an effective strategy to kill all life stages of insects from eggs to adults. Heat penetrates into areas where chemicals and fumigants can't reach. It does a more thorough job, eliminating all the pests and killing all the eggs, preventing future infestations.

The Pest-Heat system is a safe, highly effective, tested and proven way to get rid of pests... without the use of chemicals.

How does the Pest-Heat system work?

The Pest-Heat treatment process delivers controlled, evenly distributed heat throughout a structure for several hours with high volumes of air movement while temperatures are being recorded and monitored. During a typical heat treatment process, internal temperatures are slowly raised in the space to a target temperature of 120°F to 140°F and then held for several hours. Achieving this temperature in the cracks, crevices, and hard to reach places is necessary for the heat to effectively penetrate and kill the entire life cycle of bedbugs, from eggs to adults. Temperatures are then monitored and recorded remotely from numerous temperature sensors placed strategically throughout the room. This safe, non-chemical, environmentally-friendly approach is the most efficient heat treatment method for insect eradication without harming the environment.

The Pest-Heat process relies on three key ingredients to ensure a successful heat treatment:

- 1 HEAT:** Our custom-designed, portable electric or propane forced-air heaters deliver high volumes of heat. The heaters are placed within the targeted area, introducing and re-circulating heated air for maximum efficiency.
- 2 AIRFLOW:** High temperature, high CFM, variable speed, low amp draw, portable fans are utilized to distribute the heated air evenly throughout the space and target high infestation zones.
- 3 MONITORING:** Probes and sensors are used to track the heating progress and to ensure proper heat penetration in all places where bugs can take refuge. The system makes certain that heat penetrates behind cracks and into crevices, ensuring that pest eradication is a complete success.

Equipment packages

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (www.nj.gov/dca/lgs/lfnslfnmenu.shtml).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at www.nj.gov/dca/lgs/p2p. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used "as-is", subject to edits as described herein.
 - e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

NOTE: This section does not apply to Board of Education contracts.

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."
